

THE EARL OF ALDBOROUGH

HOLLOWAY'S PILLS!

The Earl of Aldborough cured of a Liver and Stomach Complaint.

Extract of a Letter from the Earl of Aldborough, dated Villa Mexina, Leghorn, 21st February, 1845.

TO PROFESSOR HOLLOWAY.

Sir,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; nay, not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Pot of the Ointment, in case any of my family should ever require either.

Your most obliged and obedient servant,

(Signed) ALDBOROUGH.

Wonderful Cure of Dropsy of Five Years' standing.

Copy of a Letter from Mr. Thomas Taylor, Chemist, Stockton, Durham, 17th April 1845.

TO PROFESSOR HOLLOWAY.

Sir,—I think it my duty to inform you that Mrs. Clough, wife of Mr. John Clough, a respectable farmer of Aekham, within four miles of this place, had been suffering from Dropsy for five years, and had had the best medical advice without receiving any relief. Hearing of your Pills and Ointment, she used them with such surprising benefit that, in fact, she has now given them up, being so well and quite able to attend to her household duties as formerly, which she never expected to do again. I had almost forgotten to state that she was given up by the Faculty as incurable. When she used to get up in the morning it was impossible to discover a feature in her face, being in such a fearful state. This cure is entirely by the use of your medicines.

I am, Sir, yours, &c.

(Signed) THOMAS TAYLOR.

A Cure of Indigestion and Constipation of the Bowels.

Copy of a Letter from G. R. Wythen, Esq., Author of the "Book of the Battle," &c.

The Bryn, near Newtown, Montgomeryshire, North Wales, March 3, 1845.

TO PROFESSOR HOLLOWAY.

Sir,—I consider it my duty to inform you that your Pills, a few boxes of which I purchased at Mr. Moore's, Druggist, of Newtown, have cured me of constant indigestion and constipation of the bowels, which application to literary pursuits had long entailed upon me. I should strongly recommend Authors, and studiously disposed persons generally, to use your valuable Pills. You have my permission to publish this note, if you wish to do so.

I am, Sir, your most obedient servant.

(Signed) G. R. WYTHEN BAXTER.

A Cure of Asthma and Shortness of Breath.

Extract of a Letter from the Rev. David Williams, Resident Wesleyan Minister at Beaumaris, Island of Anglesea, North Wales, January 14, 1845.

TO PROFESSOR HOLLOWAY.

Sir,—The Pills which I requested you to send me were for a poor man of the name of Hugh Davis, who, before he took them, was almost unable to walk for want of breath, and had only taken them a few days when he appeared quite another man; his breath is now easy and natural, and he is increasing daily in strength.

(Signed) DAVID WILLIAMS.

UNITED KINGDOM

LIFE ASSURANCE COMPANY

OF LONDON.

Capital, £1,000,000 Sterling.

AGENT, ALEX. BALLOCH, SAINT JOHN.

MEDICAL OFFICER, LEBARON BOTSFOORD, Esq., M. D.

STANDING COUNSEL AND SOLICITOR, None as yet required.

THE high estimation in which this Company is held in Great Britain is evinced by the great increase of its business, and the hitherto unprecedented division of Profits granted the Assured, whilst the unprecedentedly numerous highly respectable Persons in this City already participating in its success, bear ample testimony to its merits.

This Company possesses nearly all the advantages of a Mutual Insurance, without making the assured liable for Losses, and invites comparison with other similar institutions, without fear of suffering by it in the estimation of the Public.

"The very essence of Life Assurance consists in its converting a contingency into a certainty of enabling a man to accomplish in a few days, or even hours, an object which he may never realize in any other way during a long life. Whilst in health is the time to insure, not when, or after, accidents or sickness occur, rendering the risk then liable to be rejected altogether, or charged at an increased rate of Premium."

The Proposals are forwarded by Steam Packet to a Board of Directors in London, and the acceptance or rejection of the Risk advised by return mail immediately following, thereby affording the greatest possible despatch.

Rules of the Society, Blank Forms of Application, and all information connected therewith, furnished by the Agent, at his Office in Dunn's fire-proof Building, Prince William Street.

EXTENSIVE MILL PROPERTY FOR SALE.

Is sold by Private Bargain.—All that large and extensive

mill, situated about a mile and a half from the mouth of the

Nasheweak, nearly opposite Fredericton, and consisting of one

mill, containing six Saws in single Gates; one good order, driving two

pair of stones.

The Saw Mills are capable of sawing as many Gangs as there

are now single Saws, which could be substituted at little cost; they

are in perfect order, and some of the Gangs could be driven

throughout the entire year, as there are always several of the

Saws kept going during the winter; and the first mill has the

advantage of being situated on the River Nasheweak, and the

entire property being completed at very great expense, and runs

entirely across the River Nasheweak, thus securing the whole

waters of the River for the privilege of the Mills, and the

Manager of the Mills, besides a number of Houses
