-FOR THE

The above named Mills are fitted up with the latest improved Machinery for the manufacture of

Tweeds, Homespun, Blankets, Flannels, Yarns, Etc WE ARE ALSO PREPARED TO DO

Custom Carding by the Latest Improvad Method

of Willis' Patent Continuous Roll Card, which is a great improvement over the old way of Custom Carding being instead of a short roll a continuous roll of two or three hundred yards. The staple of the wool by the new process is taken lengthwise which makes the yarn spun evener and stronger than the old way, which makes a saving in time and labor. It has been tried and tested by some of the best spinners in St. John and Kings Co. and has been pronounced by them

THE MOST PERFECT ROLL MADE.

We are now in a position to handle any amount of WOOL that may be sent to us. We will give in exchange for wool, not only the products of the Mills, but anything in our store in General Dry Goods, Gentlemen's Furnishings and House Furnishings at the Regular Cash Prices.

We Have But One Price On Our Goods. CUSTOM CARDING AND WEAVING A SPECIALTY.

We can assure our Customers and the Farmers in general that they will achieve the best results by sending their wool to us.

Spicy News Items Gathered by Gazette Correspondents

Cumberland Point.

The snow storm of Sunday, 18th inst., was the worst witnessed here during the winter; but the roads are now broken out again, and in fine condition for sleigh driving.

Mr. Bartlett McLean of this place, who has been spending a few weeks at his home is expected to leave for St. John in a short time. His departure will be eeply regretted for we are always glad to see his smiling countenance among us. He is a very enterprising young man and will be greatly missed, especially by the young people here.

Miss Jessie Elsworth, one of our popular young ladies, is spending the winter in St. John.

Miss Cynthia Barton of The Range. who has charge of the school here, is much liked by pupils and parents.

Mr. Jas. Coombs who has the contract for getting wood for the school house deserves much praise for the manner in which his work is being done. "Jimmie" is a very jocular young man and lis mainly instrumental in making amusement

for the young people of this community. Mr. Alphonso McLean who has been in the woods, for the past few months, has returned home. His many friends were glad to see him again, and he received a hearty welcome.

Messrs. D. H. and W. S. Reece are doing a rushing business getting cordwood for the Rockland market. We all join in wishing them every success in their noble enterprise.

The people of this place have now awakened to the realization of the fact that they were laboring under great disadvantages when without a J. P. Since the appointment of the magistrate in this place it has been found to be much more convenient for the teachers to make affadavit to their returns, and also to persons of other trades to take oath concerning business which they transacted with friends some months previous. When it is inconvenient for anyone to go to the Squire's home, to swear, he is so accomodating that he will go to their home, and in this way he has been found to be very helpful.

ONE WHO KNOWS.

Feb. 28.—The weather for the past

although very icy, are in good condition. Mr David Phillips who has been sick for a long time is slowly recovering.

Messrs. Willard Caldwell and D. H. Reece are hauling cordwood for the Rockland market.

Mr. D. W. Herrington, our new mail carrier is on time every day and is much liked by the people.

Cook's Sure Cough Cure.

"Yes," said Mrs. John McKeen who keeps a general store at Kingarth, Y. Co., "we sell more of Cook's Sure Cough Cure then all our other Cough balsams combined: in fact we can only sell it, after a person once purchases a bottle. It has lief to a cough or cold where nothing else will." This old English Remedy is sold by all dealers at 25c. per bottle. Large

TO EDITOR QUEENS COUNTY GAZETTE:

Dear Mr. Editor: I am a small boy and this is the first time I ever attempted to write a piece for publication-would you kindly insect it in the columns of your valuable paper.

We have had good travelling all winter unti! the recent snowstorm and high wind completely blacked the roads; but, thanks to our commissioner who turned out with teams and men, there is fine going and the roads are good.

I go to school. I have not missed one day this year. There are a good many boys and girls go to our school, and we have a jolly good time. I like the girls and I like the teacher because she is a girl, and don't beat us. Teacher says she never had as good as average at any school. She has about 95 per cent.

We have quite a number of bachelors in our se tlement. I don't like bachelors. I never intend to be a bachelor. There is one genteel old bachelor living here and he cannot get along with the girls, and the g 'ls don't like him. No wonder! It is said of him that he prefers the private compa, y of gentlemen to that of the ladies. We have a lot of old maids here, too. I don't se them either. They are cross and don't like the boys. The old maids of this settlement had a party the T. P. Hetherington intends to leave for other evening. I do not know much about this part as I was not there. do not care much about old maid parties ant trip and success in his mission. for they say they have no candy at them -not even a pres round. (I like candy.) for a few months left this week for St. a holiday in honor of the event of the re-They played a w silly games such as John. "Jenkins Up," "Tiddley Wink," and

their own minds, "this cannot be beat." Miss Maggie Fraser invited all the young girls to a hooking party. The young men came in the evening.

had a fine tea and didn't we enjoy ourselves. They played all kinds of nice plays. Miss Ethel Darrab, assisted by Miss Myrtle Rankin rendered some choice selections on the organ, that were very enjoyed by the guests. Then we had a nice treat of cake, candy and raisins. (That's what I like.) The company dispersed after spending a most pleasant time. Here is where the joke comes in. Two young lads thought they would like to go home with the girls for the first got the name in this locality of giving re- time. The girls started for home-the lads followed after at a respectable distance until they saw them home. Then they quickly started for home saying piers of the new bridge they are building "didn't we do well?" When about half way home they saw coming toward them the gigantic form of a man. He appeared to them to be about seven or eight feet high, dressed with an old coat and a slough hat and bent down with the weight of a large sack he carried. He asked them where he could stay all night and they tremblingly said in the next house. He made a spring for them, saying "You are liars, you young urchins." They day. scampered homeward at a lightning speed, but Charley out ran Ed., and left him far behind. When they reached the house they succumbed, crying "the tramp! the tramp!" and they vowed they would never more try to go home with the girls again.

Was Mr. James Fraser, of Pictou, in Spite of All Medicines.

Until He Began to Use Dodd's Kidney Pills-Then Kidney Disease Vanished-New Life Was Given Him-Read His Story.

Pictou, N. S., March 5. - A well known philanthropist; reading last week of the remarkable cure of Mr. James Fraser of Kidney disease by Dodd's Kidney Pills, called on that gentleman to ascertain whether or not the report was correct.

"Yes," said Mr. Fraser to him, "Dodd's Kidney Pills put me on my feef from a bed of agony, gave me health, strength and vigor. Though I am sixty-Miss Lucy Belyea, of Central Cam- five, I feet better and stronger than I have ney Pills did it ali. I tried a core of Owing to the heavy snow storm the remedies before I began to use Dodd's Kidney Pills. They did me no good. ing no other medicine, nor have I taken any other since."

"You really have an honest faith in Dodd's Kidney Pills, then?"

"I have, indeed. I am proud to testify as a man, as an honest man, to the wonderful power of that remedy.

"I was a very sick man. Every remedy I had tried had failed me. My limbs and body were bloodless, and almost lifeless. The end of my life seemed very

near. I passed clots of blood regularly. "But no sooner had I begun to use Dodd's Kidney Pills than I could feel the blood running through my system, new life and strength growing. The terrible palpitation of the heart stopped, the blood clots ceased coming, and I knew I was being cured. I could talk for a year and not say enough for Dodd's Kidney

To the Teachers of Queens Co.

At the annual meeting of the Hampstead Woman's Christian Temperance Union, the following resolutions were uuanimously adopted:

Whereas, The teachers of the public schools of the County of Queens have given much assistance, during the past year, in the matter of securing Temperance and Narcotic pledges from the pupils of their schools -each pledge rolls having been sent out by the Hampstead W. C. T. U .- therefore.

Resolved, That we hereby express our sincere thanks to the teachers of our county who so readily responded in this work and assure them of our appreciation of the many kind words of encouragement received from them-further Resolved. That we extend our thanks

to Inspecters Bridges and Steeves who so kindly gave us the names of the teachers and the addresses of their respective

Ordered t at a copy of these resolutions be forwarded to the QUEEN's COPNER GAZETTE.

To those who are interested in this work the secretary reports 840 temperance and 725 narcotic pledges received with still a small number of schools to hear from, and would ask all teachers who have not responded to do so as soon as possible, also if there are any schools in the county that have not received the Dr. Palmer, who has been taking a pledge rolls they will kindly drop a card to the Secretary, Central Hampstead, who will be pleased to supply any school.

> A. SLIPP, Cor Secretary, Hampstead. Oromocto.

Feb. 28.-A fearful storm of wind and rain raged here on Sabbath last from ten in the morning until nearly four in the alternoon. A window, four feet square, in the cupola on the fine dwelling of Mr. Harry Myles, of this village, was blown in and thoroughly demolished.

Notwithstanding the severe storm (on Sunday) the Rev. I. N. Parker was here on time and met his congregation, and preached from the text in Rev. 7-14. The many friends of Mr. Samuel Crawford will regret to learn that he has

suffered much this winter with asthma. Mrs. William Thompson, who has been seriously ill for several weeks, we are pleased to learn, is improving under the skilful treatment of Dr. Peake.

A Skin Beautifier

Of Inestimable Value, which Positively Cures Pimples, Blackheads, Eczema and every form of Skin Disease, is Dr. Chase's Ointment.

As great as may be the difference of opinion as to the various types of beauty, no one can see beauty in a face that is disfigured by pimples and blackheads or scarred by traces of eczema or other skin

The low-neck society dress frequently reveals shoulders and back covered with imples or other skin eruptions repulsive to the sight. Why are women contrat to use powders and harmful preparations to cover up such blemishes when they could as well cure them and make the skin clear, healthy and natural by using a preparation so well

known as Dr. Chase's Ointment. Eczema, or Salt Rheum, may be taken as the most severe form of skin diseases which mar beauty and cause terrible itching and burning sensations. That Dr. Chase's Dintment has cured the worst cases of eczema on record is well known.

No preparation is of such inestimable value in a woman's toilet, for besides curing the pimples that are usually troublesome at regular intervals, it gives instant relief to the itching to which women are subject, and

absolutely cures piles. 6oc. a box at all dealers, or EDMANSON, BATES & Co., Toronto.
