Newspaper.—Among our exchanges this week we find a new paper, entitled Temperance Journal, which hails from Fredericton, N B. This paper is to be devoted purely to the cause of temperance according to the declaration of the prospectus, and we hope those engaging in the enterprise will receive adequate encouragement. It is filled with reading matter, much upon temperance subjects and much upon general topics, and the exceeding small price of 60 cents per annum should put it within excellent motto.—We have received a dopy of the Temperance Journal published semi-monthly at Fredericton, Herman H. Pitts being the editor and proprietor. Geo. J. Bliss, Mrs. Sampson, Herbert C. Creed, S. B. Patterson, Dr. G. E. Foster, M. P., Rev. A. J. M. watt and Rev. J. E. Reud are to be special contributors to the Journal. Mr. Pitts is connected with nearly all the temperance organizations in the Province, and being an experienced and ready writer will, no doubt, with the valuable assistance he expects, be able to publish a first-class journal.

We trust the paper will prove a "power for good" in the Province, receiving the support of all true prohibitionists, and that ere long it will be able to announce that a stringent prohibitory published, which reveals some very startling to the devil's gone.
