ple Z. has set me, and content myself by smiling in silence at their bombastic nonsense; nor of your oldest subscribers, of the high estimation in which you are held by a large portion of this community, not only in your public capaci-ty as Editor of a newspaper, but as a conscientious and honest man, and a useful member of

Fredericton, Jany. 31, 1840.

#### THE SENTINEL. SATURDAY, FEBRUARY, 1, 1840.

OPENING SPEECH.

The Speech of the Lieut. Governor, at the osums taken from the public chest during the English, and that can never be the case, while undoubtedly have its effects upon their legisla-

ceased to exercise jurisdiction and controul.

His Excellency refers in terms that cannot elsewhere, is essential to success, is generally his countrymen or who appreciate his worth. speaking, unknown or disregarded.

There is also an allusion to an English Com-There is also an allusion to an English Company, which is desirous of introducing an extract has reference to the tensive immigration into this Province, from the mother country. We rejoice to perceive this subject is attracting the attention it acrits, and which has been strangely neglected by the Legislature of this and the neighbouring province of Nova Scotia. In New Brunswick in particular, there is abundance of excellent in particular, there is abundance of excellent in particular, there is a bease also of 8000 in Sterling, will be received by Assistant the borders of Lake George amples for their comfort, while in his Establishment.

The following extract has reference to the instruction of the above subject to the notice of Congress. It amounts to very little; and nothing seems to have been done. It appears however that the management of the appears to be left to the General Government; ordinary Stream, with a solicitude for their comfort, while in his Establishment.

The following extract has reference to the insolicit to the notice of Congress. It amounts to very little; and nothing seems to have been done. It appears however that the management of the above subject to the no-tice of Colock on Tuesday tha 11th February, for supplying the ordinary the stream of the province, from the insolicit of the above cause to complain of any relaxation of the solicition of the above cause to comfort, while in his solicitude for their comfort, anation of the above cause to complain the bis solicitude for their fording every facility for the conveying produce to market; and we do not hesitate to assert, that there is scarcely a spot, where an industrious this moment in the occupancy of British troops.

As to effecting the settlement of a country by doubts. Where parties have been assisted either in this way, or by Government, as in the Resolved, That the President be requested to case of discharged soldiers, they have not succeeded as well as those who, left to their own i anade " the desert around them to blossom as the rese."

We refer our readers to the document that has called forth these remarks, which we repeat is one of very great interest; and is another proof of His Excellency's desire, to make himself acquainted with the wants and capabilities of the Province, and to contribute to its permanent peace and prosperity.

the Assembly, in the debate on His Excellency's Speech; and it was described by Mr. L. A. Wilmot, as being composed of individuals who do not expect to derive advantage to themselves from its proceedings, but rather to provide a comfortable settlement for their tenantry and other persons, in whose welfare they feel an interest. The hon, and learned gentleman referred in a very energetic manner, to the improved condition and agricultural advantages of the Province, the high price of labour, and the excellent state of the public roads; all of which hold out great inducements to emigrants and others to settle in the country. The entire de-

bate will appear in our next.

LEGISLATIVE PROCEEDINGS. The Assembly as will be seen, assembled on C. Poulett Thomson. Tuesday last; the remainder of that day and the following, was occupied in appointing various committees, and preparing an addrest in anomalications received from Her Majesty's Prinon Tuesday, "that no petition be received or bill brought in after the twentieth day of February next, except by special leave of the Majesty's commands to administer the Government of these Provinces in accordance with the

the cost incurred in the trial and execution of certain murderers, during the last summer, amounting to £167 4s. 10d. The petition was ordered to lie upon the table, and will probably which Her Majesty's Government desires that the term of the petition was of Her Majesty's Government desires that the summer. be referred to a committee, who will consider the Administration of these Provinces should be ate payment. the subject as it affects the other counties of the conducted; and it will be the earnest and anx-

property with the ordnance department, was on With these principles Thursday read a first time in the House of As-

in such a ridiculous light, and hold you up to universal derision; what must you not have suffered, had you been opposed to poignant wit, animated invective, and an attractive and fascinating style. It is only with such humble aspirants as Z. Pilgarlic, and myself, that you would have stood your ground for a moment, and if Pilgarlic (who perhaps may be the same person as Z.) has not given you enough to silence you for ever, I am much mistaken. Has he not clearly proved you deficient in the first rudiments of that language, of which you profess yourself a master.

The truth Mr. Ward is, that Barney and his The truth Mr. Ward is, that Barney and his coadjutors Woodstocker, and Din Ghaan, have not an inch of ground to stand on; had they sense, or taste, they would at once hide their diminished heads, before they get too deep into the mire to extricate themselves with any degree of decency.

It is likely that I may follow the good examble of the sense of the same; therefore resolved, Inat a committee be appointed to take into consideration the tee be appointed to take into consideration the said petitions, as well as such others as may be presented at the present session, of the like nature, and investigate the same and report therefore resolved, Inat a committee to example the same; therefore resolved, Inat a committee Quebec papers, some days ago of the chief justice having been sent for by the Governor General.—New York Albion.

Mr. Thomas Watson while riding from Pennfield to Beaver Harbour in Charlotte county, was thrown from his horse, and so severely injured, that he expired in a few

The practice, which is common in that part of the "Kaughphy." without putting in any letters that belong to the word." The joke is an old one—tice, which is common in that part of the tice, which is common in that part of the country, of singing detached portions of hymns, while the congregation is arriving, has a pleasing and solemn effect; which, as well as the cultivation of a taste for music, might well be adopted elsewhere.

The first number of a new weekly Paper, to be entitled "The New Brunswick Literary Journal, will appear to-day. It will be issued from the Herald office. might well be adopted elsewhere.

We observe an article in the Quebec Gazette, with reference to the proposal of the assembly of Upper Canada, that the English language shall be used in the judicial and legislative repening of the present session of the Legislature, is one not only of great length, but of much interest. The picture drawn of the financial affairs of the Province, notwithstanding the large Lower Canada must be rendered thoroughly year, consequent upon the American inroad of the French language is spoken in the courts and last winter, is highly gratifying; and strongly contrasts with the dilapidated condition of the
State of Maine, whose citizens are threatened
with that most odious of all imposts—a poll tax;

Canada, are similar to that portion of it in this -the result of their late invasion of a neigh- province and Nova Scotia; and there is just as bouring Province. A circumstance which will much probability of their becoming other than what they are, in the range of intelligent beings, tive proceedings of the present session.

Indeed, it will be seen that matters are pretundergo a change. Let them have every right
