NEW YORK, Oct. 26.—Dealings in stocks to-day were not up to yesterday's record,

but the dimensions and the astonishing breadth and variety of the market were well maintained. The list was subjected to a pretty searching liquidation and severe irroads upon prices resulted. But the benefit to the market's health of this process began to be shown in the latter part of the day, when there were substantial recoveries from the low level. The reactionary course of the market was largely due to technical causes. Consideration was given to-day to the more material factors of the disappointing quarterly statement of the United States Steel corporation, the irritating tension between Russia and Great Britain and the prospects of a considerable gold export movement. Selling from the steel centers and from the west was very large, both of the United States steel stocks and the Pacifics and Penna showed the usual sympathy with United States steel. London also sold freely here. The reaction was not beyond control at any time. Rock Island and Ontario and West ern reflecting their employment as brakes to restrain the decline. The rally was not fully maintained and the closing was easy, but the urgent liquidation was not renewed. Bonds were heavy. Total sales, \$6,590,000.
Unad States bonds were unchanged on

CHICAGO, Oct. 26.—The apology by Russia for the shelling of the British fishing boats was largely the cause of a weak wheat market here to-day. A break in cash prices was an important factor. At the close both the December and May op-tion were off %c. Corn is up % @ %; outs how a gain of 4c, and provisions are practically unchanged.

OPPOSITION FALSEHOOD.

Hon. Mr. Cloran Pays Him THE POSITIONS OF SOME PROMINENT LIBERALS MISREPRESENTED.

Mr. James Pender Tells What the Government Has Done for the Steel Trade.-Mr. Eikin On the Nomination Papers of the Liberal Candidates.

The Telegraph yesterday published the names of several prominent liberals as having announced that they would vote against Messrs. Mc Keown and O'Brien. Included in the list was the name of Mr. James

Pender, of the Pender & Co. Nail Works. In a chat with the LIBERAL NEWS, Mr. James Pender said:

"I appreciate the benefits accruing to the nail business, and to the steel trade generally, through the anti-dumping regulations of the government; and have reason to believe that if it were not for the same the Canadian market would have been seriously disturbed by American steel products, including nails, being dumped in Canada this fall. On the railway question there is room for difference of opinion. My ideas may not agree with those of some other friends of the government, but in expressing them I did not authorize anyone to state how I would vote."

Talking with the Globe yesterday, Mr. R. C. Elkin, who has also been help up as opposing the government, said he was, and always had been, a liberal. "The best evidence of my position in the present contest," he said, "may be seen in the fact that I have signed the nomination papers of Mr. O'Brien and Mr. McKeown, and will vote for them and do all I can to secure their election.'

THE WAR CLOUDS DRAW NEARER.

London Papers Now Bellicose In Tone,

LONDON, Oct. 27 .- The tone of comparative moderation and calmness hi-herto shown by the press of London s observed to be yielding to one of an

The Daily Mail editorially speaks war threatening, and gives in scare headlines "ultimatum to Russia expires this afternoon," etc Without going to this afternoon," etc Without going to this afternoon," etc Without going to this afternoon," which was hung over from the Cross," which was hung over \$200. This was discussing the possibilities of war should the war party in St. Petersburg be able to influence the Emperor and government into a determination to shield the officers of the Baltic squadappropriate the true close, which was hung over the altar, costing over \$200. This was completed in 1862. Father Dunphy was removed to St. Stephen, and was succeeded by Father Quinn, but was again appointed pastor in 1867. It was then that the was not shield the cost of the state of the

A VALUABLE CARGO

Three Thousand Tons of

The Northern King started down the lakes with 3,280 tons of copper. She unloaded 340 tons at Detroit, and will church has cost \$19,000. The church leave 80 tons at Fairport, carrying the remainder of her cargo to Buffalo for shipment east.

was consecrated in 1871 by the late Bishop Sweeney, assisted by Rev. Fathers Michaud, Wallace and Ouellet.

RULERS TOASTED

NEW YORK, Oct. 28.—The annual dinner of the Iron and Steel Institute, which was also the official celebration of the second meeting of the Society in America, was held here to-night in the grand ballroom of the Waldorf Astoria. Along each side of the banquet hall the stars and stripes were intertwined with the British national colours and during the evening repeated reference was made to the increasing friendship between the two great English speaking countries.

Describing himself as an "humble dis-

ciple of the mighty apostles of peace, Mr. Andrew Carnegie proposed a toast to President Roosevelt and King Ed-

ward, saying in part:
"In both rulers we have apostles of peace, from whom further services may be expected, in the first, highest and problest of all causes—that of purging the earth of its foulest stain, the killing of human beings by human beings ike wild beasts.

"Gentlemen, I give you the combined toast—probably never before proposed. To the two rulers of the English speakng race; hailing them as potent apos-

NEW YORK, Oct. 26.-Mr. Carnegie's of the Steven's Institute of Technology, responded. R. V. Raymond responded down the other tube into the water to the toast "The Iron and Steel Institutes.

JOHN MORLEY

HONORED.

(Special to Liberal News.) MONTREAL, Oct. 26.—At a special convocation meeting of McGill University, Mr. John Morley was given the

Hon. S. W. Fielding: The lesser sums our predecessors expended was extravagance, because they did not have it to expend; the larger sum we have expended is economy, because we have lived within

LIGHTNING

CAUSED FIRE (Continued from Page 1.)

bell therein, and the sum of \$855 being necessary to defray the expense. first church picnic was held in Carleton with much success. Not satis fied with the interior, Father Dunphy engaged Mr. Swift, a competent artist to frescoe an dornament the interior A new Gothic altar was put in instead observed to be status, and gives in scare of the old one. The ceilings were pannelled, and Father Dunphy from his own that the present church came into being Father Dunphy, a year after his return conceived the idea of enlarging th church. The amount of \$2,156 was co lected, and work was commenced in 1869 by constructing a new roof over the old one. The steeple was completed in the same manner under skilled artisans. church was pronounced one of the mos beautiful wooden structures in the Do Copper.

DETROIT, Oct. 26.—What is characterized by the Detroit Tribune as probably the richest cargo ever carried by a steamer on the great lakes passed down the Detroit river to-day on the steamer Northern King. The vessel's load, composed exclusively of copper ingots and slabs from Portage, Lake Superior, is valued at \$850,000.

The Northern King started down the frescoed and otherwise ornamented the frescoed and otherwise ornamented the

> Father Dunphy on his death was succeeded by the Rev. Thos. Connolly, and then by Rev. J. J. O'Donovan, the pre sent pastor, who has added improve ments to the church.

Two splendid statutes and a new aler carpet, the latter costing \$300, were among the articles saved from the fire Father Dunphy is buried in a vault inder the vestry, and the tablet erected to his memory in the church was for tunately saved.

EIGHT DAYS

IN THE AIR.

Santos-Dumont Hopes to Make a Long Trip in His New Airship.

PARIS, Oct. 26.-M. Santos-Dumont says he hopes by next month to be ready to take an eight-day cruise in the The new airship he has had con structed is larger than any that he has hitherto used. It has sleeping accom-modations for two persons, four motors and a boiling apparatus.

The latter is connected by means of two India rubber tubes with the balloonet which is inside the balloon. The water tank will contain 100 litres, and the spirit tank from 400 to 500 kilo-grammes of essence. As soon as, hrough a change in the atmosphere, the gas in the balloon condenses, Santos Dumont will set the boiler to work. It will be filled with twenty litres water, and the steam will be conducted NEW YORK, Oct. 26.—Mr. Carnegie's toast was drunk by all standing, and amid great applause. The assemblage sang "My country 'tis of thee" and "God save the King." The toast to the "Reception Committee" was given by Sir James Kitson. The toast "Our Guests" was proposed by E. Windsor Richards, former president of the Iron and Steel Institute. Rear Admiral Coghlan and Dr. Alexander C. Humphreys, president of the Steven's Institute of Technology. the boiler, and condensed steam will run

The supply of water will thus last in-definitely. The stay in the air will be limited by the quantity of essence which can be carried.

PHILADELPHIA FIRE

PHILADELPHIA, Oct. 26.—Fire to ight did damage to the amount of \$30, 000 in the pattern shop and brass foundry of the Neafie & Levy shipyard. A large number of patterns and plans were destroyed, among them several for the construction of the U. S. cruiser St. Louis now on the ways in the yard. An official of the company said to-night that he loss of the plans would probably eause some delay in the launching of the cruiser.
