

TEN THOUSAND WERE PRESENT AT HORSE SHOW.

Great Society Event in New York Yesterday—The Gowns of the Ladies Among the Leading Attractions—A Brilliant Scene.

New York, Nov. 16.—The crowd at the horse show in Madison Square Garden today, was the largest of the present meeting. In the afternoon nearly all the boxes were filled with fashionably dressed women, and 10,000 persons witnessed the exhibition. The evening attendance was the largest and most brilliant so far this week. The attraction was the Waldorf-Astoria cup for gig horses, and to see this event society arrived early. The boxes were well filled and the gowns of the women proved one of the leading attractions to the thousands who thronged the balconies.

For two hours the promenade presented a brilliant picture, changing incessantly. Good natured crowds, drawn from every walk in life, followed their way around the concourse seeking vantage points. The occupants of the boxes held informal receptions, and the occasion seemed more like an entre-act at the opera than an exhibition of horses.

The first big class event of the afternoon was the champion prize of \$200 for mares which had been blue ribbon takers in other classes of this year's show. Queen Welcome, one of the string brought here from England by Robert Whitworth, took first honors, the reserve ribbon going to

Eben D. Jordan's Mistress Marjorie. The largest prize awarded this week, the challenge cup, went to Mr. Jordan's black hackney stallion, Gentleman John. As this horse won the cup last year, today's victory gives Mr. Jordan permanent possession of the trophy.

Lord Brilliant, Mrs. John Gerken's chestnut gelding, one of last year's blue ribbon winners, won first honors in the class for horses attached to runabouts, over Mrs. J. B. M. Grosvenor's horse Elevation, and Alfred G. Vanderbilt's Lady Katherine, out of a field of 20 competitors.

An interesting event was the four in hand contest between Mrs. Grosvenor and Miss Ella S. Ross of England, which was won by the former. The Corinthian class of jumpers was won by Mrs. Thomas Hitchcock, Jr., with Kingsman.

Eben D. Jordan has won the most prizes this week. His horses have taken ten blue ribbons, three seconds and one third.

Ten horses appeared as contestants for the Waldorf-Astoria cup. Eben D. Jordan's Hildred was declared the winner, with Burlington, the property of James Hobart Moore of Chicago, the reserve.

Among the well known people present were the Duke and Duchess of Manchester.

Morning News in Brief.

Local.

Robert H. Derrah, formerly of this city has been appointed passenger and advertising agent of the Boston & Northern and the Old Colony street railways.

A meeting of the Fabian League will be held Friday evening in Berryman's Hall for election of officers and discussion of the winter programme.

The last lecture of the season to the Bearer Corps, was to have been delivered last night. Owing to slim attendance, however, it was not given. The examinations will take place next Thursday night.

There was a good attendance at Carleton Baptist church last night, when an excellent entertainment was given. Vocal solos were rendered by Mrs. J. Tufts, Miss M. Scott, Mr. Kingsmill, and S. J. McGowan; a flute solo was given by Harry McDuffie, and piccolo solo by Mr. Ross. Miss Wetmore and Wm. Thompson gave readings, while the Carleton band quartette was very pleasing in vocal and instrumental selections.

Lumbermen are becoming active regarding the season's operations. It is estimated that there will be 65,000,000 less lumber cut on the upper St. John than last year, which means that the coming season's cut will not be half the amount of last year. The main river is at present quite clear of lumber, while there is about 25,000,000 feet in the brooks between Grand Falls and the head of the river at Kilburn's limits.

Coroner Kenny has decided to hold an inquest, into the death of Ruby Ferguson the Carleton girl, who died yesterday morning from the effects of carbolic acid. The following jury was chosen: Wm. Allingham, (foreman), John F. Ring, J. Leslie Smith, Thomas Morrissey, Leonard Turner, Alex. Kindred and Sutton Roxborough. The inquiry was adjourned until Monday night at 8 o'clock in the City Hall.

TIME.

By Theodosia Garrison.

When I think sometimes of old griefs I had,

Of sorrows that once seemed too harsh to bear,

And youth's resolve to never more be glad,

I laugh—and do not care.

When I think sometimes of the joy I knew,

The gay, glad laughter ere my heart was wise,

The trivial happiness that seemed so true,

The tears are in my eyes.

Times—Time the cynic—how he mocks us all!

And yet today I can but think him right.

Ah heart, the old joy is so tragical.

And the old grief is so high.

Berniah Norrad, of Boistown, one of the best known guides on the Miramichi, left last evening on a trip to the World's Fair. His expenses will be borne by a party of sportsman who have hunted big game with him.

The annual meeting of the Agricultural Society No. 84, was held in Fredericton yesterday. Satisfactory reports concerning last year's operations were adopted and officers elected. It was decided to hold an exhibition there next year.

The governors of King's College have decided to establish a school of engineering at Sydney. The work of the school will include civil, mechanical and electrical engineering and students will have the advantage of being near the great works of the Dominion Iron & Steel Company, where they can secure practical application of their courses. Until permanent quarters are secured the work of the school will be conducted in the assembly hall of the Sydney Academy.

Two Moncton boys and two English lads were sentenced to six months in jail at Quebec yesterday, on a charge of stealing a quantity of cigars from an I. C. R. box car. The lads were arrested at St. Charles Jct., by I. C. R. police and taken to Quebec for trial.

At a meeting of the Halifax city council last Thursday, the offer of Barbour and Co., of Boston to report on the water service, was accepted, the amount of remuneration not to exceed \$2,000. At a meeting of the council, last night, a letter was read from Mayor Crosby in which he stated that he found it necessary to veto the vote of the council engaging Mr. Barbour, as he was a citizen of the United States. He said there were plenty of competent engineers in Canada. The veto was sustained by the council and a despatch at once was sent to Mr. Barbour notifying him of the vetoing, as he was to have left Boston tonight for Halifax.

General.

A despatch from Ottawa, says that Hon. W. S. Fielding, minister of finance, on account of pressure of business, has been obliged to decline the invitation to address the Canadian Club in New York.

ONE ROBBER CAPTURED.

His Captors "Got a Drop on Him" And He Wilted.

Omaha, Neb., Nov. 16.—A special from Cheyenne says the robbers who held up and killed Cashier Middaugh of the Cody National bank and made their escape with a considerable sum of money, have been captured in Northern Wyoming.

Kansas City, Mo., Nov. 16.—A special to the Times from Cody, Wyo., says:

"According to news received by telephone from Thermopolis, only one man has been captured. This was the larger of the two men who robbed the Thermopolis saloon. The captured man appears to fill the description of the one who shot Middaugh. The capture was made about three and a quarter miles above the mouth of Owl Creek, in the Big Valley a mile from Thermopolis.

Three men rode cautiously upon the ruffian and succeeded in getting a drop on him before he was aware of their presence and upon being questioned as to the identity and whereabouts of his partner he refused to speak and he has remained silent ever since his capture. Upon his person were found a revolver and some money.

CAST OFF THE YOKE OF ROME.

In These Words a Prominent Roman Catholic Renounces her Church.

The semi-annual meeting of the board of directors of the Catholic University of America, convened in Washington, yesterday, and considered matters of importance connected with the future of the institution. Chief of these were the renunciation of the Catholic creed by the Marquise Des Monstiers, formerly Miss Mary Gwendolin Caldwell, whose generosity founded the university, and the bankruptcy case of Thomas E. Waggaman, treasurer of the university, whose failure may seriously embarrass the board in providing finances for immediate use.

The Marquise des Monstiers has sent a letter to the Associated Press giving her reasons for leaving the Roman Catholic church. She says her "eyes have been opened, to what that church really is, and to its anything but sanctity." In concluding her letter she says:

"For years I have been trying to rid myself of the subtle, yet overwhelming influence of a church, which pretends, not only to the privilege of being 'the only true church,' but of being alone able to open the gates of heaven to a sorrowful, sinful world. At last my honest Protestant blood has asserted itself and I now forever repudiate and cast off 'the yoke of Rome.'"

The Marquise des Monstiers, Merinville, and her sister, the Baroness von Zedwitz, are the daughters of the late William S. Caldwell, and his wife, who was a Breckenridge of Kentucky.

Men and women, married or single, whether old or young, will find abundance of health in Ferrozone. It completely vitalized Mrs. F. Levine, a well-known resident of Point Alexander, Ont., who writes:

"I was on the verge of nervous prostration. When I got up in the morning I had to force myself to go to work.

"I felt blue and depressed, took no real comfort out of life.

"Dragging weakness and lack of spirit seemed to be killing me.

"How I wished for strength!"

"Kind Providence brought Ferrozone to my notice, and I commenced to take it. The change was wonderful. I picked up every day.

Strength developed, appetite increased. I grew cheerful and strong.

Ferrozone made me feel like a woman. My cure is complete and I recommend it as unsurpassed."

WEDDING IN ANNAPOLIS.

Daughter of G. S. Bishop Becomes Bride of a Lynn Man.

Annapolis, N. S., Nov. 16.—(Special.)—A very pretty home wedding took place this morning at the residence of G. S. Bishop, when his eldest daughter May and Bert Leary of Lynn, Mass., were united in marriage.

The bride was becomingly attired in a dress of cream voile and looked charming. Miss Lulu Bishop, sister of the bride, acted as bridesmaid, and carried a bouquet of red chrysanthemums. The ceremony was performed by Rev. A. N. Whitman, pastor of the Baptist church, under a floral bell in the presence of the immediate relatives of the contracting parties. The parlor was very prettily decorated with evergreen and flowers. Miss Adelia Gormley played the wedding march with good effect.

After the ceremony a sumptuous repast was served and the happy couple were driven to the railway station, where they boarded the west bound express for Yarmouth, en route to Boston and Lynn, Mass., where they will in future reside. The bride wore a travelling suit of broad cloth, with hat to match. She was the recipient of numerous useful presents, evidencing the esteem in which she is held in this community. Flags were flying around town in honor of the event.

LAKE OF THE WOODS CO.

The Adjourned annual meeting of the shareholders of the Lake of the Woods Milling Co., Ltd., was held at the office of the company in Montreal yesterday. The following directors were elected for the ensuing year: Robert Meighen, Thos. Fyche, David Russell, Robert Reford W. H. Murray, Robert Thomson, St. John; Hon. Robert MacKay, Cyrus A. Bird, and Albert MacLaren. At a subsequent meeting of the directors Robert Meighen was elected president and managing director; Thomas Fyche, vice-president, and Geo. O. Hastings, general manager with headquarters at Winnipeg.

The fishing Commission.

Col. Tucker has finished his work as chairman of the fishery commission. The commission has been holding sittings in Ottawa since last Friday and has sent in its report.

In regard to lobsters, the changes which the commission may suggest in regard to the Bay of Fundy can not possibly affect the industry this year. Whatever may be done will only apply to next year.

In regard to the sardine fisheries, the question was discussed at length. The details of how the Canadian weirs are being used to supply the industries at Eastport and Lubec, in the United States, are well known. An export duty would stop this but that would make the weirs useless.

What the commission suggests will be along the lines that the government should inquire into the possibility of opening up new markets for the sardine industry, with a view of approaching the time when an export duty could be placed on sardines without injury to the Canadian fishermen.

As to the dogfish, another commission, of which Prof. Prince is chairman, has dealt with the matter since the commission was organized.

TO ENQUIRE IN SECRET.

Safety Board will Investigate Charges Against Firemen.

At a meeting of the safety board yesterday, it was decided to hold a private investigation into the charges of drunkenness preferred against men of No. 5 hose Co., north end.

William Bruckhof was heard in connection with the Carleton Electric Lights Works, in view of the council taking over the business shortly.

After some discussion Ald. McGoldrick moved that the Electric Light works be taken over from Dec. 1, and a committee of three be appointed to obtain an inventory and make arrangements with Mr. Bruckhof as to the running, etc.

Ald. Macrae, Tilley, Carleton, Maxwell, and the director will make necessary enquiries, and report.

The following appointments of additional men for the chemical engines were confirmed:—C. E. Fowler and J. M. Jenkins, to No. 2 fire station, F. W. Sprague, Chas. Gallagher and Z. Cowan to the north end division.

The question of the charges against the firemen was taken up and discussed. It was the opinion of Ald. Christie that a rigid investigation should be held.

THE MAYOR TALKS.

Mayor White, in connection with the recent library, discussion, and the reference to an alderman having a contract or a sub-contract with the city, says that of his own knowledge, never since he had been connected with the council had any member of that body made a dollar or lost a dollar wrongfully in any transaction. The usual procedure in contracts with the city for the transaction to be carried out in another person's name, and although it was not the first time that members of the council had been connected with undertakings in which the city was interested it must not be forgotten that the community was only a small one and that to debar any of the council members from participating in a contract would be a hard rule to make. It was not in line with parliamentary procedure but these facts would be considered in discussing the situation.

There was no doubt, he said, referring to the \$25 penalty that it had been enforced against Mr. Myles, the contractor. The penalty clause had not been struck out. No one was loser by the delay. Personally the Mayor regretted it very much.

Ald. Maxwell when asked if he would make any statement following Mr. Jarvis' interview, said there was no reason for him to speak on the matter.

IT IS NOT TRUE.

In connection with the recent trip of the members of the government and other prominent men over the N. B. Coal and Railway Co's line, George McAvity gives an absolute and positive denial to the report published by the Sun that the object of Attorney General Pugsley's trip to England is to try to sell the road to English capitalists. Mr. McAvity said there is not a word of truth in the report and that he so told the Sun. He said that the future looks so bright that he was not anxious for the sale of the road, even to the G. T. P., should they find it a necessity in connection with their system.
