

Special Notice.

The TEMPERANCE JOURNAL is devoted to the Principle of Temperance and is designed as a family newspaper. It is issued on Saturday morning of each week.

The articles are specially selected and are such as to recommend the Paper to all.

Deputies of all temperance organizations are Authorized Agents.

SUBSCRIPTION RATES:

One Copy, one year, \$1.00
 " six months, .60
 " three months, .30

Subscriptions must invariably be paid in advance. Postage stamps will be taken when more convenient to the party remitting.

SPECIAL RATES FOR DIVISIONS.

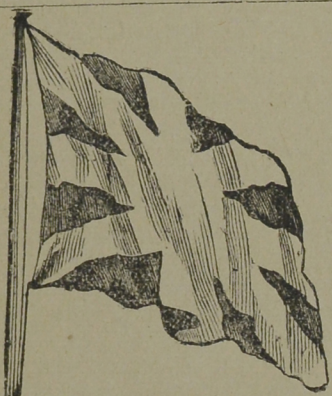

While the subscription rate for the JOURNAL is \$1.00 per year, where two will send their subscriptions together we will send a paper to their separate addresses for 80 cents each. Clubs of 5 will be sent the paper for 70 cents each—or where a division orders 5 copies, at the same rate—70 cents. Divisions ordering 10 copies, at the rate of 60 cents per year.

As a Son of Temperance, and no doubt anxious to promulgate the principles of our order, will you not kindly bring the matter of the JOURNAL, and this method of distributing temperance literature, before your division. Every subscription helps us make the paper better, and more useful as a temperance medium. The divisions are as a general thing not particularly burdened with funds, but almost any division could subscribe for 10 copies, or at least 5 copies, or surely ONE copy, and every one helps.

ADVERTISING RATES:

A limited number of advertisements will be taken at the rate of 1 cent per line, minimum measure, five cents for each subsequent insertion. Special rates given for yearly advertisements.

Temperance Journal.

SATURDAY, OCTOBER 19, 1889.

All subscriptions must be invariably paid in advance. If the JOURNAL is worth reading it is worth paying for.

Brick Pomroy put it this way, "It is not a help or kindness to a man to trust him to a newspaper any more than to give him credit for the liquor he calls for."

ON Monday the 7th inst. the Prohibitory Amendment was defeated in Connecticut.

WE ARE pleased to receive the visits weekly or such a bright exchange as the California Prohibitionist. It is a newsy temperance paper.

AS WE wish to publish a full report of the Annual Session of N. B. we will merely give a synopsis of the work done, in our next issue, such as the officers, and any special resolutions. In the following issue we will give the proceedings in full as supplied by the Grand Scribe.

Grand Scribes are expected to forward a short report, or long, as they may have the time, to the JOURNAL for publication. We trust the reports will be sent in promptly so that the order will know how the work is getting along all over the jurisdiction.

ON WEDNESDAY next 23rd inst., the Annual Session of N. B. will meet at St. Stephen, as has been repeatedly announced in our columns during the last month or more. The editor of the JOURNAL expects to be present (D. V.) and would remark that the occasion will be one on which it will rejoice his heart to take any renewals that may have fallen due, or to take names for new subscriptions. Persons having subscriptions due should make a point of forwarding amount by the representative of their Division attending the session.

Other Grand Divisions will be meeting about the same time, and subscribers will remember that all Grand Scribes are our authorized agents.

THE EDITOR of the JOURNAL has been away from the city for the last two days, visiting Southampton,

and assisting in the opening of the new Temperance Hall, which Golden Grove Division will occupy in future. A full account of the opening and the programme will appear in our next issue.

A Difference.

There are some temperance workers who take occasion every now and then to remark that it does not make any difference what temperance society you belong to, or what society you introduce into a neighborhood, so long as you give your time and thought to the society. Generally these are the people who wish to have all the different temperance societies amalgamated.

There is a great fallacy in both arguments; but specially to refer to the first. It does make a great difference what organization you connect yourself with, and put your energies into. A farmer knows there are some farms he could work on all his life and yet receive little or no returns for his labor from them.

There are many kinds of mechanical work that do not yield more than a mere living to those engaged in them, and there are societies that local branches exist by the very enthusiasm of some of their members, but the membership of which, do not receive the great good that pertains to a large and aggressive organization such as the Sons of Temperance.

An exchange referring to the matter states it very truly thus:

It makes a difference to the farmer who is cutting down the golden grain to-day, whether he does it with an old fashioned cradle or good harvest er. It makes a difference whether he harvests with a reaper that will cut five acres a day or one that will cut ten. In this practical age a farmer with any work to do, would not long hesitate about stacking his five acre reaper in a fence corner and purchasing a new one that would do double the work.

An organization is a machine to help us in the execution of work and should be valued for the work it will accomplish. Practical men will put their work where it will accomplish the greatest good—helping to work the machine which produces the largest results.

In temperance work many kinds of organizations have been tried, and their effectiveness measured. Long ago, experience proved that local organizations made poor returns for the investment, compared with branches of a broad fraternity or order. Better system and discipline, greater enthusiasm and devotion, stronger cohesiveness and stability, broader views and efforts, wider influence and force, invariably characterize the work of the Order, to say nothing of the direct financial gain of the wider co-operation.

Suspended.

So my brother, you do not go to the Division meeting now! You say you would go, but you have been suspended for non payment of dues. Well! my brother, I regret exceedingly that you allowed yourself to be placed in this position, but you have nothing to blame the Division for or the Order which you say you still have dear to your heart. Your suspension for non-payment of dues, shows that you have not given the Division the attention you should. Possibly you like the honors of membership, but neglect to carry your part of the burden. This is not fair to your Division, your brother member the order you belong to, or yourself. You are finding fault with them, perhaps, but what does your suspension mean? It means that either you have not attended your Division for six months, or, if you have, that you have taken so little interest in your good standing that you paid no dues for 26 weeks. Upon what principle individuals expect somebody else to do all their work, attend to all their business and duties, and also to advance money to keep those in good standing who take no interest, we never could discover. If some Divisions would more promptly suspend than they do it would be a great benefit, not only to the Order but to the members themselves, and bring many back to at least one or two meetings whose faces have not been seen in the Division room for years. As it is our returns are inflated yearly by members who are

really not members, who should be suspended, but who are being carried along year after year. Prompt notification by the Financial Scribe would often result in prompt payment of dues, where now they go by default.

Rising Star Division No. 303 N. B.

DEAR SIR AND BROTHER,—I read your valuable paper and love to hear how other Divisions are moving along in the good work, and I do not think it right to keep hid the work that our Division is doing in a quiet way. We meet every Wednesday without fail and go through with the order of business and after all that is necessary in the working of the Division is done, a member is appointed by the W. P. to go to all the members present and ask each to give something in the way of entertainment, and it must be said that the most of them respond in some way, either a reading, speech recitation or singing, and in this way we keep up the interest in our Division and are educating our members in a way that they will be able to take the position of the leading men and women in society, as soon as that position is made vacant. Our average attendance is about 20 members. Our membership in good standing is 38, and we are respected by those that do not meet with us; a reason for this is that we have had the good fortune during our life as a Division not to have a member to break his pledge. This is very remarkable considering that we have been in existence for some years and have had as members on our books a large number. There is no liquor to be procured within a distance of seven miles of our place of meeting. Our Division is at work to raise money to buy an Organ. The Sisters have quilted an Autograph quilt, which was sold on Tuesday the 8th, the sum realized from it being \$20. A supper was given by the Sisters at the same time. The whole sum now in the hands of the Division for paying for the Organ, which was placed in the Hall by the "Cornwall Company" is about 60 dollars. So you see that in the future we will have some music to entertain us. I may say that the Officers for this quarter are as follows who were all save one installed by our G. D. W. P. on our last night of meeting.

Samuel J. McConnell, W P; Leah Fowler, W A; George Long, R S; Floe Murray, A R S; Howard Freeze, F S; Lizzie Folkins, T; Eliza Murray Chap; Walter Murray, Con; Amanda Freeze, A C; Ellen Knollin, I S; Herbert Smith, O S;

I hope to write you again in a short time about our Division which has a number of improvements on its mind, in the way of entertainment, and if carried out as proposed it will be to the advantage of the Division and for the advance of Temperance.

I remain yours in L. P. and F.

Oct. 14th, 1889.

DEAR SIR:—As it has been quite a while since you heard from Rechab Division, I will write you a few lines about it.

The last quarter has not been one of great prosperity to us. In fact, ever since the Division was organized the third quarter in each year has been our dullest one, owing to the fact that many were away on their vacation, and others being so full of ardor and zeal for the cause, that they did not dare to trust themselves in a close room during the warm evenings for fear they would explode, so they stayed out doors and kept cool. But everything looks now like a prosperous season's work.

At our last meeting in Sept it was voted to hold a public installation. Notice was given out, and our hall was well filled with members and visitors as our Deputy, W. L. Hunt proceeded to install the following officers:—Harry Elkins, W P; Cora Abbott, W A; Lennie Holsten, R S; Grace Cobb, A R S; Fred. Stevens, F S; W S Crowley, T; C M Bancroft Chap; E J Bragdon, Con; Mrs. Fred Stevens, A Con; Jennie Smith, I S; I N Blackwood, O S; E L Brown, P W P.

Installation was followed by readings, songs and speeches by the members, which closed the exercises of the evening.

October 9th we received a visit from nineteen members of Mystic Division, West Gray, also from some members of Pine Tree Division No. 1, Windham.

We enjoyed their visit much and were glad to hear that they were doing so well, and we hope to meet again with them soon.

Quite a number of our members intend to be at the session of the Grand Division, at Waterville, the last of this month, and we hope to meet with members from every Division in the State.

Yours in L P and F
