

VOTE IN St. John's Interests.

REMEMBER

That taxation has decreased under Liberal Rule, and that trade has increased.

REMEMBER

The years of prosperity under the Liberal Regime, and the years of adversity under Conservative Rule.

In 1900 the Conservatives said that the Winter Port business would be destroyed, if the Liberals were returned. The prediction was false, the Winter Port trade has enormously increased.

The Conservatives said in 1904 that the Winter Port trade will go to Portland. They were wrong in 1900. They are wrong now.

Vote for McKeown and O'Brien, the Candidates of the Party which built up the Winter Port of St. John.

Vote for McKeown and O'Brien, and the Liberal Party, whose Railway Policy will largely increase the Winter Port trade.

The Grand Trunk Pacific will reduce the distance from Quebec to St. John by two hundred miles.

Vote for McKeown and O'Brien, and the Liberal Party, which is pledged to still send Canadian trade through Canadian Ports.

The Conservatives subsidized Canadian Steamships to run to American Ports. The Liberals withdrew the subsidies and compelled the Steamships to come to St. St. John.

Vote for McKeown and O'Brien, and the Liberal Party which has brought prosperity to Canada.

NEWS OF THE CITY.

THE NEW FERRY.
Two sections of the keel of the new ferry steamer were laid on Thursday, and considerable other work has been done in the way of fitting together sections of the plating. The work will be rushed along as speedily as possible.

CARLETON VS. TRINITY.
On Saturday afternoon the Carleton and Trinity teams will meet in the local football series. The Carleton team is looked upon as the probable winner, but it is expected that Burpee, the speedy little half, will not be included in the line-up. A defeat for Carleton would practically give the trophy to the Neptunes. The Trinity team hardly expects to win, but promises to put up a good fight.

A POLICE RAID.
Police officers Scott and Raiston made a raid on an alleged bawdy house on Sheriff's street, between three and four o'clock, Thursday afternoon, and arrested Lottie Horner, aged 34, charged with being the proprietress thereof, and Catharine Doherty, 51 years old, and a Swedish sailor, John Carlsson, 44 years old, who are charged with being inmates. The trio were lodged in the central police station.

ENTERTAINED COLLEGE BOYS.
A pleasant social function took place Thursday evening in the Y. M. C. A. rooms, when the social committee of the association, Mr. A. G. Boyne, president, entertained the boys of the Currie Business University, who were present in good numbers. The evening was most enjoyably spent. The new games, recently installed by the association, came in for a big share of attention, and were liberally patronized. The proceedings were enlivened by gramophone selections, followed by a short programme. During the evening refreshments were served.

YORK THEATRE.
How pleasant it is to hear people sitting about you speak in praise of the many excellent acts that are in the vanguard bill at York Theatre this week, and you will hear it every where, the Bliss family are the leading feature, but they are closely followed by the Great Lynch, Conlon and Hastings, Chas. Edwards, Marr and Evans, Ed. Armstrong, and Helen Austin, who all do their share to make this one of the best Vaudeville companies on the road. A matinee will be given this afternoon at 2.30. The night show will be the last one of this company, as they complete their engagement here at Saturday's matinee. They are to be followed by another strong company, headed by Prof. Meit's Dog Circus.

WITH THE LIBERAL WORKERS.
Last evening was a record breaker for attendance and enthusiasm at the various government ward rooms. The good feeling gained at the nomination proceedings brought out many heretofore quiet liberal voters, crowding the rooms to overflowing. Addresses were made in some of the wards and all seemed to know that they were again on the eve of victory. At Berryman's hall, the headquarters of the government workers, great enthusiasm prevailed. Committees will continue to do the active work until the day of election, and the interest and enthusiasm that is manifest is greater than at any time in the history of the party, and presages a great triumph at the polls.

CRADLE ROLL RECEPTION.
The first annual reunion of the Cradle Roll department of the Portland Methodist church, was held in the large class room of the church Thursday afternoon, from half past two to half past four. Mrs.

E. A. Sinclair, superintendent of the department, assisted by the ladies of the congregation, made the afternoon a most pleasant one for the little ones. The Cradle Roll has over one hundred names, and the reunion was attended by fully ninety per cent of them. The children present ranged in age from six months to six years. A simple programme of music was arranged, after which refreshments were served. During the afternoon, and as the occasion was a most suitable one, the rector, Rev. S. Howard, baptized five little ones. It is the intention of the promoters of the Cradle Roll branch to hold these reunions annually. Great credit is due Mrs. Sinclair, not only for the success of the reunion, but for the success of the Cradle Roll department. It is one of the most encouraging branches of the work done by the Portland sabbath school.

THE TALE OF A DOG.
A country man from the vicinity of Westfield did a good deal of travelling around the city on Thursday to collect a sum of \$5 for handing the dog "Happy Hooligan" to its owner. It seems that "Happy Hooligan" accompanied his master up the river, but got off at one of the landings. The countryman got possession of the dog, and came to the conclusion that it was worth a reward for returning it. The owner had not the ready cash in hand, but gave an order on a customs official, who in turn gave an order on a blockmaker, and he in turn gave an order on another person, and thus it went on, until at a late hour the countryman was hunting for a well known locksmith, who he was informed, owned one-half of "Happy Hooligan." Latest reports are to the effect that the order had not been honoured.

SAVED FROM ARREST.
Once in a while the kindly act of a police officer turns a wayward to a better mode of living, and there is no doubt but that the humane act of big-hearted Pat Killen, the genial detective of the force, will reap a harvest in a case which occurred yesterday. The detective was detailed to locate some articles that had mysteriously disappeared from the wardrobe of a lady's residence in the city. After a diligent search some of the articles were found in the trunks of the domestic employed there. The detective secured an admission of guilt from the girl, and learning that it was her first sin, she promised to lead a better life, and he became sponsor to the lady, and intends keeping the girl from evil companions, and thereby probably saving her from a downward path. Through the efforts of the detective the lady refused to lay a complaint against the girl.

LITTLE LOCALS.

The Associated Charities met Thursday afternoon in the Board of Trade rooms, and considered matters of application for aid.

The Council of the Board of Trade will meet in their rooms, Prince William street, this afternoon at 3 o'clock.

THE RIG WAS DAMAGED.

Thursday evening about seven o'clock a public carriage owned and driven by a man named Vince Caples came to grief on North side of King Square by the breaking at the hind axle. The occupants of the carriage, some four or five young men, were uninjured, but the trap was deprived of locomotion, and otherwise rendered unfit for further use.

TO-DAY'S FOOTBALL.

St. John football enthusiasts should turn out in force at the Shamrock grounds this afternoon to witness the match between the Acadia college team and that of the Neptunes Rowing club. The teams will take the field in the following order: Acadia. Neptunes.

Full-back. Estey. White
Half-backs. Howe (Capt.) Thomson
Whitlock. Fairweather (Capt.)
Dewitt. Day
Nelly. Barpee
Quarter-backs. Christie. Coll
Peppard. Marshall
Forwards. Bates. Curren
Filek. Malcolm
Whitlock. Scott
Head. Day
Reid. Powers
Webster. Harrison
Archibald. Watters
Steeves. Vince

The game will start at 4 o'clock and Mr. C. H. R. Coe will probably act as referee. The Acadia team went down before the Neptunes at Esquedleton on Thursday, but by a small score. The Neptunes are stronger, on paper at least, than when they played the U. N. B. a week ago and may be relied upon to put up a good game.

MASTER BAKERS ORGANIZE

And Increase the Price of Bread.

The local master bakers have taken a decided stand in the matter of the price of bread, and as a result it has been mutually agreed that the bread be advanced one cent per loaf on November 1st. This was decided upon at a largely attended meeting of the boss bakers in the Victoria hotel Thursday evening, when a master bakers' association was formed. The bread question has not been talked of much lately, but this action of the bakers has been taken as a result of the increased price of flour. The bakers say that they have been informed by the dealers that there is no prospect of a decrease in the price of flour from the present price, and under these circumstances they cannot manufacture bread at the price of seven cents per loaf, which has hitherto generally prevailed. The rapid advance in the price of flour a few weeks ago caused some of the bakers to ask for an increase, but these were in the minority. A circular was prepared to be sent around among the bakers then, but only a few consented to make the increase. The majority of the bakers had on hand flour, which was purchased before the raise, and were unwilling to advance the price, their idea being to manufacture at the usual price with the flour on hand, hoping that before it was consumed the price would drop and make an increase unnecessary.

This plan was carried out, and the flour on hand has been about used, necessitating a purchase at the present high rates, and as at the present price of flour bread could not be manufactured at seven cents per loaf, a meeting was called for Thursday night, when the advance was decided on. The bakers are reluctant to make this advance, but as no prospects are in view of a drop of flour to the ordinary price it has become a necessity. At present bread is sold at six cents per loaf wholesale or at the bakeries, and seven cents at the stores. When it is taken into consideration that with flour some seventy-five cents cheaper bread has been increased two cents per loaf in upper Canada, said a prominent dealer to a News reporter, and is being sold at ten cents per loaf in Portland, Me., the local advance is small.

No advance in pastry has as yet been decided on, but this will come up at a later meeting, when the association will elect its officers.

C. P. R. VICE-PRESIDENT.

Mr. McNicholl Predicts Big Winter Business.

Mr. D. McNicholl, vice-president of the Canadian Pacific Railway, spent Wednesday in the city, coming in from Montreal in his private car attached to the Montreal express. The day was spent in inspecting the company's property here, particularly the Sand Point wharves. Accompanied by Superintendent W. Downie and Mr. D. E. Brown, a Canadian Pacific Railway official at Hong Kong, now home on his vacation. Mr. McNicholl left at 2 o'clock this morning in a special train en route for Edmonton, Woodstock and other up river points. Shortly before his departure Mr. McNicholl was interviewed by a News reporter. Mr. McNicholl informed the reporter that every thing at Sand Point seemed to be in a satisfactory condition and that he did not expect that there would be any radical changes there this year. All the indications point to an even heavier winter traffic than usual. The Allan line of steamers will run weekly this year, while the Canadian Pacific Railway vessels will run on their usual schedule. Mr. McNicholl further said that he had no doubt that the company could keep the steamers busy. When asked if he had anything to say concerning the taking over of the wharves by the city, Mr. McNicholl said "Well, we don't know what this \$250,000 they talk about is for; whether it is to be a bonus for what we have done or for what we are to do. I do not know just what the city's intentions are, so I will not say anything further on the matter. The trip to Edmonton and the other points is part of Mr. McNicholl's regular inspection tour.

LIBERAL MEETINGS.

A meeting in the interests of the government will be held at Leoh Lomond this evening, at which Hon. H. A. McKeown, the Liberal standard bearer, and others will speak.

On Saturday evening there will be a government meeting in Union Hall, North end, which will be addressed by the candidates and Messrs. Hon. Wm. Pugstey and E. H. McAlpine. In City Hall, West side, the same evening, there will be a big rally meeting which will be addressed by the candidates and Hon. Mr. Pugstey and Mr. Geo. Robertson.

AN EXPLANATION.

The Liberal News on Tuesday, in a paragraph referring to the contest in Carleton county, made reference to Mr. Fred. H. Hale, the Conservative candidate for the representation of that county, and to some matters before the courts in which Mr. Hale was interested. The publication of the article is greatly regretted as the subject matter of it has nothing to do with the political questions now before the country, but was of a personal kind, which Mr. Hale might well resent. As an individual and a citizen the Liberal News has no differences with Mr. Hale.

PRINCE RAMON'S SUCCESS.

The Largest House Yet Greeted the Opera Last Night.

There was hardly a vacant seat in the Opera House last evening when the Neptunes Rowing Club gave the third performance of Prince Ramon. As was to be expected, the audience was a most appreciative one, and gave the performers, both principals and chorus, a hearty reception. Practice naturally makes perfect, and any little faults which the earlier performances may have shown were conspicuous by their absence last evening. The "ding dong" chorus was a splendid piece of concerted work, and reflects great credit on Captain Eddy's skill as a stage manager. "Long ago," Mrs. Henning's song at the opening of the act, was relearned, and this lady received no more than her due for her singing shows that she possesses a voice of excellent quality and sweetness. Naturally "Teasing" had to be repeated twice. It is a long time since anything quite so catchily has been heard in this city. Gladys and Gaiety girls are in the vanguard of the new specialty, and their leaders, Miss Mamie Titus, and Miss Barnes respectively, were both warmly greeted. Three opportunities still remain for the music loving public to see this dainty and timely extravaganza. There is every indication that many of the spectators of the earlier performances are anxious to pay a second visit, and intending visitors would therefore do well to book their seats without delay.

PERSONAL.

Miss Lillie Tait returned Wednesday from an extended visit to Boston. Mr. Fred. Doig returned from Boston on Thursday. Mrs. Jas. N. Inch and child, of Oak Point, are in the city. Deputy chief of police Jenkins, returned home Thursday from Queen's county, where he had been called on account of the serious illness of his father, who lies in a precarious state. Mr. Jenkins' condition is unchanged, and small hopes are entertained for his recovery. Mr. W. F. Tweddle, Liberal organizer for New Brunswick, came in from Moncton, Thursday afternoon, and returned to that place in the evening. Mr. J. Humphrey, of Sackville, is at the Victoria. Mr. S. S. Ryan, M.P. for Albert, is at the Victoria. Mrs. L. J. Tweedle, Chatham; Mrs. W. S. Benson, Bridgetown; Mrs. A. L. Avar, Amherst and Mrs. F. A. Ritchie, Chatham, are registered at the Royal. Mr. F. M. Anderson, St. Martins, is at the Victoria. Mr. F. M. Murray, Campbellton, is at the Dufferin. Mr. H. W. Goggin, Pettitcodale, is at the Dufferin. Dr. J. P. McInerney, who has been confined to his home, Douglas ave, through illness, is much better. Gilbert C. Jordan left yesterday for Newcastle.

LARGE MAJORITY FOR MR. WHITE.

He Will Make Gains in Kings County.

A prominent King's county lumberman, talking with the Liberal News last evening, expressed the belief that King's would give Hon. A. S. White at least 250 majority. "I don't take much stock" he said, "in what the Tory newspapers say about my own county, for I suppose it's their game to misrepresent the political situation in the interest of their party, but I am satisfied that so far as the people of King's are concerned that they are with Mr. White in this fight, and will show it on polling day. In Waterford, where the Orange cry changed a Liberal majority into a minority nearly as large four years ago, Mr. White will reverse the conditions of 1900 for the people cannot be fooled as they were then. In Hampton, Fowler will be beaten by at least 100, in Norton, by 125; in Springfield, by 150; in Sussex, by 100; in Rothesay, by from 75 to 100. Studholm will break even and Hammond will balance Greenwich while in the Kingstons, Westfields, Upham and Kars the Fowler majorities, if any, will be very small. Colonel Donville's majority in 1896 was in the vicinity of 500, and it would not surprise me if Fowler were beaten by as many as Morton."

RING EVENTS.

CAMBRIDGE, MASS., Oct. 27.—Fred. Sydney, of Boston, won a decision over "Spide" Haley of South Boston in the third round of what was scheduled to be a ten round bout at the Cambridge Athletic Union to-night. Charlie Burns, champion of the Marine Corps of the navy yard, fought six rounds to a draw with Billy Gibbons, of the battleship Maine. Tommy English, of Cambridge, put out Young McGraw, of Boston, in the second round and Billy Glover, of Fall River, put out "Jimmy" Maher, of South Boston, in the third round.
