ST. JOHN IS SORRY TOO.

Evangelical Alliance Expresses Regret at Dr. Caven's Death.

The regular monthly meeting of the Evangelical Alliance, was held this morning in the Y. M. C. A. parlors. There were present. Revs. W. S. Pritchard, Dr. Wilson, S. Howard, J. W. A. Nicholson, A. J. Prosser, A. B. Cohen, C. Burnett, J. Lang, Dr. G. O. Gates, Dr. Poltheringham, J. A. Clarke, C. W. Hamilton, David Long, B. N. Nobles, H. V. Marr, M. S. Stratton, R. W. Ferguson, T. H. Marshall, John C. Coleman, and J. C. B. Appel.

On motion, it was decided to hold the week-of-prayer, January 1st, to St. H. A discussion followed as to the best method of holding it, and a resolution was passed that the preachers in the south end be notified to make arrangements for their section. The north and west ends to do likewise. On motion, a resolution was passed expressing the sympathy of the alliance with the family of the late Principal Caven in their recent bereavement. The resolution was as follows:

The St. John branch of the Evangelical Alliance desires to express its sense of the great loss sustained by the interests of evangelical religion by the death of Principal Caven, of Knox, College, Toronto. In him the cause of church union found an able and devoted advocate. As president of the Lord's Day Alliance, he spared no pains in furthering, by voice and pen, the effort to preserve the sanctity of the Christian Sabbath. His last communication to the public, through the press, was an appeal to both political conventions, meeting in Toronto, to adopt such a policy on the subject of temperance as would effectually close the public bar-room in Ontario. In him evangelical truth found a broad-minded but uncompromising defender. No one man can quite fill the gap which his removal has made.

The Alliance would respectfully tender its sincere sympathy to the bereaved family and pray that they may be sustained in their great trial.

Rev. D. Lang, read a paper on Biblical Teaching concerning the Holy Spirit. A vote of thanks was tendered Mr. Lang from the Alliance. The Alliance adjourned to Monday next, to hear the report of the committee on the week of prayer.

EXPOSING A HOODOG.

"I think Sir Walter Scott is largely responsible for the superstition as to opals," said the travelling salesman of jewellery. "Be that as it may it is still widespread. There is a large jewellery house in one of the big cities which will not handle opals. This means a loss of thousands of dollars annually. The founder of the house put a bar on opals and the third generation is keeping it up."

FAMINE IN RUSSIA.

Okhotsk, Russia, Dec. 3.—A severe famine prevails in the district of Gischiga owing to the small catch this year, and the failure of the arrival of two steamers loaded with provisions. The authorities propose despatching relief sledges drawn by reindeer and dogs, but it is doubtful whether this will be a success. Malis went thence by these means last winter did not get through.

MR. RUSSELL'S REPLY TO CHARGES AGAINST HIM.

Four Members of Government and Several Newspapers Will be Called on to Retract Scandalous Statements Made Relative to Him and the Daily Telegraph.

Montreal, Dec. 5.—(Special).—The Gazette today publishes the following letter from David Russell:

"A few days ago a certain irresponsible journal in Ottawa published an article in which I was subjected to an extremely scurrilous and entirely unwarranted attack. It is quite apparent to me that this attack was inspired, and the article prompted, by people not directly concerned in the publication of this obscure sheet, whose editor probably desired the notoriety resulting from a criminal trial. For this reason I saw no necessity for making any public statement at that time in connection with the matter touched upon. However, as this article has now been reproduced by a Toronto paper of some prominence, I find that the time has come for me to take the necessary steps to refute the libellous charges made against me, to vindicate my character, and to disprove fully and completely the insinuations against my honor."

"It is quite true that there are several contractors among the shareholders of the Abbey Effervescent Salt Company, but all the shares of this company that have been sold to the public, have been disposed of for working capital. I have not only not sold any of my own stock, but moreover have at the present time more than \$100,000 of my own money actually invested in this enterprise."

Alleged Maine Burglars in Grand Falls Jail.

GET CLEAR AWAY.

They Were Suspected of Burglarizing a Store at Fort Fairfield --- Made Successful Break For Freedom Last Night.

Grand Falls, Dec. 5.—(Special).—The two alleged Maine burglars, who were arrested here Friday morning on suspicion of having burglarized, Edwards' store, in Fort Fairfield, Me., and stealing over \$500, succeeded in escaping from the jail here, last night. Through a closet they worked their way to a cellar, with the aid of an iron bar, and then pried through a stone wall; their movements were very quiet since the jail-keepers heard no noise. On Saturday morning an information was laid against them before the Police Magistrate here charging them with bringing stolen money into Canada and they were remanded on that charge. Their preliminary examination was to take place at 2 p. m. today. Undoubtedly they would merely be held on this charge until an application was made for an extradition warrant. It is believed they received aid from their wives to make good their escape. Edmunston and outlying towns have been communicated with by telephone, to be on the lookout for the fugitives.

REV. C. W. HAMILTON

Talks of Post Office Affair and Civic Matters.

In the course of his address on temperance in Union hall yesterday afternoon, in the W. C. T. U. course, Rev. C. W. Hamilton mentioned the recent post office disturbance, asserting that liquor was probably at the bottom of it.

Mr. Hamilton touched but briefly on the post office matter, merely claiming that there was reason for believing that strong drink was an important factor in it. He also hinted that the civic interests were shackled because of intemperance.

"The liquor trade," he said, "produces some disastrous influence over our civic interests, and take that disgraceful thing which has been in the courts in our papers during the past week. I understand that the whole matter has grown out of the injurious influence of liquor."

Tonight at Brindley Street Salvation Army there will be a great united meeting of all City Corps. Service will be conducted by Adj. Cooper.

AGITATION FOR REFORM SPREADING OVER RUSSIA.

Mass Meetings Protest Against Bureaucratic Government and Call For Changes in Constitution, Freedom of Speech, Parliament and Other Changes---Passport Regulations.

London, Dec. 5.—A despatch from St. Petersburg to a news agency says: "A remarkable meeting of a thousand persons, the cream of the Russian intelligent classes was held here Saturday night. Among those in attendance were Maxim Gorki, Songovskiy the historian; Mme. Galina, the poetess; Mme. Shapi, the novelist; and other writers. Numerous resolutions were adopted, demanding constitutional reforms, freedom of speech, a parliament, etc. A poem was read denouncing the bureaucracy for carrying on an unjust war in Manchuria. The meeting closed at three o'clock. In the morning amid shouts of 'Down with the autocracy.'"

St. Petersburg, Dec. 5.—The marked independence of the attitude of the various classes in the recent Zemstvo meeting is evidenced by the action of the bar association today on the occasion of the anniversary of the codification of the laws under Alexander II. The association assembled at the regular hall set apart for this purpose by the government but found the doors closed by order of the procurator of the court of appeals corresponding with the attorney general. Thereupon, the three hundred members marched up Newsky Prospect to the town hall. There the president declined to preside, declaring that the meeting was illegal but the members refused to disperse, elected a chairman and passed a resolution censuring the procurator which will be officially lodged with interior minister Sviatopolk-Mirsky. The association entered into a general discussion of the causes why many of the laws passed 40 years ago remained dead letters and adopted resolutions declaring that the laws could not be in living force and protect citizens against misrule, until the inviolability of domicile and freedom of the press, conscience and association were guaranteed.

St. Petersburg, Dec. 5.—The commission which has been instituted to revise the passport regulations and to which the question of the recognition without discrimination of American passports has been referred by the foreign office has been enlarged and strengthened by the interior minister Sviatopolk-Mirsky. M. Malovsky Malavatch, succeeding Baron Tanbe as representative of the foreign office. The commission has not yet reached the question raised by the United States, The Novos Vremya, discussing the subject contends that long as the present Jewish laws are in force in the empire, it is possible to grant foreign Jews greater privileges than are granted to native Jews. Besides, the paper argues, from the frequency of lynchings and the general treatment of negroes, in the south there is more prejudice in the United States than in Russia.

St. Petersburg, Dec. 5.—The celebration of the fortieth anniversary of the reform in Russia was held at St. Petersburg, and Moscow today by a meeting of legal bodies. Resolutions were passed to the effect that the reforms could not be regarded as entirely satisfactory so long as guarantees of the inviolability of person and domicile, as well as freedom of the press and opinion, are withheld. St. Petersburg, Dec. 5.—Great enthusiasm is expressed by the press over the appointment of M. Kutler to be assistant minister of the interior. His is the most important of Minister Sviatopolk-Mirsky's appointments so far. M. Kutler is a man of wide experience and has been identified with all the branches of interior reform work. His appointment is expected to aid greatly to the progress of reforms among the working classes.

St. Petersburg, Dec. 5.—The lecture of Prince Tenishev in the hall of Jurisprudence Saturday evening, was vastly over-crowded. A thousand people entered the hall which is only capable of comfortably holding 800 and a big crowd overwhelmed the police outside. I. Gen. Faltov, the chief of police ordered out detachments of cossacks and police. Many of the crowd were trampled upon and severely but not fatally injured.

The procession contained representatives of all trades, callings and professions, bearing banners and the display of allegorical cars and floats was the finest ever seen here. Each division of the great procession was headed by a detachment of Mexico's finest cavalry in their buff leather jackets, who made a picturesque show. Among the distinguished northern visitors was Sir William Mulock, postmaster general of Canada and party.

A passenger on the train, in conversation with a Times reporter, said that the train was on time leaving Moncton, but during the trip to St. John the engine's steaming qualities were of such a character as to cause the delay, and several American people who were on their return home were unable to make connections here, and were consequently compelled to remain over until the Boston train to-night.
