

Sir Charles Tupper, the Greatest Living Conservative Statesman, Deplores Mr. Borden's Policy of Government Ownership.

Sir Chas. Tupper: "I would deplore in the strongest manner any attempt in this country by any government--I care not who they are or of whom composed--to construct another government railway."

The Laurier government cut the duty on oil in two, and created a bounty of 60 cents per barrel on Canadian crude oil to stimulate the production.

Two samples of conservative railway policy--the Carleton Branch and the Harvey-Salisbury railways. How did you like them?

Year after year the conservatives spent our money to subsidize boats running to Portland.

We have another Borden manifesto. This is scheme number five.

The Harris Car Works are very prosperous--in Amherst.

Vote for McKeown and O'Brien.

Victory is in the air.

NEWS OF THE CITY.

The Saint John Globe, daily edition, will be sent to your address until December 31, 1905, for \$5 cash in advance.

BOARD OF WORKS.
There will be a meeting of the board of works this afternoon.

SAW SIX DEER.
Passengers who went down over the New Brunswick Southern railway this morning report having seen half a dozen deer cross the track near Prince of Wales.

HOME FOR INCURABLES.
The Women's Aid committee of the Home for Incurables met Monday afternoon in regular session. The vice-president, Mrs. S. A. Alward, presided. Routine business was transacted and some preparations were made to supply the inmates of the home with some delicacies on Thanksgiving Day.

FIRE AT CITY HALL.
About 7:15 Monday evening an alarm of fire was rung in from box 25, for a slight fire in the upper floor of the city building, occupied by the janitor, Mr. Daniel Coughlan. The fire was caused by the accidental upsetting of a table lamp. The damage, which was slight, was confined to the curtains and inflammable bric-a-brac in the room.

COLD STORAGE WAREHOUSES.
The new cold storage warehouses on Water street, are rapidly nearing completion, and it is expected the southern house will be ready for occupancy in three weeks. The outside work has been finished, and the interior work so far advanced as to be ready for asphalted floorings. Work on the northern or larger building is being pushed forward so that its completion may be looked for about one month later.

GRADUATE NURSES.
Miss Sadie M. Lawson, daughter of Mr. Thomas Lawson, returned Monday from Rhode Island, where she recently graduated as trained nurse, from the Rhode Island State Hospital. Miss Lawson made one of the highest records of any of her graduating class.

A HANDSOME MONUMENT.
Messrs. Sleeth and O'Connor, the West side marble workers, have completed, and will place in position to-day, one of the most handsome monuments turned out from their works in a long time. The stone which is in the form of a cross, is in memory of the late Rev. Father Thomas C. McGoldrick, whose remains were brought from Dorchester, Mass., and laid to rest in the old Catholic cemetery here. The cross, which is of native granite, measures six feet high, with four foot arms, and is on a concave die with double base.

THEY DID NOT SIGN.
David Johnston and James Lahey, two gentlemen whose names appeared on the nomination papers of the Tory candidates, wish the News to state that they never signed the nominations nor authorized any person to sign for them. They not only intend to vote the whole government ticket, but will work for the election of both candidates and the welfare of St. John.

DINNER MONDAY EVENING.
White's restaurant was the scene of a pleasant gathering Monday evening, when the friends and fellow officials of Mr. Francis Gallagher, of the Appraiser's Office, Customs, tendered him a complimentary banquet on the occasion of his retiring from the service. The guests numbered about fifty, and were from every department in the Customs House. The chairman of the evening was Collector Dunn. Songs, speeches and a general good time lasting over three hours was fitting added to the guest of the evening.

SALVATION ARMY.
The regular officers' council of the Salvation Army of St. John was held in No. 1 barracks Monday afternoon under Capt. Sharp, when plans for the winter work were discussed. Monday evening No. 5 barracks was the scene of a mass meeting of the several city corps. Mrs. Col. Sharp was in charge, and was assisted by Major Phillips and city officers.

WILL HAVE BIG MAJORITY.
The wave of Liberalism that is sweeping over Nova Scotia predicts the full government majority that the sister province at present boasts of. Indeed it is openly asserted that there will be additional seats gained. In the county of King's, where the Hon. Minister of Militia is opposed by Mr. Ryan, the majority of 700 will be increased, and Ryan is in danger of losing his deposit.

HALLOWEEN PRANKS.
All Halloween was more generally observed this year than for the past decade of years. Up to a late hour last night girls, and in many instances older women, might be seen in grotesque dress wending their way up dark streets, repeating over some nonsensical rhyme in which "The Pean" whoever he might be figured. The small boy with the Oakum horn came in for a goodly share of the fun.

For one dollar, cash in advance, the Weekly Globe will be sent to your address until December 31, 1905.

A VILE SLANDER.
The Star on Monday evening contained a paragraph declaring that \$100,000 of bonds of the New Brunswick Coal and Railway Company have been hypothecated with a bank, and called upon Hon. Mr. Pugsley to explain what had become of the money. Hon. Mr. Pugsley is in St. Martin's, but when he heard of the report he called up The Liberal News and gave a denial to the report. Hon. Mr. Pugsley characterized the paragraph as an absolute falsehood and a vile slander.

BOYS' BRIGADE OFFICERS.
Last evening the officers of the Boys' Brigade met in the school-room of St. Stephen's church, and by the adoption of a constitution and by-laws which are the old ones revised, proved that it is not the intention to let the brigade remain any longer a minor factor in the history of the province. In accordance with one of the articles of the constitution, officers for the ensuing year were elected, and resulted as follows: president, Rev. T. P. Fotheringham; secretary, Geo. C. M. Farren; treasurer, F. E. Flewelling. A military staff was also appointed as follows: Lieut.-Col. James Buchanan; Major Thomas Arvour; Adjutant Geo. C. M. Farren. Another meeting will be held next Monday evening at the same place, when other business of equal importance will be decided.

NEW C. P. R. TRAINS.
It is reported that the Canadian Pacific Railway Company will, beginning early next season, add two daily passenger trains to their service between Montreal and St. John, to be known as "The Imperial Limited." Already the company's official photographer, Mr. Bennett, and their scenic writer, Mr. Murphy, are at work getting views and data on the attractions Maine offers to tourists and sportsmen, and the company propose to advertise Maine from the Atlantic to the Pacific. They will make a special feature of the Moosehead region, and also of Onawa, the Attan lake and Long pond sections, where Mr. Bennett has secured many fine views. The new train will be one of the finest in the company's service.

GONE TO ROME.
The Right Rev. T. Casey, D. D., Bishop of St. John, left last night for Rome, on route to Rome. He was accompanied by Rev. R. A. Meahan, of Moncton. They will sail on Thursday for Europe. His Lordship was given a hearty send-off. There was a large number of leading laymen from the city parishes at the station to bid him goodbye. The following clergymen were also in attendance: Revs. A. W. Meahan, R. J. Coughlan, W. Holland, C. P. Carleton, of the Cathedral staff; Very Rev. W. White, C.S.S.R.; Rev. Joseph Borgmann, C.S.S.L.; J. Maloney, C.S.S.L.; St. Peter's church; Very Rev. W. E. Chapman, V.G., St. John the Baptist church; Rev. J. J. Walsh, Holy Trinity church; Rev. J. J. O'Donovan, Carleton; Rev. C. Collins, Fairville, and Rev. A. J. O'Neill, Silver Falls.

Bishop Casey will have as fellow passengers Archbishop Broussard, of Montreal, and Bishop McDonald, of Charlottetown. The last time the late Bishop Sweeney visited Rome was in 1895, and the present bishop would be obliged to go to Rome next year. He anticipates the visit by a few months in order to be in the Eternal City on December 8th, the golden jubilee of the Immaculate Conception.

SERIOUS ACCIDENT.
An accident that may be attended with fatal results occurred Monday afternoon at about half-past three o'clock, when Joseph Collier, aged 75 years, of Sheffield street, fell from the roof of Michael Moran's house to the pavement on Britain street. Collier had been engaged in tarring the roof, and carried his material up by a ladder placed in the alley adjoining. Some young men who happened in the alley and brought him down, crushed and bleeding, and in an unconscious state.

The ambulance was telephoned for, and the injured man removed to the hospital, where an examination of his injuries was made. Collier's injuries consisted of a fractured spine and severe bruises about the head.

Up to a late hour the injured man had not regained consciousness.

LIBERAL MEETINGS

Hon. H. A. McKeown addressed a large and enthusiastic meeting at South Bay last evening. The meeting was presided over by Councillor Lovell, and the hall was filled to its utmost capacity. Great interest was manifested as Hon. Mr. McKeown presented sound and convincing arguments in support of the government's policy.

From South Bay Hon. Mr. McKeown drove into Milford, where a rousing meeting was in progress in the Temperance Hall. The meeting was presided over by Mr. David Delaney, and early speakers were Col. H. H. McLean, who addressed them in Carleton, Mr. E. S. Ritchie, Mr. George Edmond Day and Mr. J. Fred Gregory. It was 9:35 when Mr. McKeown arrived, but he held the closest of the hall, the big audience until after 10:30. The meeting broke up with cheers for Laurier and the Hon. Mr. Emmerson. Many of those present remained to wish the candidate success.

Both meetings promised well for Liberal success on Thursday. The meeting at St. Martin's on Monday evening in the interests of the government was the banner meeting of the campaign. The Masonic Hall where the meeting was held, was crowded to the doors, while a large number of ladies and gentlemen occupied seats on the platform.

The chair was taken by Dr. Gillmour, who introduced the speakers, Hon. Mr. Pugsley and Senator Donville. Both speakers were given an excellent reception and the meeting was one of the most enthusiastic ever held in St. Martin's. At the close cheers were given for the King, Sir Wilfrid Laurier and Hon. Mr. McKeown.

St. Martin's will give a good big majority for the government on November 3rd.

SERIOUS DRIVING ACCIDENT

Horse Frightened by Automobile Caused a Spill Injuring Several Persons.

It is not often that St. John has to record a serious accident as the result of an automobile frightening a horse, but probably the most serious of its kind that has yet happened in or near St. John took place Sunday morning on the Black River road.

Mr. James D. Bolyea, a farmer living on that road, accompanied by his wife and two sons and the lady teacher in charge of the school in that district, were driving into the city to attend service at St. Mary's church between 10 and 11 o'clock Sunday morning. They had proceeded about half a mile up the road when one of St. John's largest automobiles was encountered. The place where this occurred was in an exceedingly dangerous spot. The road had been built up about two and a half feet, leaving a deep ditch along which ran a wire fence. The horse shied at the passing machine and in a moment horse and wagon went into the ditch. The occupants were thrown out and dashed against the wire fence.

As a result some serious injuries were sustained, none of the party escaping unharmed. One of the boys, a lad about twelve years of age, was the most seriously injured. His face came in contact with the wire of the fence and as a result his lower jaw was cut open and three of his teeth knocked out. His face was badly cut and his injuries will confine him to the house for some time. The school teacher fell on the back of her neck, sustaining a severe shock which completely unnerved her.

Bolyea sustained some bruises and scratches and Mrs. Bolyea was slightly injured, while the other boy escaped with a scratch on the chin and some minor bruises. The wagon was a total wreck. The horse was badly injured and the harness broken.

Those in the automobile, seeing what had happened, brought their machine to a stop and immediately went to the assistance of the injured. Mr. Bolyea and the boy, who was most injured, were taken into the auto and brought to town as quickly as possible. They were taken to Dr. James Christie, Wellington Row, where their cuts were dressed, seven stitches being found necessary to close the boy's wounds. Immediately afterwards the auto took them out to their home on the Black River road.

Fortunately there were no rocks where the party was thrown. The fence caused the greater amount of damage. Dr. Christie went out Monday to attend the patients.

The school teacher will be confined to her home for some time.

HALLOW'EEN ENTERTAINMENT.

Pleasant Gathering at the Y. M. C. A.

The Halloween entertainment in the Y. M. C. A. Monday evening under physical director Todegahan was a great success, and was carried out most creditably. It consisted of gymnastic exhibitions, tumbling, games, etc. The attendance was very large, many ladies being numbered among the audience. The balcony in the gymnasium was occupied with interested spectators. All the classes, from the juniors to the seniors, took part. The juniors opened the programme with a most interesting and amusing feature of the juniors' exhibition was the pie-eating contest, which brought forth peals of laughter from the audience. Several youngsters, provided with a piece of pie, started at a given signal to devour it. This being done, it was a necessity for the first one finished to whistle. P. McLaughlin managed to make the portion disappear into his interior with the most celerity, but when it came to whistling the youngster couldn't do it for the life of him. His whistling organs absolutely refused to come into the required position, blow as he might, and before the much required sound could be produced C. Dean finished his portion and sounded the clarion note, thereby winning. The intermediate class gave a rooster fight, club hustle, relay race and potato race, all of which were enjoyed. The apparatus work of the seniors was fine, the tumbling of Messrs. Joseph Lewis, J. Malcom and E. Percy Howard being especially good, and deserving mention. A basket ball game also proved interesting, and the whole evening's programme was of exceptional merit.

TIP O'NEILL DINED

Friends Entertained Him at the Alexander Cafe.

The Alexandra Cafe, Charlotte street, was the scene of a banquet Monday night, when about thirty-five friends of Mr. John (Tip) O'Neill tendered him a dinner in honour of his return home after a most successful season playing ball with the American League teams of Boston and Washington. The affair passed off pleasantly and well. Alderman John McGoldrick presided. An excellent menu had been gotten up for the occasion. The menu card was a very neat looking affair. Printed in book form, on white paper, the name of John "Tip" O'Neill appeared surrounded with a pretty border. The menu was printed on an inside page, as was also the toast list. After full justice had been done to the good things, the toasts were proposed by the chairman, and duly honoured. These were the King, City of St. John, John O'Neill, the ladies and the press. These called forth many happy remarks in the course of which Mr. O'Neill's prowess on the baseball diamond was duly commented on. An impromptu programme was successfully carried out, and it was at an early hour when the gathering broke up.

Mme. Calve is touring Germany for the first time. She sang in "Carmen" yesterday evening to a sold out house and had many recalls, but it was remarked that the majority of the audience did not participate in the enthusiasm. The critics praise her singing and acting unstintingly, but generally reject Mme. Calve's conception of Carmen. In making her a fine lady in Paris salons instead of a simple cigarette girl.
