

Special Notice.

The TEMPERANCE JOURNAL is devoted to the Principle of Temperance and is designed as a family newspaper. It is issued on Saturday morning of each week.

The articles are specially selected and are such as to recommend the Paper to all.

Deputies of all temperance organizations are our Authorized Agents.

SUBSCRIPTION RATES:

One Copy, one year, - - - \$1.00
" six months, - - - 60
" three months, - - - 30

Subscriptions must invariably be paid in advance. Postage stamps will be taken when more convenient to the party remitting.

SPECIAL RATES FOR DIVISIONS.

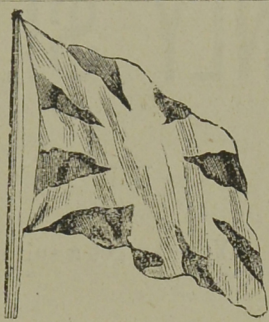

While the subscription rate for the JOURNAL is \$1.00 per year, where two will send their subscriptions together we will send a paper to their separate addresses for 75 cents each. Clubs of 5 will be sent the paper for 60 cents each—or where a division orders 5 copies, at the same rate—60 cents. Divisions ordering 10 copies, at the rate of 50 cents per year.

As a Son of Temperance, and no doubt anxious to promulgate the principles of our order, you will not kindly bring the matter of the JOURNAL, and this method of distributing temperance literature, before your division. Every subscription helps us make the paper better, and more useful as a temperance medium. The divisions are as a general thing not particularly burdened with funds, but almost any division could subscribe for 10 copies, or at least 5 copies, or surely ONE copy, and every one helps.

OUR SERMON.

Each issue of our paper contains one of the late sermons preached by Rev. A. J. Mowatt of this city. After you have read your paper, perhaps you could give it to someone who is not able to attend church and who would appreciate the sermon.

MRS. F. Randolph, and Mrs. Judge Steadman, of this city, are in New York, attending the W. C. T. Union Conference.

WHEN A man talks about wanting to purify the rum sold, and thus favors high license, make up your mind that he either sells or drinks.

IN OUR next issue we shall have some comments to make upon the annual session; and the work done. This issue is so taken up with the report of the proceedings that we have been obliged to cut out much other matter.

REMEMBER, the true motto of every Son of Temperance in his work should be moral suasion, for the rum-drinker and legal suasion for the rum-seller.

LIQUOR advertisements published in a newspaper, owned or partly owned by a member of our Order, is a violation of the spirit of the obligation of our Order on the part of such member.

WE HAVE to thank the friends who took the opportunity of subscribing and of paying up their arrears, at the Annual Session. Every dollar put in the JOURNAL by the members of the Order, is well invested.

IT IS all a waste of breath to talk moral suasion to a rum-seller. Cut off his revenue and he will stop, and not before. Men sell rum for money and as long as there is money in it they will sell.

OUR space is taken up largely this issue with a report of the proceedings of the Annual Session of the Grand Division of New Brunswick. We offer no excuse to our readers outside of New Brunswick, as they will find the report interesting reading, and we hope to reciprocate, by publishing the full proceedings of many of the Grand Divisions in other parts of America.

YOU' MAY think you are neutral on this temperance question, but your friends hash you up pretty thoroughly. The man who does not take sides on a moral question like this doesn't deserve to be called a man.

A NICE argument is that which some use who say the temperance men are causing the rum that is now sold to be bad, so bad that it poisons the drinkers at the first glass. They advocate license because the liquors will be purer and less apt to do harm, and that the low grog shops will be done away with. We just want to make the rum bad; so bad that every one who drinks it will know that in doing so he is taking his life in his hands. Would rather have it in the low groceries than anywhere else; that is just the place for it.

TO BE READ IN THE DIVISION.

With this issue the large number of free copies that have been going to the Divisions all through New Brunswick, will be discontinued, and one copy only will be sent to the deputy or such other person as the Division may designate. It is expected that the Recording Scribe of each Division will procure or make a file, and every week see that the JOURNAL is put on the file to be read by members of the Division.

A grant has been given to the JOURNAL by the Grand Division for the purpose of assisting in its improvement, and it is to be hoped that the hundreds of members who have had the privilege of reading the paper during the past year without cost, will feel duty bound to now subscribe for it, or to help in getting up a club, so that the many improvements contemplated may be successfully carried out. If the JOURNAL is not all you would like it to be, ask yourself if you have reason to expect it to be what you wish considering the support you have been giving it. No paper can be run without money. Every dollar given in the way of subscriptions helps to make it better. We want to put it in smaller type and to print it on better paper. This you can help us do by interesting yourself in getting us subscribers and advertisements.

FORGETS THE BEAM.

Our contemporary, the St. John Globe rises in its desire for political purity, and remarks:

The Fredericton TEMPERANCE JOURNAL, the organ of the Sons of Temperance, must be pained at the course of the Hon. Geo. E. Foster, once a temperance advocate and rabid prohibitionist, but now a professional politician and tame follower of Sir John Macdonald in all his plans. Our contemporary does not like to openly expose the treachery of the erstwhile temperance man, but it has the following sly dig, which will be readily understood:

Politicians are those who follow the drift of public opinion and cater to the wishes of the people, vicious or otherwise. Patriots are those who go on building public opinion for principle's sake. Politicians have their own motive in view. Patriots have the welfare of their fellow-beings constantly before their mind's eye.

Brother Ellis, "And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye? Or how wilt thou say to thy brother, Let me pull out the mote out of thine eye; and, behold, a beam is in thine own eyes?"

Thou Hypocrite, first cast out the beam out of thine own eye and then shalt thou see clearly to cast out the mote out of thy brother's eye.

A DUTY FOR ALL.

In another column will be found an appeal by the Most Worthy Scribe for contributions towards the wants of members of the Order in Florida, who have been visited by the terrible scourge, Yellow Fever. Our mission is one of benevolence. We as an Order do not live for ourselves. We call upon the members now to respond generally for the assistance of our fellow-laborers in the South. Let every Division bring the circular which we referred to before their next meeting, and either as a Division or individual members contribute something.

The matter should be attended to promptly.
Every little will help.

The litters count up and in the aggregate amount to quite a sum.

Remittances may be made to the Most Worthy Scribe, Benj. R. Jewell, 36 Bromfield Street, Boston, or can be sent to the editor of this paper, and will be forwarded by him to Bro. Jewell.

All monies sent to the editor will be publicly acknowledged in the columns of the JOURNAL.

This is foreign mission work we all should engage in.

Let the members in New Brunswick not be behind in their generosity, and let their sympathy be practical.

To the Order of the Sons of Temperance of North America:

Boston, Oct. 11, 1888.

WORTHY MEMBERS:—A desolating scourge has visited the jurisdiction of Florida, causing suffering and death among the members of our Order. Heroically and bravely has the little band in Jacksonville, and other afflicted localities in the State, done what they could to alleviate the distress, but they now feel that help from us is required.

Other fraternal organizations have cheerfully contributed to the wants of the Yellow Fever sufferers, in their misfortune. The Executive Officers of the National Division appeal to the Order for aid, and respectfully request each Subordinate Division to take such action as they may deem best to help our afflicted co-workers in Florida.

All remittances should be promptly forwarded to the Most Worthy Scribe. The Divine Law of Christ will apply in reference to individual duty: "All things whatsoever ye would that men should do to you, do ye even so to them."

Fraternally Yours,

To the Grand Division, S. of T., of New Brunswick:—

As a member of the committee appointed to consider the Prohibition resolutions presented to the Grand Division this morning, I beg to submit the following as a minority report:—

Whereas, the Dominion Parliament a few years ago by resolution declared itself in readiness to enact prohibitory legislation so soon as public opinion would sustain it, and

Whereas, the votes taken on the adoption of the Canada Temperance Act, and other action of the people have in our opinion fully shown to the Dominion Parliament that the people are ready for prohibitory legislation.

Your committee therefore feels that the Government is now in duty bound to enact the prohibitory legislation sought for, and that it is not desirable to proceed with the expensive and laborious scheme laid before the Grand Division.
