That Gagetown Street Riot.

To EDITOR QUEENS COUNTY GAZETTE.

As there has been a great deal of talk during the past three or four weeks about "That Gagetown Street Riot," I think, that in justice to the "Temporary Residents" of Gagetown, it would be well for outsiders to have a more definite explanation of the matter than has hitherto been published.

In the first place, I express the general opinion of the people of Gagetown, when I say that the local signed "W" was entirely uncalled for, the "Riot," so-called, being a snowball and wrestling match, in which some of the young men of Gagetown took as prominent a part as the "temporary residents," and, in which, at the very most, the boys may have been a little boisterous. There was nothing in their actions, however, that could in any manner be termed riotous. It is my opinion that, Gagetown being unusually dull at present, "W" merely "started the ball a-rolling," to make a little excitement. Most assuredly, he had no just cause for complaint.

The letter in your last issue, signed "Gagetown Boys' Friend," in reference to the "Riot," is the most amusing article that has appeared in print in some time. What the writer meant by it, or what purpose he intended it for, is known only to himself. Why, if he is, as he signs himself, "Gagetown Boys' Friend" does he assail "X. Y. Z." who wrote in defence of the Gagetown boys, with the remarks "it takes a truthful man to judge, and therefore I don't think X. Y. Z. is of much authority"?

He thinks "the brain of the writer of the 28th must be deranged." Now, Mr. Editor, it is the general opinion that it is the brain of the writer of April 4th, who signs himself "Gagetown Boys' Friend," that is deranged. He says "misery likes company," and "where there is little given, there is little required." I agree with him in both instances—especially the latter—when applied to himself, it being always a favorite quotation in any conversation in which his name is mentioned. I would advise him to borrow a copy of Burns' poems, where-in he will find a couple of lines, reading something like this:—

"Oh, the gift, the gift to gie' us To see ourselves as others see us."

Gagetown, like all other places has its "tough element," but, that term can in no way be applied to its "temporary residents," who, since coming among us, have on all occasions conducted themselves in a thoroughly gentlemanly manner, being kind and courteous to everybody. They have made many friends in our town who will be sorry when the time comes that they must leave. The "tough element," as I said before, belongs to Gagetown. Was it the "temporary residents" who, not so very long ago, tore down fences, cut halyards, stretched wires across roads, and, under cover of night, committed like depredations? Oh, no! It was Gagetown's own "tough element," and on one evening in particular last week the noise and disturbance was so great near the postoffice that it was venturesome to attempt to enter the office—and mark you, Mr. Editor, our "temporary residents," owing to the schools being closed, were absent all last week.

I do not mean to say that Gagetown's young men are all of this class. Far from it! As a rule our young men are quiet and gentlemanly, and know how to conduct themselves properly; but as you know, sir, there are exceptions to all rules. Therefore why try to claim that outsiders are the cause of noise and trouble, when we know that such statements are utterly false.

In conclusion, Mr. Editor, let us hope to hear less of the slights that have lately been cast upon our "temporary residents," by the class to which "Gagetown Boys' Friend" belongs, viz.: the "tough element." I would also ask the young gentlemen in question to remember, should they be inclined to feel hurt over the unfriendly utterances of "Gagetown Boys' Friend," that "Where ignorance is bliss, 'tis folly to be wise,"

and to attribute to this cause his uncalled for remarks. I would also advise them to treat any future comments of his with the contempt they merit—silence. Thanking you, Mr. Editor, for space, I am,

Yours, etc.,

Piles for 15 Years.

Mr. Jas. Bowler, Counsellor, Embro, Ont., writes: "For over 15 years I suffered the misery of bleeding, protruding piles. The many remedies I tried all failed. I was advised to use Dr. Chase's Ointment, and never say that the first application gave relief, after the third day the bleeding stopped and two boxes cured me completely."

Lake Simcoe, Kent Co.

April 5.—Spring is making a marked effect in various ways; the snow in the fields is beginning to disappear and the sleighing which has been so very good lately, is fast becoming a thing of the past.

Mr. and Mrs. R. D. Richardson passed through here on their way home, having been visiting relatives and friends at Harcourt.

Mr. Robert Fulton is getting the wood for the school, which opened on the 2nd

inst. with a fairly good attendance.

Messrs. H. and B. Langin, who have been visiting friends at Harcourt, returned on Monday.

The Misses Leulia and Mabel Smith are spending a few days vacation at Lake Stream this week.

Edward Fearon, who has been suffering for some time with chronic bronchitis, is in a very precarious condition. There is little hope of his recovery. Dr. H. B. Hay has been attending him.

The friends of Mr. Alexander McDevitt will be pleased to learn that his health is greatly improved under the efficient treatment of Dr. H. B. Hay.

Mr. Thomas Owens whose life was almost despaired of, has been under the treatment of Dr. M. F. Keith, of Harcourt, and is now in a fair way of recovery.

Mrs. Donald McLeod of Little Forks has been quite ill.

Mr. Joseph Wray has been visited the past week by relatives from Red Bank, Mr. Victor Parkhill and the Misses Parkhill.

Mr. P. McDevitt has been busy engaging help for his coming drive on the Fulton Brook.

Mouth of Jemseg.

April 10.—The storm of last Saturday and Sunday was very rough and cold for time of year. About eighteen inches of snow fell and has made the sleighing very good in many places, but not quite enough for Jerry who wants easy traveling so as not to increase his appetite thus causing his driver to sin not.

The many readers of the GAZETTE, were very much startled to hear of Mrs. Titus' sympathies extending as far as Deer Island. The writer of those notes dated April 2nd, could not have been evenly balanced in the head, but on account of jealousy caused by that gentleman from Deer Island, made the mistake of writing Mrs. instead of Miss.

The interest taken in the erection of the cheese factory is strongly increasing, and we hope to see the large wooden structure under way by the first of May next. The writer from the opposite side of the river who signs himself R. F., mentioned a plan which if carried out would be quite complete. We hope this plan will be put into effect as it would make our factory one of the largest in the province.

Mr. Robert Bates has not been very well during the past two weeks.

Johnny Murphy has been doing the county, purchasing beef cattle to be shipped first boats.

No service Sunday in any of the churches the day being very rough.

Oromocto.

April 9.—One of the most honored and respected citizens of this place; Mr. George L. Brown, died on Wednesday night last and was buried on Saturday afternoon by the Rev. Mr. Dibble in the Episcopal burial ground. A very large congregation present. The deceased was 76 years of age.

The many friends of Mr. D. L. Mitchell, the popular and successful teacher of the Grammar School at Gagetown, were delighted to see him visiting at his old home at Lincoln, but felt very sorry that he had to return through such a severe storm and deep snow with wheels, they learned, however, that he left his carriage at Shirley and secured a sleigh. He will be able to get the carriage down in June. Mr. Mitchell has one of the best horses in Queens or Sunbury County.

Messrs. Harry Miles and M. Glazier left this morning for Swan Creek on a business trip.

Mr. William Armstrong has been very ill for some time, but through the skill and attention of Dr. Peake he is now convalescent.

Mr. William Ward has been very ill for a week or more with grip.

There is quite an amount of sickness prevailing in this parish. Dr. Peake is kept quite busy day and night.

EASTER LYRIC.

Written for the QUEENS COUNTY GAZETTE.

Gabriel came out of Heaven's gate With thousand ten thousand bands. Straight to that rocky tomb they came Where Roman soldiers stand.

They had paced before the tomb With hearts that knew not fear, Full of the zeal and courage To every soldier so dear.

What sounds are those?—they halt—"Tis music on the morning air, Soft, low and sweet like angels' touch, Or like an infant's prayer.

They start, for there before the tomb, With his hand upon the seal, Stood a tall, majestic Form, To their amazed eyes revealed.

His eyes were like the lightning flash, His raiment white as snow, And o'er the tomb in glorious form Was God's covenant—The Bow.

Fear seized the keepers in its grasp, They stagger and they reel, And fall like dead men on the ground, Or soldiers on the battlefield.

Gabriel rolled away the stone With his angelic hand, Out came our loving Lord to meet His glorious heavenly band.

Thousand ten thousand harps Burst forth in welcoming strains; Oh, Death! where is thy victory now? Thy power is forever slain!

MADE NEW KIDNEYS

In Place of Those Destroyed by Twenty-five Years of Kidney Disease.

A Wonderful Cure in New Brunswick by Dodd's Kidney Pills—He Had Submitted to Surgical Operations without Getting Relief Cured by Dodd's Kidney Pills.

KARS, N. B., April 9.—It is safe to say that never before have the people of this district been so thoroughly and intensely interested in a question of health and disease as they are to-day. This state of affairs was brought about by the publication of the wonderful recovery of Commissioner G. J. Worden, of the Wickham Civil Courts, through the use of that grand medicine, Dodd's Kidney Pills.

There is no exaggeration in saying that Mr. Worden's case is the most remarkable that has ever been heard of here. He was well up in years—aged seventy—and his system was torn and tormented by Kidney Disease. Several doctors attended him, and performed a number of surgical operations on him, hoping thus to relieve him. They failed.

Mr. Worden was very ill. Kidney Disease had tortured him for a quarter of a century. All efforts to cure, or relieve were useless. He lost hope. Was there any wonder?

But there was hope. Dodd's Kidney Pills were brought into the case. They lost no time—they went to work at once. The exhausted and decayed Kidneys were rebuilt; the process of purifying the blood, throwing off poisonous matter, was recommenced, after it had been interrupted for so long. Health returned, pain, and misery, and disease took flight.

To-day Mr. Worden is hale and well, better in health than he has been for years. Resened when death held him in its grip! This is a sample of the work Dodd's Kidney Pills are doing here. They never have failed to cure Bright's Disease, Diabetes, Dropsy, Female Weakness, or any other kidney complaint.

Given Up to Die...by Two Doctors

The Third Doctor Used Dr. Chase's Nerve Food and Saved the Young Lady's Life.

Dr. J. W. Bates, of Corfu, N.Y., states: "A most remarkable case has come under my hands of late and has fully convinced me of the wonderful power of Dr. Chase's Nerve Food over diseases of the nerves."

"A young lady who was treated for over two years for epilepsy by two doctors was given up to die. She came to me, and on careful examination, I found that her sickness was not epilepsy, but nervous trouble due to menstrual derangements, and prescribed four of Dr. Chase's Nerve Food Pills a day, after meals and at bedtime. It is three months since she began this treatment and she has not had a single bad spell. Her health has rapidly improved, she has gained about fifteen pounds in weight, and I do not hesitate to state that Dr. Chase's Nerve Food has saved her life and made her well."

"Signed, J. W. BATES, M.D."

Dr. Chase's Nerve Food is the world's greatest restorative for pale, weak, nervous men, women and children. 50c a box, at all dealers, or Dr. A. W. Chase Medicine Co., Toronto. Book on Nervous Disease free.

Its revitalizing action on nerves and blood places it beyond the reach of rivals as an absolute cure for diseases of the nerves and blood. 50 cents a box.
