Mr. H. N. Coates Speaks

GOVERNMENT BY THE PEOPLE OR GOVERNMENT BY THE GRAFTERS.

Under the Tories the C. P. R. imported construction material free of duty. Under the Liberals the G. T. P. are obliged to buy material made in Canada --- or pay duty on any imported stuff.

"The St. John Star" says "unless the Conservatives here wake up, they will hear something on Nov. 3rd that will break all surprised records,"

This means over 1,000 majority for McKeown and O'Brien.

The Liberals have not added a dollar to the public debt in eight years. The Conservatives added \$118,000,000.

Canada was the first British Colony to adopt 2c. postage. The people of Canada have gained \$1,000,000 by the reduction in postage.

The increase of foreign trade in seven years of Liberal rule--\$228,000,000. Increase in 18 years of Conservative ruie ... \$66,000,000.

The Star: "The Liberals have been saying little but sawin' wood."

Do you want plenty of work and good wages to continue, or go back to the old days of Foster and hard times?
