OUR SERMON.

Each issue of our paper contains one of the late sermons preached by Rev. A. J. Mowatt of this city. After you have read your paper, perhaps you could give it to someone who is not able to attend church and who would appreciate the sermon.

AN URGENT APPEAL.

Every Son of Temperance wherever he may be, whether in Prince Edward Island, Manitoba, or California, should be interested in the TEMPERANCE JOURNAL and anxious to have it become more representative.

It is the only paper in America that pretends to reach out to the order in every state and province, and to give the doings of the order as a whole.

In the three years since its establishment the paper has been continually enlarged and improved, the loss falling in every case on the publisher.

There are still many improvements it is imperative should be made in the paper, at once, and to do this we must have the assistance of the Grand Divisions, through their Grand Worthy Patriarchs and Grand Scribes, and through the various Propagation Committees and the old members of the order.

There are but few lecturers in the field and they are not available for many localities. They address audiences, principally in the larger places, where the receipts will assist in paying expenses, while the country Divisions receive no benefit and have no way of ascertaining the work going on except by an occasional, and we all know it is an occasional visit from a Grand Officer.

The Grand organizer, or lecturer's duty, is to organize the Divisions, but when he leaves it is imperative that there should be some medium by which the Division may be kept informed and instructed in the work. This can only be done effectually by the weekly visit of a paper devoted to this object.

sample and free copies of the JOURNAL, representing hundreds of dollars loss. The object is a common one, and we think it but right that the old veterans in the battle, those who have its object dear to their hearts, should assist us and help us make the paper what it should be, and lighten the financial loss, otherwise clear necessity will drive us to give up our cherished project of making the JOURNAL, a means in the hands of Providence, of enthusing a new spirit into the hearts of the workers in our order.

The JOURNAL must be printed in smaller type, on better paper, giving more than three times as much temperance news. We are not able to publish now, one third the communications sent us for each issue, owing to the limited space, and number of hands we are restricted to on the paper with the income from the paper. This will increase our expense \$3000 additional per year.

There are hundreds of Divisions struggling along to whom even the donation of a yearly subscription to the JOURNAL would be an acceptable gift. We ask you then to assist us in sending the JOURNAL to poor Divisions and members in your own Grand Division and thus to help us in bearing the loss of publication.

Let us make this a practical question. How many will you send the JOURNAL to this year, beginning at once? We will send you the names of worthy persons or Divisions in your own Grand Division, that would appreciate the gift.

Upon the response to this appeal will depend largely the contemplated improvement.

BRO. W. R. McMillan of Louison Division, gave us a call on Tuesday evening on his way to the Grand Division.

There are men and women who rent property for saloon purposes, and houses for immoral and infamous purposes, who belong to churches, and pay big prices for pews and a nice, big, fat salary to the preacher—is that you? Are they in your church?

It doesn't take as much money to run this paper as it does to run a bar-room, neither are our profits as large as the bar-keepers, but it takes money all the same, and if you want news you ought to pay for it; and if there is any kind of news that you should pay liberally for it is the kind we furnish.

POLITICIANS are those who follow the drift of public opinion and cater to the wishes of the people, vicious or otherwise. Patriots are those who go on building public opinion for principle's sake. Politicians have only their motives in view, patriots have the welfare of their fellow-beings constantly before their mind's eye.

THINK OF THIS! A man praying, "O Lord, bless the cause of high license." "Bless the high-license reform party." Or this, "Bless the high-license movement within the party, and if Thou canst not, why then bless the anti-saloon ring of the party." Blasphemy! Yes, that's what we were thinking, too. Let's quit it—and pray, "O Lord, make the saloon to go, and bless the party that wants to make it go."

WE ARE receiving calls from all over the jurisdiction for circulars and application blanks for the Sons of Temperance National Mutual Relief Society. Any who feel the necessity for insurance, and who feel they cannot afford to pay the old time rates, should immediately apply for a certificate in the Sons of Temperance Society. Address the Editor of JOURNAL, for necessary papers.

Go to Work!

We are in for war, every vote counts. Speak out, don't sit still and cry. Go to the public places and stir up the laggards. Act now, organize, meet, and let people know you are there. You can't slip up on a liquor man. Fight openly, build up public opinion as you go along.

AN OFFICIAL visit was paid to Albion Division, S. of T., by the most worthy patriarch of the order, Rev. Alder Temple, of Halifax, on Monday evening. The attendance was very large, and addresses were delivered by His Worship Mayor Thorne, Rev. H. S. Hartley, B. A., Ald. Woodburn,

Rev. Mr. Temple, C. A. Everett and H. E. Codner. The subject of prohibition was discussed, all the speakers expressing the view that the time had not yet come for the adoption of a distinct political platform based on temperance lines.

VISIT OF THE MOST WORTHY PATRIARCH.

The Most Worthy Patriarch, Rev. R. Alder Temple, visited this city on Tuesday last. Accompanied by the G. W. Associate of N. B., he drove over to Marysville, and to other points of interest in the vicinity, getting acquainted with numerous members of the order, and renewing old acquaintances of former years, and reviewing the scenes of his first pastoral labors some forty odd years ago. When a young man, our Most Worthy Patriarch preached his first sermon on the Nashwaak, between Gibson and Marysville, in an old school house long since gone. Four years after he was in charge of the whole circuit, embracing the Nashwaak, from Boiestown, including, McLaggans, Tay Creek, Stanley, what is now Marysville, and Gibson, St. Mary's and Douglas. Seventeen years ago he visited Marysville but since that time the changes have been so great as to call forth remarks of surprise and pleasure at the wonderful improvements made.

THE WORK OF THE ORDER.

Local Temperance organizations have been tried over and over again, and as often failed. They lack cohesiveness, esprit de corps, general discipline and direction. There is a common feeling in the membership that they do not belong to anything. System and numbers beget devotion and enthusiasm. The Order, or board organization, is the most effective for temperance work. If one locality has a strong society, it has the opportunity of helping the weak, while the weak society has the advantage of the help of the strong. Under the direction of wise and well posted general officers, large missionary work is accomplished, backward societies are brought out, local differences are smoothed down, common education given upon important timely issues, and large general schemes devised and carried out.

The member of an Order finds the influence and opportunities of his society wherever he moves, and in a new home steps immediately into familiar lines among brothers and sisters. The system develops his loyalty to the cause as well as his ability to aid it. He catches the spirit of organization, and labors with a purpose in a common direction with others. He has greater respect for the rules and usages of the Order, because they are produced by the best thoughts and experience of a large body, and are to be applied to many localities and conditions. He enjoys the feeling that he is part of a great brotherhood, and waives that individual assertion which does so much to hinder co-operation.

Moreover if it is desirable for a locality to be organized, it is just as desirable that there should be county organization, state or provincial organization, and national organization. To obtain these there must be system, fraternity and organic union, there must be recognized leaders and servants who practically devote their lives to the special work of the organization.—Ex

They Vote as They Pray.

There is one thing about the liquor dealers that we admire. That is this: they always vote their sentiments. They can never be hoodwinked by party prejudice and mere party name into voting for what they do not want. That is the reason they are respected and feared by politicians. When the Christian, temperance men of the country vote as intelligently as do the liquor men—when they allow themselves to be governed by their judgment and conscience and not by party ties—they will better act the part of good citizens, and the saloon will not stand on the order of going, but will go.

A saloon can no more be run without using up boys than a flouring mill without wheat, or a sawmill without logs.

Garibaldi Division.

GRAND DIVISION OF N. B. This Division was organized Mar. 26th, 1886, with 19 charter members, only three of whose names are now on the books. The number now enrolled is 140. The night of meeting is Saturday of each week. They held one public meeting and made several fraternal visits. This Division has not been visited by a Grand Officer since its organization. They are not in the habit of suspending for non-payment of dues, except in extreme cases. Several of the members have assisted in organizing three Divisions, viz., Dufferin, Monument, and Centenary. Bro. A. Campbell thinks a Division might be organized at Canterbury Station. The property owned by Garibaldi is valued at \$135. The amount of funds on hand last quarter was \$14.

Pleasant Valley Division.

Four of the members of Star of Hope Division are insured in the Sons of Temperance National Relief Society.
