EXTENSIVE MILL PROPERTY FOR SALE.—To be sold by Private Bargain.—All that large and extensive MILL PROPERTY, situated about a mile and a half from the mouth of the Nashwaak, nearly opposite Fredericton, and consisting of one Mill, containing six Saws in single Gages; one Mill, containing two Saws in single Gages; with a Grind Mill, in good order, driving two pair of Stones.

The Saw Mills are capable of containing as many Gangs as there are saw single Saws, which could be substituted with double Saws, if desired. The property is situated in a beautiful spot, and is in perfect order, and some of the Gangs could be driven throughout the entire year, as there are always several of the Saws kept going during the winter; and the first Mill has the same advantage. The Draw is in perfect and complete order, having been completed at very great expense, and runs entirely across the River Nashwaak, thus securing the whole waters of the River for the driving of the Mills.

Connected with the Mills there is a fine large Store, well adapted for the business of the Country, also a Blacksmith's Shop, and a good Cottage and Garden attached, well suited for the Manager of the Mills, besides a number of Houses suitable for the Workmen at the Mills.

There is also a tract of Land on the Eastern side of the River, containing 800 acres, and about 200 acres on the Western side, the latter embracing the Holybrooke farm, and the whole highly capable of cultivation, and precluding any interference by other Establishments on the River. These valuable Properties will be given to the Purchaser. There can scarcely be found within this Province such a valuable Water privilege, and it is therefore well deserving the attention of any party wishing to embark in the Lumber Trade; the whole can be seen at any time, and full particulars given on application to Messrs. W. J. Bedell & Co., Fredericton, Charles Perley, Esquire, Woodstock, or to the Subscribers at St. John.
