Halifax, N S—Sid Nov 1, strs Jacona, Lindsay, Quebec and Montreal; Silvia, Farrell, New York; Lord Lansdowne, Wellss, West Bay, N S.

NEW YORK, Nov. 1.—Wall street found a renewal of the international crisis to-day ion concerning the status of the Anglo-Russian controversy caused a sharp rally in 1% @ % c higher, and May, 1%c. Corn is up a shade, oats show a gain of 4c and provisions are practically unchanged.

a renewal of the international crisis to-day and was somewhat at a loss to know just how to handle it. London and Paris, centres of diplomatic information, had both adjourned their stock market sessions over All Saints' holiday. During the morning the market showed a distinct tendency towards recovery from yesterday's violent decline. The principal ground for lack of faith in the market was the decided decrease in activity at the advances. The result of the morning buying was to establish gains of about a point in Union Pacific, Reading, Ontario and Western and Chicago Great Western, and of 1% in sugar and amalgamated copper, besides comprehensive gains of a lesser range throughout the list. London discounts were easier. By midday, however, the market had taken alarm from the belligerent look of the military and naval operations reported from Gibraltar, and early in the afternoon had forced declines of from 1 to 1% from last night, the latter in St. Paul. diffidence about interpreting the foreign situation was represented again in the substantial rally which set in again before the close. The three great industrial stocks, U. S. steel pfd, sugar and amalgamated copper were rushed up 1 to 3 points over last night in the late rally, and the recovery elsewhere was practically complete, with a very strong closing.

Bonds were irregular; total sales, par value, 6,615,000.

U. S. bonds were unchanged on call. BOSTON, Nov. 1 .- Flour, quiet; spring patent, 6.40 @ 6.65; corn, quiet; No. 2 yellow, 67½; oats, firmer; No. 2 clipped, 38½ @ 39; mill feed, dull; spring bran, 20.50 @ 20.75; mixed feed, 21.50 @ 24.00. Cotton seed meal, 26.50.

Pork-steady; medium, 16.25.

UHE DOOMED FORTRESS ST. JOHN BOY'S

(Continued from Page One.)

damaged, and the other two were set on "Other siege guns of different calibre combarded the trenches lying between he forts and the old Chinese wall."

ST. PETERSBURG, Nov. 1.—A dock yard man who has just returned from Port Arthur from where he escaped in a junk to Chefoo a month ago, has been interviewed by the Associated Press. He said that when he left Port Arthur the fortress was provided with an abundance of ammunition and food. He said General Stoessel and the garrison are confident of their ability to hold out for many months and denied that any of the Russian warships in the harbour had been seriously damaged by the Japanese shell fire.

NATURAL HISTORY

At the regular meeting on Tuesday evening Hon John V. Ellis presided and there was a fair attendance of ordinary and associate members. Mrs. Wm. Kerr was appointed an associate, and Mr. Jas Beveridge was elected an ordinary member. There were many presents both to the library and the museum. Dr. Dun can, Bathurst, sent some botanical speci nens. There was a gift of a portion of the stump of an gigantic redwood tree from Colorado. Dr. Matthews said that now there are no redwoods growing within a thousand miles of this stump stump is thirty feet in diameter. A present which is described as of great archaelogical value is an earthenware pot of the stone age found in Maquapit lake, and given to the society by Mr. Duncan Landon. This is being restored by Dr. Matthews and Mr. S. W. Kain, and utensils and the capacity in making subject was the Human Telephone. He likened the brain to the central station of a vast telephone system, as it had connection with all parts in the human system just as "central" had with all the telephones in its system. He carout this analogy in a most ingenious manner. He described this wonderful instrument, its form, position, structure, capacity, the way in which it received and transmitted sensations all in the clear, lucid and effective way which so characteristic of his work. Dr. Bailey's address was illustrated with plates and diagrams. Incidentally he had a few words to say friendly to vivisection which practised upon lower animals in the interest of mankind was, in his judgment, defensible and even justifiable. The paper called out warm commendations from Dr. Matthews, Dr. Hay and Rev. Dr. Raymond, and a animals in the interest of mankind, was, lecturer. Dr. Hay read by title three papers by Prof. Ganong on themes conected with the natural history of New

SUCCESS.

He is Now a Judge in

Rochester. The success of Mr. Lawrence V. McGill of the city, who after spending only four years at law, is to be sworn in as Justice of Rochester, N. H., on Navember 3rd, shows how a St. John boy can succed in making his mark in the world.

Mr. McGill is one of the youngest lawyers in Rochester and was appointed judge of the Rochester court last Tuesday by Governor Bachelder. Advices from Rochester state that it is unusual for so young a man to be appointed to a police judgeship in New Hampshire, but Mr. Meliam said the C. P. R. line around the north shore of Lake Superior is a dead by the convergence. judgeship in New Hampshire, but Mr. Mc-north shore of Lake Superior is a dead Gill had the endorsement of the Rochester horse on the hands of the company,

the time because of the expiration of the den's scheme means a clean gift of \$50, term of Judge Stephen D. Wentworth, who 000 to the C. P. R. for this worthless had attained the age limit of 70 years. Mr. McGill will be sworn in on November

Judge McGill was born in St. John, N. B., and is the son of Mr. Lawrence B. and Mary V. McGill, of this city, and is the youngest of seven children. He received ris education in St. John and the University of Maine. On leaving college he tcok up the study of telegraphy at Portland, Me., and in 1877 went to East Rochester as a station agent on the Worcester, Nashua and Portland division of the Boston and Maine Railway, and remained for five years in that capacity, after which he began reading law in the office of Hon. Samuel D. Felker, and after wards with Mr. George D. Emery, at East Rochester. He then took a law course in the University of Maine, and was admitted to the Maine and New Hampshire bars

about four years ago. He began practice with the firm of Gafney and Snow, and opened an office for himself about a year ago. He also served as a member of the school board

from East Rochester in 1902-3. He married Miss Sarah A. Carson, daughter of Mr. Truing Carson, Rochester, soon after going to New Hampshire.
At the start, Mr. McGill had four rivals

for the judgship, these being Messrs Elmer J. Smart, William Wright, and William T. Gunnison, lawyers, and Deputy Sheriff Henry F. Walker, but of these all but Mr. Gunnison withdrew in favour of Mr. Mc-

Judge McGill is a brother of Mrs. Burns, wife of Mr. T. C. Burns, the secretary of the local board of health, and Mrs. John J. O'Neil, of O'Neil Bros. in the city marcet. He is a brother of Rev. H. J. McGill, of Caribou, Me., and also has a brother Mr. R. M. J. McGill, general passenger and freight agent and treasurer of the N. S. Central railroad. His father lives in St. John. Judge McGill says that he shall depart from the present custom of holding police court sessions at any time of the day, and as soon as sworn in will fix the hour for holding the court, and have it understood that court sessions will begin sharply at the hour set.

PASSING OF THE CHIPMAN HOUSE,

Part of Wall in King's Bedroom Torn Down to Make Room for Sailors.

A largely attended meeting of the board of management of the Seamen's Mission was held Tuesday evening, the president, S. L. Gorbell, in the chair. The report of the secretary acknowledged a \$10 donation from Miss I. E. Kinnear, and \$5 from Miss E. I. Kinnear; about 250 or 300 miles east from the also \$5.60 which Mrs. J. Seymour had collected at the W. C. T. U. convention ces and organize the staff at once. One

The annual report is not yet ready for distribution, but is expected to be made up for next Tuesday. The proposed improvements which have been found necessary for the work on the second floor were also discussed. Work has already been begun by tearing down the wall between two rooms so as to make one large room. One of these rooms is that used as a sleeping apartment by the present king during his visit to the city in 1860 and is of especial historic interest. The intervening wall has been partly torn down in the form of an arch, and thus has the work and from Quebes east and w which has stood for the past 130 years prosecuted with equal vigor. been uprocoted. The wall was an unu sually thick one, and was built of brick with wooden uprights. The brick are perfectly preserved, and, as for the wood, one would think it had just been placed there so fresh did it look. The timbers, which were hewn, not planed, showed no t races of their age, and are as good as the day they were placed there. In fact one can hardly credit that these hard bright pieces of wood still bearing the mark of the axe as if but hewn yesterday are almost a cen-Hyannis, Mass—Sld Nov 1, sch W R Huntley, for Cape Breton. TEMPLE OF HONOR.

Milford Temple will Rescind its Charter and Name to

Aberdeen Temple, Temple of Honor, has deemed it advisable to have their charter rescinded, owing to the fact that when their temple was organized they were situated quite within the centre of the population. Since that time, some ten years ago, owing to fire and other reasons, the surrounding populaticn has become scattered, and the place of meeting therefore became too much out of the way, and the members have thought it wise to pursue the aforementioned course, and as a result of the action a new temple will be organized in Fairville, which will be largely made up of members of the late temple.

The new temples, the announcement of the organization of which has been Baldwin Airship Makes Suc-

Victoria Temple No. 2, Temple of Honor, held a most successful meeting Tuesday evening in the market building. One candidate was initiated, and the officers for the ensuing term were installed by Dr. W. F. Roberts, Creat Honor, held a most successful meeting Tuesday evening in the market building. One candidate was initiated, and the officers for the constituted, and the

Grand Temple which was to have been held this evening at the residence of Mr. J. V. Kierstead, Victoria street, has been postponed, and announcement of the time of meeting will be given later.

SIR WM. MULOCK AT TORONTO

Benefits of Government Railway Policy Discussed.

TORONTO, Nov. 1.-Sir William Muthese being a candidate for the office.

The appointment was made necessary at the second of the hands of the company, who are anxious to get rid of the annual expense which it now entails, the extent of which no one knows. Mr. Borsection. Can anybody say the vast tract of country of varying widths up to 700 miles is properly served with only one trunk line of railway? he asked. The G. T. P. did not obtain exclusive rights over the Moncton-Winnipeg section. reserving power to give other railways running rights over the Winnipeg-Moncton section the government had retain ed control of the spout. If the G. T. P. made default in payment of interest the government had as security a mortgage upon the entire railway, including the fourth, which the G. T. Railway guar-

BRIGHT PROSPECTS IN WESTMORLAND

Many Conservatives are Turning Liberal.

MONCTON, Nov. 1 .- Absurd statements have appeared in the Tory press of St. John about former Liberals in Moncton turning Conservative. Because a few Liberals shook hands with Borden on his recent visit here Tories imagine they are going to vote for him. True instances of the way changes are taking place may be seen in cases like that of John McKenzie ex-president of the Conservative Association, and a former Conservative Mayor who is in this election casting his first vote for Emmerson. This is only typical of hundreds. Representations that Westmorland Liberals fear Mr. Powell will be elected are grossly unfair. The party has been confident of Mr. Emmerson's election and indications now point to this.

A political meeting to be addressed by Hon. W. Pugsley and Hon. L. J. Tweedie will be held in Sackville on Wednesday

G.T.P. SURVEYS WILL BE RUSHED,

nipeg District.

WINNIPEG, Nov. 1.—In an interview on the route of the transcontinental railway, Chairman Wade, of the Commission, said: "It is about decided that the surveys made by the G. T. P. will tators. Knabenshue chose the stadium Chateau Frontenac in this city on the be taken over from Winnipeg east by appointed district engineer for the district of Winnipeg, which will cover about 250 or 300 miles east from the of our chief objects in coming to Winnipeg is to look over the terminal facili-ties. It is the determination of the commission to commence construction eastward from Winnipeg as soon as we cen, and to press construction with the utmost vigor in order to keep pace with the proposed work of the G. T. P. Company west and east to meet their lake branch. This work will also be rushed with a view to giving the earliest relief to the output west by way of the great lakes pending completion of the thi line. At the same time, as required by statute, the work from Moneton west

DOGGER BANK

One of Russian Commissioners Appointed. The Day in London.

LONDON, Nov. 1.—London has passed through a day of sensational rumors, for which there seems to have been no basis in fact. The Russian Ambassador was received in audience by King Edward, who expressed his satisfaction with the course events have taken, and onfidence that the outcome will be sat isfactory to both Great Britain and Russia. Admiral Kaznahoff, of the admiralty council, is one of the two repre sentatives of Russia on the international league has not been announced. The four officers detached from Admiral Ro-jestversky's squadron to tell the story of the Dogger Bank affair are expected to reach St. Petersburg by Friday.

Negotiations between Great Britain and Russia looking to a settlement of the North Sea affair are progressing favorably, and there is not the slightest danger of any friction arising between the two governments. The constitu-tion of the international commission under the Hague convention is on the verge of settlement.

CANADIAN AIR-BRAKES FOR G, T. P. ROAD.

Hamilton Company Given the Contract.

MONTREAL, Nov. 1 .- A contract of special importance to Hamilton has just been closed between the G. T. P. and the Canadian Westinghouse Air Brake Company of this city. The agreement letween the Dominion government and G. T. P. requires an expenditure of twenty million dollars upon equipment of the relivery. The contract between the G. railway. The contract between the G. T. P. and the Westinghouse Company is for air brakes. Every car on the road must be equipped with air brakes, and all of these will be made in Hamilton. To fulfill the contract it will require fifty per cent of the entire output the air brake department of the Westinghouse company for the next four years. The Westinghouse works are being enlarged to twice their old capacity, and together with the big con-tract will give employment to a small army of men.

ST. JOSEPH'S FOOTBALL TEAM VICTORIOUS.

U. N. B. Boys Defeated on Tuesday.

(Special to The Liberal News.)

MONCTON, Nov. 1-An exciting game of football was played at College Bridge this afternoon between teams represent-ing the Universities of New Brunswick and St. Joseph's respectively. The game resulted in a victory for St. Joseph's by a score of 8-3. Both teams played well. Boyle scored for the home team in the first half and McCourt, of St. John, made the second try after half time. H. K. Bowes, Dorchester, acted as referee.
