St. John Man Asks For Tax Exemption for Factory

TO EMPLOY FIFTEEN.

An Effort Also to Intercept Some Trade That Now Comes to St. John --But Some Taxpayers Protest.

Moncton, Nov. 30.—Moncton is in a fair way of getting a small industry at St. John's expense. Philip N. Hamm, the well known biscuit manufacturer, was in the city today looking over the ground for starting a factory here. He has secured option on two properties at the corner of Main and Pleasant streets, and has assured the city council that he means business, if the city will give him any encouragement in the way of exemptions. At the meeting of the city council last night a communication was read from Mr. Hamm with reference to the water. He asks for free water, etc., for a term of years and states that his factory will give employment to at least fifteen hands. The council took no definite action last night, but members of the board expressed themselves favorable to granting reasonable exemptions, and will do so at a meeting to be held next week.

A petition signed by about two hundred electors was presented to the city council last night, protesting against the proposal to abolish the tolls on produce brought into the city market. The question of making the Moncton market free, which is intended to capture some of the trades that now goes to St. John, was not discussed by the council. The mayor, however, will likely be up shortly, either in the present council or as an issue in the civic elections in January. Evangelist McKay, who has been conducting special meetings here under the auspices of the Y. M. C. A., for the past two or three weeks will hold his farewell meeting Thursday night.

TEDDY PUTS THE MITTS ON.

Roosevelt the Strenuous Wallops His Cousin in the White House Gym.

Washington, Nov. 29.—President Roosevelt and his cousin by marriage, Lieut. Granville R. Fortescue, U. S. A., put on the gloves in the White House recently, and in due season Lieut. Fortescue will be lying on the floor. President Roosevelt's fancy has again turned to thoughts of boxing, and he rejoices in a stiff three rounds with five-ounce gloves. Lieut. Fortescue, who was a corporal in the Rough Riders, is of good physique, about the President's height and reach, but considerably lighter and quicker on his feet.

When the President and Lieut. Fortescue "snarled off" the younger man started to set out a hot pace. His leads were swift and straight and sometimes effective, but the President, doggedly standing his ground against the lieutenant's rushes, sent in heavy counters. They mixed it up all over the room and wound it up in slap-bang fashion. The honors were split with the President. Finally the President "got to him." He sent a couple of hot blows to the lieutenant's head, and cut loose with another one. It was all over for the lieutenant. Whether he was entirely knocked out and unconscious cannot be learned, but the mild ended with a good hard blow landed by the President on the lieutenant's jaw.

Those taking part were Miss Maud March, Mrs. Carter, Mr. Bonbury, Claire Jordan, Mr. Coster, G. Taylor, Walker Pleasant, Prof. W. Bowden, and Mrs. H. B. Schofield. Some of the numbers last evening have never been heard in St. John before and were very pleasing. Mr. Jordan's violin playing was excellent and called forth much applause. Mr. Jordan leaves in the spring for Leipzig, (Germany) where he will continue his studies on the violin. He studied here with Prof. Bowden.

SEASON ENDS TODAY.

The season for shooting big game ends today, and the receipts from licenses this season will total a trifle more than last year. L. B. Knight, chief game commissioner, said yesterday that the receipts this year amount to \$16,200. In 1903 the sum was about \$16,150. Game has been notably plentiful. Many moose, deer, caribou, and game birds have been shot. All dealers in venison and game birds will be expected to dispose of their stock within the next ten days.

SENATOR DOMVILLE.

He was 62 Yesterday and His Friends Did Not Forget it.

At Rothesay, last evening, an interesting event took place, the occasion being the celebration of the 62nd birthday of Senator James Domville and a commemoration of his thirty-third year of public life. The pavilion attached to the Bellevue Hotel was engaged for the large number of guests and was gaily decorated with flags and bunting. The proceedings included an address and presentation of a gold-headed cane to Senator Domville by Rev. Allen W. Daniel. The toast of Canada was replied to by ex-Mayor Sears, and the speaker moved a resolution for the formation of a "British-Canadian" Empire Association to discuss the questions of the day. Then followed an enjoyable smoker. The proceedings throughout were characterized with much enthusiasm. A. C. Fairweather acted as chairman.

The toast to the King was duly honored. The chairman referred to many letters and telegrams of congratulation, and to the expressions of regret at being absent, which had been received from numerous friends. Hon. William Pugsley London (Eng.) called: "Congratulations and best wishes." Geo. W. Fowler, M. P., and Rev. E. H. Bryne, of Norton, telegraphed to the same effect, and letters were received from George Hennessey, Kingston, B. W. S. Titus, Upham; D. A. Richards, Greenwich; E. Travis, Greenwich; C. H. McIntyre, Boston; Rev. J. de Soyres; Geo. M. Palmer, Palmer's Point; Justice H. Gray, Springfield, Chas. Jubilee, Alexander McKinnon Campbellton; T. P. Pugsley, St. John; J. Harry Mills, Sussex; J. E. Fairweather, Lower Norton; R. Rafferty, Quispamsis; Miles E. Jenkins, Kars, and A. S. White, Sussex.

Rev. A. W. Daniel read a flattering address to Senator Domville and made the presentation. The address referred to the Senator's early entrance into public life in 1872, and in effect said that as representative in parliament he had always endeavored to discharge his duties to the best of his ability, resulting in credit to himself and his county. It also pointed out that the Senator had done much to improve the conditions of the people. The inauguration of the military grounds at Sussex, and the establishing of a training school for this province, where our young men are taught the art of war, will stand as a monument to his name. Senator Domville made an appropriate reply. He referred to changes that have taken place in the past thirty years and the law of life, like in the past will also work in the future.

"This stick and address will remain as an evidence of your good will tonight, to be a happy memory to my family. In conclusion he again thanked the gathering for so kindly remembering him on his 62nd birthday. "For he's a jolly good fellow", was heartily sung. Edward Spars, after a few introductory remarks, moved a resolution. "That it is the opinion of this meeting that we should show our appreciation of Senator Domville's life work of empire building by forming an association towards that end, and that the association be named the British-Canadian Empire Association and that it shall be devoid of politics, having for its object the discussing of the questions of the day by our leading public men at regular stated meetings throughout the province of New Brunswick as a means

meeting. No definite action was taken but the members expressed themselves favorable to granting reasonable exemptions. Mr. Hamm has secured an option on property corner of Main and Pleasant streets.

Moncton's city council was last night expected to discuss the question of abolishing market tolls, but the citizens present to hear what the representatives had to say in the matter affecting tolls, were disappointed. Beyond reading the petition signed by 200 ratepayers against the proposal, the question was not mentioned.

Colchester, N. S.—Conservatives have decided to oppose the election of Col. H. T. Lawrence for the provincial parliament. John Suckling, of the firm of Suckling and Chase, will be the conservative candidate.

The lack of financial resources has led to a proposal by the presbytery at Halifax, to close Chalmers church, which has been in existence for sixty years. Action has been deferred pending a conference of all city presbyterian ministers and clergy to be held next Monday evening.

General.

The federal elections returns for New Brunswick have not all been received by the clerk of the crown in chancery at Ottawa. The returns for St. John city and county, for Restigouche, Queens-Sunbury and Gloucester have not yet reached Ottawa. The government, however, will make a majority of the total vote cast despite the large majorities in St. John city and county. Of the returns so far received, the liberals have 22,800 and the conservatives 20,700 and the independent in Kent 138. Laurier will have and his party between 60,000 and 70,000 of a majority when all the returns are in.

At a meeting of the Ottawa police commissioners yesterday, was decided to ask for the resignation of the chief of police, the deputy chief, inspectors and patrol sergeants, so that the commissioners might have a free hand in reorganizing the force. The resignations will require to be all in by December 15 to take effect next month. Some new appointments will be made. There have been complaints for some time past as to the efficiency of the force.

of bringing people together to exchange ideas in a social manner, and that a committee of eight be appointed composed of Dr. Wm. B. McVey, chairman; Geo. B. Jones, of Apohaqui; Jas. M. McIntyre, of Sussex; Leonard Tufts and Wm. March, Hampton, to consider the matter, draft bye-laws and report at a meeting to be called by the chairman. The resolution was put and carried unanimously.

"Canada and the Empire" was responded to by Dr. W. B. McVey. The remainder of the evening was pleasantly spent as a smoker, speeches and songs being the principal features. Songs were given by Dr. March, Chas. R. Mitchell and Geo. Dobbin, and a recitation by Rupert Walker, while interesting speeches were made by C. J. Coster, F. E. Sharp, P. Fairweather, W. J. McGarrigle, J. M. McIntyre, Harry Gilbert, W. K. Peters, W. H. Baxter, J. T. Kirk.

THE HISTORICAL SOCIETY MEETS.

Will Open a Subscription List For the Champlain Monument.

The November meeting of the N. B. Historical Society was held last evening, the president, Rev. W. C. Gaynor, presiding.

W. M. Jarvis reported that the library commissioners were favorable to the idea of the society occupying a room in the library building and had appointed a committee consisting of Richard O'Brien and commissioner Millidge and Baxter, to arrange details with the society. Father Gaynor, Mr. Jarvis and Dr. G. U. Hay, were appointed as a committee to meet the other gentlemen.

Father Gaynor gave the reports of the committees who had met the provincial and civic government about grants to the Champlain Monument. A subscription list will probably be opened shortly. James Howe exhibited twenty numbers of the Historist, which had been sent by C. Hallock of Plainfield, N. Y. Mr. Hallock when living in St. John established the paper and twenty numbers appeared between October 13, 1864 and February 23, 1865. There are some clever stories on the subject of the union of the provinces, and some good cartoons by John C. Miles. Mr. Hallock submitted a number of small photographs, including portraits of George Stewart, Jr., George James Chubb, John Livingstone, Charles U. Hanford, "Grand Master Peters," Mrs. Peters, wife of the attorney general, Daniel Fraser and Sir Charles Tupper as they appeared in the early sixties.

The secretary reported the receipt of a gift from James Vroom of St. Stephen of a bullet found at the site of Champlain's St. Croix residence and a curious fragment of local brick dug up near the spot. The thanks of the society were voted to Mr. Vroom.

BACKACHE AND DIZZINESS.

Most of the Ailments Peculiar to the Female Sex are Due to Catarrh of Pelvic Organs.

MRS. M. BRICKNER.

99 Eleventh Street, Milwaukee, Wis.

"A short time ago I found my condition very serious, I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason of so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh. Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
