Sheep-receipts, 22,000. Market strong. Good to choice wethers, 4.00 @ 4.75. NEW YORK, Oct. 25 .- Union Pacific sold as high as 112 to-day, and the aggregate dealings in that stock footed up 360,800 shares. These astonishing occurrences were the central factor from which all others radiated, and there is little left to say of the market except in terms of wonder at its dimensions and its erration variety. The final break was from a rush to take profits on the day's enormous trad-ing and on a bear raid. The published asthat the retirement of the Oregon ne participating bonds had been ined on was the inciting cause of

this extraordinary movement. The truth of this report could not be learned from any source. Its exact benefits to accrue to Union Pacific were not very obvious. The buyant rise in St. Paul was regarded as corroborative of this assumption. The market was subjected to enormous profit taking throughout the day, and the result was constant irregularity and occasional weakness. The profit taking in the low priced stocks which were most conspicuous in vester by's market was very obvious t, but was ignored until late in Losses were the rule, running to between 1 and 2 points and even more in many cases. The closing was decidedly weak and without recovery. Bear raid ing was active, and rumou's of further violence against the Russian Am-

bassador in London prov 1 effective in breaking prices where former news was ignored. The strong deriand for gold from Paris and Berlin 's attributed to preparations for further loans to Russia.

Bonds were irregular. Total sales par value, \$11,047,000. United States bonds were unchanged on

MR. MCKEOWN'S WORK APPRECIATED

Seamen's Mission.

The prompt action taken by Hon, H. A. McKeown in presenting to the Dominion government the claims of the local sea mens' mission for a \$200 grant to assist them in their work has called forth from the mission people warm expressions of aission, Tuesday night, Mr. McKeown's endeavours came in for the highest commendation. The president, Mr. S. L. Gorprised members of the board of managenent and the ladies' auxiliary, and it was mission be forwarded to Hon. Mr. Mc-Keown by the secretary, Mr. J. N. Regers, for the interest he had taken in the wellrocuring this much needed grant which ill prove of immense assistance to the ission in carrying on its work during the

ouple of sites, which the mission has in lew for the erection of its new building hese sites are situated on the water front, ne on Prince William and one on Water treet, and the matter was finally referred

lemma as to how they will look after the creased number of sailors who are expected to visit the mission during the comng winter. Their present quarters, in the sion would move there, and would probably buy if the price was reasonable and the site satisfactory, but prospects of this are slight, and, as the mission is unwilling become involved in a series of movings, t has practically been decided to remain in the present quarters until such as are equired are obtainable. With this end in riew work will probably be soon started tearing down some partitions in the old it is considered that last year 29,000 visits were made to the mission by seamen, and that most of the sailors promised to bring friends next time, the need for larger quarters becomes apparent. The mission would welcome donations of carpet for hand bags and clothing for shipwrecked eded, especially about this time of year.

WITH THE WARD WORKERS.

The Liberal ward committees had splendid meetings on Tuesday evening. The attendance was large, and there was an increase of enthusiasm because of the magnificent success of Monday's public meeting. Messrs. Thomas McAvity, Jno. city candidate, Mr. R. O'Brien, visited most of the meetings on the eastern addressed the workers. Mr. Geo. Robertson, M.P.P., made a rousing speech Everywhere the visitors found the work ers very confident.

The committees of Guy's and Brook's ward were hard at work in their rooms in the Oddfelloows' Hall, Carleton, when Ald. Bullock dropped in. He was warm-ly received and when called upon made a stirring address, taking up some of the important matters of the campaign and explaining them in a most satisfactory manner. The address was an inspiring one and the voters tendered Ald. Bullock a hearty vote of thanks and hen took up their work with renewed rigour. The committees in Carleton, as everywhere else in the city, are strong work with the greatest energy and en-

MEMORANDA.

GOOD AMATEUR PERFORMANCE.

Important Meeting of the Prince Ramon Delighted Bright Prospects of the Lib-Those Who Saw It.

At the Opera House Tuesday evening Prince Ramon was presented under the auspices of the Neptune Rowing Club, and captivated the large audience pre sent from the opening chorus to the fall of the final curtain. There were numerous encores throughout the evening and everything reflected great credit on those responsible for the production. The scene of the extravaganza is laid in Seville, Spain, and the first act dis-

closes the court yard of the Santa Maria transported to the palace of Prince Raplendidly, his first song in particular, Uneasy lies the head that wears a being very tuneful, and rendered with all the singer's well known artis-

with St. John audiences, and she thoroughly deserved her enthusiastic wel-She was in excellent voice, and particularly pleasing, while in the duets with Mr. Kelly the two well trained ices elicited hearty encores. Miss Sutherland, apart from her singing, acted the character with just the right

Mr. E. W. Bowman was well suited in the character of Don Ramon, and his Harold White was heard to advantage as Don Miguel, the villain of the peace and he received able support from Mr K. W. Townsend as an English dude Mr. Owen Coll, as the Irish minister of lice, was particularly good. His son "Pretty Peggy Brady" went excellent ly, and there was not a dull momen while he was on the stage. Mr. Ralpl Fowler was as good as he always is. I Mr. Fowler is in the cast he invariably stands out as a fine character actor and as the Sailor Hiram he did excellen

Too much praise cannot be given t Mrs. Henning as Donna Isabella. She possesses a well trained and particularly sweet contralto voice, and had to re spond to numerous encores. "Teasing a most catchy and melodious song which Mrs. Hemming gave in the second act, assisted by a chorus of gracefu dancers, was the hit of the evening, and was redemanded several times. As the peasant girls, Galiana and Monica, Mis

Palmer and Miss Craigie sang very sweetly, and played their parts well.

The large chorus was divided up into various classes. The Cyndys, with Miss Maisie Titus as soloist, gave an excel lent rendering of their special chorus, and and incidentally a hearty cheer from the Neptune boys. The Red Hussars arch to perfection, and were constantdies and gentlemen afforded an oppor-tunity for most graceful dancing and pretty grouping. Miss Palmer and the gaiety girls danced and sang themselves into the favour of the audience, and had a most hearty reception, while the cos-tumes of the Senoritas and their fair wearers added to the general affect.

The orchastra under Miss Marion Glynn's skillful direction was never too prominent, and added much to the success of the evening. The Neptune Clul

Sutherland and Mrs. Henning, during the evening with boquets, which met with the hearty approval of the audience. Capt. Eddy has turned out a splendid roduction, in which it would be hard o find a weak spot. If, in spite of all be made it must be to refer to the ad mirable singing of the choruses. The parts were well blended, and of good-quality of tone. The lighting effects were quite a feature of the production, the coloured lights in the various dances being most picturesque. They were supplied by Mr. F. H. Trift's electrician at the Opera House. Prince Ramon will hold the stage of the Opera House for the remainder of the week, and bids fair

KANSAS RANCHMAN CALES FOR A CLOCK TO CALL PREACHERS TO TIME.

to rival all its predecessors as a success

TOPEKA, Kan., Oct. 23.—Hauch Glover, western Kansas churchman, has stirred up a big church war on a fight for shorter ermons from the circuit rider who serves his little church on the prairies of Haskell county. The scattered members don't have any other form of entertainment than the unday church service, and they want all they can get for their money.

Glover objects, and to-day made public is novel way of enforcing his idea. He insists that every church should have a big clock, and that it should be squarely in front of the preacher's face, so he could not dodge it. It should be a striker, and he noon hour should be struck on a gong that could be heard a city block. When the gong goes off it should be the signal should march out.

What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recail t nany of us the early days when our moth ers and grandmothers gave us our dail;

It was the universal spring and fall blood purifier," tonic and cure-all, and mind you this old-fashioned remedy was ot without merit. The idea was good, but the remedy was

crude and unpalatable, and a large quar Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude

In recent years research and experiment have proven that the best sulphur for medi cinal use is that obtained from Calciun inder the name of Stuart's Calcium Wafers. They are small checolate coated pe iets and contain the active medicinal pri ciple of sulphur in a highly concentrated effective form.

Few people are aware of the value of for the choir to stand up and sing two this form of sulphur in restoring and main verses of a closing hymn, and then, if the preacher does not quit, the congregation acts directly on the liver, and excretory organs, and purifies and enriches the blood by the prompt elimination of waste ma-

terial. Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and im purity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Cal cium Wafers is undoubtedly the best and

They are the natural antidote for liver and kidney troubles, and cure constipation and purify the blood in a way that often surprises patient and physician alike. Dr. R. M. Wilkins, while experimenting

ulphur from Calcium was superior to any other form. He says: "For liver, kidne and blood troubles, especially when resul ing from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and ever deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four of five days, leaving the skin clear smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms

of skin disease, as this remedy. safer, more palatable and effective prepar-
