

BOSTON NOW LEADS IN THE AMERICAN LEAGUE.

The Beaneaters have a Good Grip on the Penant--Saturday's Football Matches ---Horse Races at Moncton---Britt and Gans Matched---General News of all the Sports.

Boston Ahead Now.

Boston, Oct. 8.—The Boston won both games from New York today and thereby obtained a fairly good grasp on this year's championship pennant. In order to win New York must take both of next Monday's games played in New York.

In the first game today, Cheshbro weakened in the fourth and the Boston scored six runs, so Clarkson was substituted. Dineen was steady and effective throughout.

Neither teams could bat effectively in the second game, but a single, a sacrifice and an error gave the locals the only run of the game. The game was called in the 7th on account of darkness. Attendance 28,400.

Second Game.

R.H.E.
Boston..... 13 14 0
New York..... 2 7 2
Batteries—Dineen and Criger; Orth, Kleinow, Clarkson and Cheshbro. Time—1.55. Umpires—Sheridan and Connolly.

On the resumption of play the Neptunes looked like rushing matters, but the Trinity forwards, settling down, to good honest hard work, saved the situation; and although the Neptunes continually had the ball out to their halves, from which some good combination was shown, the lack of dash prevented their scoring. The halves were running too much from one side of the field to the other, instead of dashing straight for their opponents line. The Neptunes continued to do most of the pressing this half but were unable to break down their opponents' defence, and "no side" was called, leaving the score sheet standing—Neptunes, 1 goal (5 points); Trinity, nil.

Harrison of the Trinity team was far and away the best man on the ground, of the forwards, while Ledingham certainly took the honors of the one-quarter back line. Both teams failed to make use of the high wind blowing, for long points, which could have been put to immense advantage, had they done so. Of the display of football, on the afternoon's play, neither side can claim to have distinguished itself, too much loose play and "flying hacks" at the ball, making the game very tame at times to watch.

Geo. Robertson, who turned out for Trinity, proved a great help to his side, by his vigorous tackling, and was certainly the means of keeping the Neptunes from scoring two or three times during the second half. Quite a number of free kicks were given during the afternoon for off-side play, the chief offenders being the Trinity quarter backs. It would be as well if all quarter-backs would remember that they must keep behind the ball, when it is in the scrimmage and that they have no right to tackle their opposing quarters till the ball is really out of the scrimmage; also that the forwards must not pick up, or in any way handle the ball when in the scrimmage. A little more careful study of the rules, would be a great help to making the matches more interesting to spectators, and players alike, saving so many stoppages during the rules by many players.

Moncton Races.

Moncton Oct. 10.—The races here, on Saturday, were poorly attended, on account of the cold weather, but those who went to the track witnessed good racing. Golden Gate the St. John horse pushed Cassamire had in the 2.25 class while Annie Brevet, another St. John horse, in the 2.20 class made Ada Mac go her clip to win.

The following is the summary:

2.25 Class.
Cassamire, Moncton..... 1 1 1
Golden Gate, St. John..... 2 2 2
Dewey Guy, Springhill..... 3 6 3
Brown Hal, Amherst..... 4 3 4
McDuff, Fredericton..... 5 4 6
Ralph S., Halifax..... 6 5 5
Time—2.24, 2.25, 2.24.

2.20 Class.
Ada Mac..... 1 1 1
Annie Brevet..... 2 2 2
Gertie Glen, Woodstock..... 3 5 3
Estill Boy, Springhill..... 6 3 4
Clayson, Jr., Moncton..... 5 4 6
Banito, Sydney..... 4 6 5
Floetstep, Moncton..... 7 8 7
Time—2.20, 2.19, 2.18.

Floetstep and Banito collided in the first heat, breaking the wheel of Floetstep's sulks and throwing driver D. W. Wilbur, who escaped injury. The judges were; Chas. Bell, St. John; C. W. Robinson; Dr. Ferguson, Moncton; Timers—G. B. Willett, E. J. Thomson; Wm. Wilson.

A Big Surprise.

Paris, Oct. 9.—The Prix De Conseil Municipal, \$20,000, the great event of autumn flat racing, resulted in a huge surprise, a rank outsider, Presto to 11 owned by Gaston Dreyfus and ridden by Jockey Ransch, easily defeated the hitherto invincible English mare Pretty Polly, whom even the French public backed extensively at 2 to 1. Presto took and held the lead from the start and won without effort. Pretty Polly and Zinfandel another English crack make a keen fight for second place. The winner paid 66 to 1.

Made a New Record.

Lexington, Ky., Oct. 8.—Major Del-

mar marked a new trotting record today when he circled the track in 2.01, clipping a half second off the record made by Crestus at Columbus. Major Delmar used no speed contrivances.

The time was 2.01, 59, 1.29, 2.01.

The track was in perfect condition. His pacemaker was a runner driven by Scott Hudson. The terrific gait was almost too much for the runner, which gradually lagged behind. A second pacemaker was picked up at the half.

Morning Star won in straight heats the Wilson stake, 2.20 pace, valued at \$2,000.

Scott Hudson won the next two races with Mainland and Nancy H.

Choynski and O'Brien.

Arrangements have been made for the 20-round bout between Joe Choynski, the California heavyweight, and Philadelphia Jack O'Brien at St. Louis on Oct. 20. This will be the first time in nearly a year that Choynski has taken part in a battle.

Both men have started in training for the contest. O'Brien is getting into condition at a gymnasium in Philadelphia, while Choynski is rounding up into shape at his home at La Grange, Ill. Harry Sharpe of St. Louis, will referee the battle.

Expect Good Matches.

Jack and Mike Sullivan, the only twin brothers in the fighting game, are both looking forward to good fights in the near future. Jack has signed for a second battle with Kid McCoy, to be held at Los Angeles during racing week, while Mike is endeavoring to arrange a contest with Spider Welch, a Colorado City club having made a bid for such a fight. In the event of negotiations for the Spider Welch match falling through the twins will make a flying trip east as Jack has not been home for more than eight months.

Gans and Britt.

San Francisco, Oct. 9.—Jimmy Britt and Joe Gans have agreed to fight on October 31st under the auspices of the Shasto Club of San Francisco.

Rich Color and Soft Skin

May be imitated, but beauty is more than skin deep,—it is hidden in the blood. Eliminate the poisonous products of indigestion by Ferrozone and complexion rapidly improves. Increase the red coloring matter in the blood, give it more nutrition and more red cells, do this and cosmetics won't be needed. Give up cosmetics, they wither too quickly. Use Ferrozone and have your complexion firmly established. There isn't a case of blotched skin, poor complexion or lack of color that can't be quickly remedied by Ferrozone. Try it. Price 50c.

A FUEL FROM PEAT.

Walter Schumann, consul at Mainz, Germany, writes thus to the state department at Washington: "Osmun, a new fuel, is made from peat. The peat used contains 90 per cent of water of which 20 to 25 per cent is removed by means of an electric current. The peat is then further dried and passed through a machine which breaks it up and forms it into briquettes or nut shaped pieces. Osmun is free from sulphur and burns without slag or smoke."

THEY DIFFER ON CONGO QUESTION.

King Leopold's Administration Condemned By One Englishman and Upheld by Another.

Boston, Oct. 7.—King Leopold of Belgium was assailed for his policy as sovereign of the Congo Free State at a public meeting held here this afternoon in connection with the sessions of the international peace congress. The attack upon King Leopold was delivered by E. T. Morel of England, who represented the Congo Reform Association. Mr. Morel charged that the king was personally responsible in a large measure for the cruelties which are practiced on the natives of the Congo Free State in the terrible endeavors of monopolistic commercial organizations to obtain from the country all the ivory and rubber that was possible. The king was defended by George Herbert Head of Cambridge, England, who submitted that Leopold had done all possible to remove the cruelties and who also urged that whatever profits came from the training and development in the Congo did not pass to King Leopold at all, but were expended instead to the development of the Congo state and in public works in Belgium.

(Brooklyn Eagle, Oct. 4.)

One of the most interesting lectures heard this season in Association Hall, Young Men's Christian Association building, 502 Fulton street, was given last evening by George Herbert Head, B.A., of Cambridge University, England, whose subject was "A Bright Chapter in the History of Dark Africa—The Congo Free State." The speaker was well equipped for his subject, for he has spent in the Congo Free State the greater part of his life.

The hall was almost filled with those interested in the country and its people and when Mr. Head in a brilliant oratorical flight, stated that the agitation against the present conditions begun in England and now extending to the United States was due not to a deeper consideration for the negro, but because it was seen that the state must be most important commercially in the future, his hearers broke into applause that was continued heartily and long. The lecture was illustrated by many stereoscopic photographs of the country and its people.

Mr. Head told of the birth of the country whose integrity and fair name he is trying to protect by his lectures and to King Leopold, of Belgium, he paid large tribute for his labor his interest, and his money which had been poured freely into a land where there seemed to be little hope that the difficulties that opposed colonization could ever be overcome. The lecturer spoke of the commercial future of the country, which, he said, must be great. It was this feature which caused England to cast jealous eyes toward it, as she had toward other lands, and her motives in calling attention to isolated cases of the brutality of whites were not love for the negro, but because the country was barred to her. The business of the country, the control of which is envied by outsiders, is mainly in ivory and rubber, and in these industries enormous

sums of money have been invested. In the future there will be other resources made available, for the mountains are full of valuable ores, which though they have been found, are not of commercial value as the mining regions are not accessible by wagon or railroads. To protect the great investments which he has made to give back to the Belgians the property which they have bought King Leopold has made a will which leaves the state to Belgium if his country cares to take it. Alone of all the states Belgium may have it free, her king asking no return for the great sums he has given to make one bright spot on the dark map of Africa. In the contingency that Belgium does not care to take the country France will have the next chance; but should France accept the trust she must pay back to Belgium all that has been spent in making the country.

TAKE YOUR CHOICE.

Readers of newspapers who have a penchant for making acrostics find plenty of opportunity to gratify their bent in the present campaign. Propheying the result of the election on Nov. 8, the Toronto Mail and Empire (conservative) perpetrated the following in its editorial columns:
