PIGSKIN CHASERS HAD GALA DAY ON SATURDAY.

Senior Neptunes Draw With U. N. B.— Junior Neptunes Defeat Fairville— Free Fight at a Chicago Game—McGovern Wants to Fight Britt.

The Neptunes and U. N. B. met on the Shamrock grounds, on Saturday afternoon, for the second time this season.

A good crowd of spectators were present and they one and all, appreciated very much, the fact of the managing committee having taken steps, by getting the kind permission of the chief of police, to allow three constables to be in attendance at the grounds, to keep out the small boys, and see that order prevailed throughout the game.

At 3.30 the Neptunes kicked off against the wind, playing down the hill, when the order of the day seemed to be nothing but scrimmages, which unfortunately for those who had braved the cold weather, in the hope of witnessing some good play, continued throughout the game. Both sides did their share of attacking, but the extreme weakness of the quarters on both sides, upset all chances of either quartette, settling down to good passing, and so showing up the most pleasing feature of the game of Rugby football. When half time was called, neither side can have claimed to have had more of the game than the other.

At the restart, U. N. B. kicked well down the field, and commenced their first attack of any account, and by really hard "scrum" work, managed to get the ball within five yards of the home team's goal line, but they upset all their chances of scoring, although just on the point of it, by one of their forwards picking up the ball in the "scrum," for which offence Neptunes were awarded a free-kick. White, taking the kick, landed the ball well up the touch line, thus placing his side out of danger. It now seemed to be the Neptunes' turn to do a little attacking, and from a scrum in their opponent's twenty-five, the ball came well away to Thompson, who passed it on to Fairweather, and he in turn passed it to Emmerson, but the latter hung on to it too long, instead of passing out to Burpee and thus missed an almost certain score for the home team. From now, till the call of time, it was nothing but a succession of "scrum," and when the whistle blew, for no side, neither team had scored, and the game was left drawn.

From a football standpoint, the game was distinctly disappointing, due chiefly to the weakness of both

sets of quarters, as the ball was repeatedly heeled out by both packs, but the quarters, instead of watching for the ball, seemed to think that their particular game was, to watch their opposing quarter, irrespective of where the ball might be, a very great mistake, as any player, if he stops to think a moment, cannot but see, that the side doing the attacking, have no need to watch their opponents, they are the ones who need to be watched.

Both packs of forwards, played up well and were very evenly matched. Makoolm for the home team played his usual hard game, while Vince was very prominent in the following up of all kicks. In the pushing department they all worked like trojans; Powers did good work in the open. The quarters they were were most disappointing, in their attacking play, although both keen tacklers. Marshall was sadly missed here, and had he been able to play, the game would probably have gone quite a different way, for the home team.

The half-backs all did well, what little came their way, Emmerson would be an excellent partner in the centre for Fairweather if he would only learn to pass the ball a little more. White played a good game at fullback kicking well, and doing all the necessary tackling, that came his way.

Spectators would be better pleased if players would try, and get down to the grounds on time these cold days. (who said Harrison?)

Junior Neptunes and Fairville.

Owing to the lateness of the start, of the Senior game, this match did not commence till 5 o'clock, when Neptunes kicked off, playing down the hill.

They commenced pressing from the first, but were unsuccessful for some time, before their efforts were rewarded by their ring half scoring wide out, Ellis took the kick, but was unable to add the desired major points.

From the drop-out Neptunes returned to the attack and had a free-kick awarded them for off-side play on the part of one of the Fairville players, right under their opponents' goal posts, Ellis decided to take a drop kick, but failed, an excellent opportunity of scoring thus being lost. Fairville touched down, and

from the kick off, rushed the ball well down the field, and made matters pretty lively for the Neptunes for some little time, but were unable to score, and half time arrived with the score standing 3 points in favor of Neptunes to Fairville's nil. As the light was beginning to fail, both teams decided to commence the second half right away, but even this, did not prevent the game from being stopped 10 minutes before the proper time. Neptunes during the 15 minutes play, managed to score 1 try more, thus leaving them at the finish of play, 6 points, (two tries) to Fairville's nil. The game was concluded before full time with the consent of both Captains.

Fairville are a much improved side, and with a little more practice, next year should render an exceedingly good account of themselves in the league pictures. Maisson one of their centre halves was the best man on the field. Dr. Curran was lagged out, after his hard game with the Senior team. All the Neptunes men played well and when they meet Carleton for the championship of the League, an exceedingly interesting game should result.

In the Intermediate league teams between the Carleton and Neptunes, both are tie for first place and another game will take place this week for the championship.

Free Fight at Football Games.

Chicago, Nov. 3.—A free fight resulted from the football game yesterday afternoon between the South Chicago Clubs and the Tosetti football teams. The referee was the cause of the trouble, and the victim of the outbreak. Many of the 500 spectators present took part in the fight. Sergeant Brant and a patrol wagon filled with policemen succeeded in quelling the tumult after ten minutes of vigorous clubbing.

In the second half when a few yards might give victory to either side, Referee Hugh Stevenson decided that the Tosettis were guilty of an off-side play, for which the penalty was five yards.

A number of bystanders vehemently objected. But the referee was obstinate. The bystanders, finding arguments vain and curses unheeded, fell upon Referee Stevenson and beat him.

A general fight at once opened. The members of the two teams plunged headlong into a pugilistic battle that was but little more sanguinary than the game itself had been. Fifty or seventy-five men were engaged, and many speedily were disabled. That part of the crowd that did not mingle in the melee contributed to the turmoil by throwing stones and clubs at the masses of fighters.

The battle raged half an hour before the police arrived and dispersed the mob.

Scores were bruised and kicked and beaten. The referee, although most badly battered, was taken to the police station along with the three principal offenders.

Yachting.

Montreal, Nov. 4.—Capt. Thomas Fullerton, of Saltcoats, Scotland, who used to sail sailing vessels to Canada years ago, and who, before he retired, ran liners with twin-screws to the Far East, is in Montreal.

Speaking of the Clyde Yachting Club challenging for the Seawanhaka Cup, he said:—"Oh yes. We'll challenge all right, but you've got to remember we do it for sport entirely. I don't know how you fellows take it. We build boats for the sea not for fresh water sailing, but we'll make a try for the Royal St. Lawrence Yacht Club's trophy, and if we win we shall consider it a big feather in our cap. But I really don't know what may come out of it. It is popularly supposed across the Atlantic that the Royal St. Lawrence Yacht Club prefer as challengers the best drawing card, and we may, be out of the hunt. However, it seems to me that since the Clyde is the home of yacht-building in Europe, no challenge should be so readily accepted as one from there.

The Oar.

London, Nov. 3.—Negotiations are proceeding for a race between Towns and Stanbury for the world's championship at Easter, and there is every indication that the contest will be arranged.

McGovern After Britt.

Terry McGovern has issued a challenge to meet Jimmy Britt in a twenty-round bout at 130 pounds, ringside. McGovern says Britt promised to meet him when Britt was East last spring. McGovern's manager is bent on arranging such a fight, and announces that he will deposit \$2,500 today to bind the match.

The Ring.

Chicago, Nov. 4.—On behalf of John Wille his manager, Jack Curley, is hot on the trail of Jack Root, George Gardner, Marvia Hart or Bob Fitzsimmons. Curley today posted a forfeit of \$1,000 for a fight between Wille and any of those named, the \$1,000 to go as forfeit for weight and appearance, and any terms suitable to the other parties.

Curley has Wille billed for a six-round go with Jack O'Brien before the National Club at Philadelphia next Wednesday night.

Horse Notes.

Mr. Letourneau of Oakland has sold the stallion Nelson, by Nelson 2.09, out of the mare Headlight, by Dictator Chief, to Harry Hilton, who has just leased the hotel at Kingsfield and taken possession. Mr. Hilton will keep Select Nelson for breeding purposes. Out of the long string of horses that Mr. Letourneau has bred Johnny Wilkes, 2.17, is all that he has left.

Dan Patch Failed.

St. Louis, Nov. 5.—Dan Patch failed at Belmont track today to equal his world's pacing record of 1:56 made at Memphis two weeks ago, but succeeded in making a mile in 2:01 flat, thereby breaking the state record of 2:02, which was made by his sire, Joe Patchen, in his great

Whist Tournament.

A cordial invitation is extended by the members of the Neptune Rowing Club to all friends of the club to pay them a visit tomorrow evening and incidentally to inspect the improvements which have just been completed. A duplicate whist tournament with the Thistle Curling Club will be in progress during the next three weeks and the first trial of skill between the clubs will take place this evening in the new card room. Five club and the following members will represent the N. R. C. F. E. Hamilton and A. H. Merrill, C. Leo Day and F. R. Campbell, C. S. Everett and A. E. Everett, F. Hogan and F. Foster, C. D. Robinson and R. E. Walker.

AT THE YORK THEATRE.

Tonight is the commencement of the 8th week of successful vaudeville at this popular play house, and it will prove a banner week, for it offers one of the best bills yet presented. It is a laughing show from start to finish, headed by the four Breens who are a hit everywhere, Cavanaugh and Hamilton, introduce the funniest burlesque boxing act in vaudeville. Clarke and Temple are members of the laughing trust, and will keep the audiences in the best of humor. Kimball and Donovan are exceptional banjoists and play classical as well as popular airs with a finish that is entrancing. Kittie Hoffman presents 15 minutes in merriment in her monologue specialty. Bobby Fields is a comedian with a different style of work, than any yet in vaudeville. Chas. E. Edwards, the happy tramp, will do his share of fun making. He has no superior, and few equals as a tramp comedian. The whole show is bright, and well balanced. A children's matinee is on the card for Tuesday afternoon at 4 o'clock.

THE LARGE DAILY CIRCULATION OF THE TIMES MAKES IT AN EXCEPTIONALLY GOOD MEDIUM FOR UP-TO-DATE ADVERTISERS.

WEST END NOTES.

The members of the Presbyterian church of west end are requested to meet on Wednesday evening to extend a call to a new pastor for the church. The congregation has several ministers in mind for the call.

The Neptune rowing club's boat house has been put into winter quarters in Dunn's slip at the head of Union street.

The C. P. R. elevator already contains several carloads of grain for the first of the winter port steamers. The general feeling at Sand Point is that this season will be a banner one for business.

HE VOTED FOUR TIMES.

Hon. Sydney Fisher's Father, Aged Eighty-Eight Years.

It is not likely, says Friday's Montreal Herald, that many voters of nearly ninety years of age had the privilege of going to the polls yesterday. Dr. Fisher Minister of Agriculture, will if he lives for another year and a half, be ninety years young, as Elbert Hubbard puts it. The Doctor has attained this ripe age with faculties unimpaired, except a waning eye sight. He recently visited Europe alone and unattended, and says if his eye sight improves his next trip will be to Australia and New Zealand.

He registered four liberal votes yesterday. In order to do so he had to stay over night at Adamsville, voting yesterday morning for his son in Broome. He then took a train for Montreal and voted for Peter Lyall in St. Antoine division and Ald. Gallery in St. Ann's. Taking the train for Lachine he voted in Jacques Cartier for Mr. Boyer. He was a central figure at the Herald headquarters in the St. Laurence Hall last night long after many of the younger enthusiasts had gone home, tired and satisfied.

MARINE NOTES.

Two Canadian schooners recently made quick trips to the south. The Alma, Captain Henebery, arrived at Cardenas from New Brunswick, making the run in three-and one-half days. Schooner Prosperare, Captain Summerville, made the trip from Mobile to Havana, in 70 hours.

The West India steamer Aurora, Captain Seely, sailed Saturday night for the south via Halifax, with a general cargo.

Norwegian bark Dione, Captain Olsson, cleared today for Buenos Ayres, with a cargo of dry lumber.

British steamship Boston City, 1483 tons, built at Sunderland, England, in 1893, now at New York, has been sold for \$36,500 at auction.

Among the arrivals of yesterday reported by the officers of the barge office, was the British schooner Pandora with a cargo of pulp wood for Yarmouth from St. John. The vessel was towed into port by the tug Casco and will be towed to Yarmouth to discharge today. Another arrival of the day was the British schooner Greta with a cargo of car timbers from New London, Conn., to Montevideo, N. B., in for a harbor, owing to head winds outside.—(Portland Argus, Nov. 6.)
