

NEWS OF SPORT.

HARVARD AND YALE ARE READY FOR THE BATTLE.

Biggest Football Fixture of the Year is Being Played This Afternoon— Betting Favors Harvard— Jeff Issues a Denial— General News of Turf and Ring.

FOOTBALL.

Harvard and Yale.

New Haven, Conn., Nov. 18.—The eve of the annual Yale-Harvard football game in New Haven found the city in and about Yale University completely in the hands of the advance guard of the mighty throng which tomorrow will see the gridiron battle, and then hasten citywards to separate to the four quarters of the land.

The city's streets adjacent to the college campus all the evening were in a whirl of both Yale and Harvard men, the latter particularly noticeable because of their manner of wearing a broad band of crimson on their arms. The vortex was in the New Haven House, the corridors of which for hours were jammed with undergraduates and football heroes of other years.

The social attraction of the evening was the glee club concert in Woolsey Hall, given by the combined Yale and Harvard glee clubs, and to it went the Yale faculty and the most prominent among the townspeople. It had been noised about late in the afternoon that the Yale team was not in any too good condition and searching parties went out to find trainer Murphy. When he finally appeared at the New Haven House he said in reply to questions: "Several men are bruised and they will enter the game not in the best of condition."

The team was given some hard practice in the afternoon behind closed gates when the new formations were tried and they seemed well fagged at the end. Then came the usual dance around the bonfire, which was fed with discarded football clothes. The players were then sent to their rooms for the night.

At the Pequot House, at Morris Cove, Coach Wrightington in answer to questions said that the Harvard team would put up a grand, good fight, and that excepting Meier, the men were in excellent condition. He declined to make any predictions as to the outcome of the game. There was a great demand for quotations on the game and figures were reluctantly named by Yale men, the prevailing odds in the few small transactions being five to three that the blue would win.

The arrangements for the game seem to be complete and all day the finishing touches were given to the programme by which 35,000 people are to be handled on the way to and from the field.

Today's Game.

This afternoon the final game of football between the Carleton and Neptune teams for the Moore trophy and the championship is being played on the Shamrock grounds. The line up of the teams is as follows: Neptunes—Full, Kenney; halves, Elms (Capt), Mooney, Townsend, Howard; quarters, Ledingham, Simmons; forwards, Macmichael, Finley, Satchell, Desbrisay, Masters, Grace, Powers, Outram. Carleton—Full, Wright; halves, Moher, Collins, Paisley, Burpee; quarters, Ring, Roxborough; forwards, H. Pipe, J. Pike, Gibbarta, Walters (Capt), Norris, Roberts, Stubbs, McLeod.

A Recent Match.

The Times' Kentville correspondent writes: "A splendid football game took place at Wolfville, on Nov. 16, between Mt. Allison and Acadia. The latter team has been unsuccessful this year throughout its career, and it was fully expected that the Mt. A. men would carry the game, with a good score to their credit. The Acadia team has, however, had a special coach, Saurie Hall, of Halifax, for the last three weeks, and is rapidly improving in form. The home team's forward line showed superiority to Mt. Allison's, but the latter had a splendid half line, which in the latter half, played a most aggressive game and came dangerously near scoring. Near the end of the last half, Acadia was obliged to make a safety touch, giving the victory to the visitors."

Want the Corinthians.

At a meeting in Montreal of those interested in association football it was decided to guarantee the Corinthians, the famous English Amateur Association football team \$1,000 to come to that city. The gentlemen present promised Mr. G. Parker, who represented the Corinthians, to raise the necessary amount.

Dr. Chinn presided, and Mr. Calder acted as secretary. After the matter was thoroughly discussed, the following motion was passed:

"That this meeting is of the opinion that the proposed visit of the Corinthians would be welcomed by the citizens of Montreal and that the guarantee of \$1,000 could be secured with the probable supplementing of that amount by \$200."

It was decided that the English team's visit to Montreal should be made under the auspices of the M. A. A., and it was agreed that a committee should be formed consisting of two members from each club in the association, with power to add to their number members of other clubs and gentlemen interested in Association football.

BASEBALL.

No Agreement Reached.

A meeting of the executive committee

tee of the St. John base ball league, was held last night with President Robertson in the chair. The Portlands and Franklins sent representatives. The question of what was to become of the prizes was a hard matter to decide by the executive and the meeting broke up without anything being done.

The league schedule for last season was far from being finished when, through a disagreement among the teams, the league broke up and was soon a thing of the past. At the time of the breaking up the Portlands were leaders in the McKeown cup race and the teams had not played an even number of games.

THE RING

Jeff Will Not Fight.

Spokane, Wash., Nov. 19.—"The story that I have agreed to fight Jack Johnson is not true," stated James J. Jeffries today. "I will never fight a negro. I am entirely in the hands of the press and the people. Any white man they choose I will fight on six weeks' notice. Unless this is done before a great while I will retire from the ring and be the only retired champion."

Gardner the Winner.

Denver, Nov. 18.—Jimmy Gardner of Lowell, Mass., tonight knocked out Rubie Smith of Denver in the fifth round of a scheduled ten round bout. With the exception of the second round in which Smith felled Gardner with a right to the wind, the Lowell boy had the better of the milling. The men fought at 135 pounds.

Another Match.

Bangor Maine, Nov. 18.—Sandy Ferguson and Charles Haghey were matched today to box 12 rounds before the Bangor A. C. in the armory Thanksgiving day afternoon.

THERE IS GREAT DANGER IN CATARRH

If Let to Run Its Course Unchecked, it Often Causes Death.

Catarrh scatters its poisons throughout the entire system. The stomach and lungs are affected by the droppings that fall into the throat and are swallowed during sleep. Dyspepsia, inflammation of the stomach, bronchitis, and consumption are the results. The blood also becomes contaminated and carries the poisons to all parts of the system. Frequently in the more advanced stages, the bones of the head become decayed and the air passages are a putrid mass and create a stench so foul and offensive as to be unbearable. The expression, "rotten with catarrh," is not overdrawn or exaggerated.

Stuart's Catarrh Tablets strike at the root of this terrible odious disease and eradicate it from the system. They are a constitutional remedy that cleanses the system thoroughly of all poisons and purifies the blood. Under their influence the head becomes clear, the discharge from the nose and droppings into the throat cease, the sense of smell is restored, the eye brightens, the foul breath becomes pure and sweet and the odious, disgusting disease is thoroughly expelled from the system.

A Cincinnati man says: "I suffered the misery and humiliation of catarrh for twelve years. My case became so aggravated that it seriously interfered with all my business relations. The disease became so offensive that I would not venture into any one's presence unless it were absolutely necessary. I tried every remedy that I could get hold of, but some helped me temporarily, but as soon as I ceased taking them, I would relapse into the old condition."

"Finally a friend told me of Stuart's Catarrh Tablets and insisted that I try them. I had about despaired of ever finding help, but bought a box anyway. I began to notice the improvement within twenty-four hours after I began taking them. Before the first box was gone I felt like another man. I kept up the treatment till I had taken three boxes and was entirely cured. I have never had a recurrence of the trouble from that day to this. My head is clear and well and none of the offensive symptoms of the disease ever trouble me. It has been two years since I stopped taking them."

Stuart's Catarrh Tablets are for sale by all druggists at 50 cts. a box.

THE POLITE GENERAL.

(Nashville Banner.) Representative Cooper of Texas tells a story about Gen. Sam Houston, of his state, and a practicing physician, who did not like the old general being strenuously opposed to him politically. One day after a heated discussion, the physician said, "I like you well enough socially, but politically I would not believe you on oath."

"Then, sir," vehemently explained the doctor, "you have a much better opinion of me than I have of you."

"Not a better opinion, doctor, but I simply have a little more politeness than you have."

WHAT "SWISS FOOD" DOES.
"SWISS FOOD" invigorates and develops mind and muscle. It is a scientific combination in food form of nature's best ingredients. Try it for breakfast.

DYSPEPSIA

is common among business and professional men of sedentary habits or those subject to excessive mental strain.

Vino Don Lorenzo,

The Marvellous Peruvian Wine Tonic,

is an excellent tonic for the digestive tract and will prove most beneficial in all forms of Dyspepsia or Indigestion.

CANADA DRUG CO., Agents St. John.

IN THE GRIP OF WINTER.

Good Sleighting at Chatham—New Tug Boat—Social and Personal.

Chatham, Nov. 17.—There is every appearance of an early winter. Sleighting has been excellent since Monday and it has been snowing since last night. Two steamers are in port and another loaded with limestone, for the pulp mill, is expected, which will probably be the last of the season. The lightship is up and many of the tug boats have been placed in their winter quarters.

James Neilson has completed his new tug boat and she made her trial trip on Saturday. She is 67 feet long, 14 feet beam. The work was superintended and engines built by Mr. Neilson who is 38 years old. Mr. Neilson expects to soon leave for Boston where he spends the winter.

Rev. W. W. Rainnie has consented to supply St. Andrew's church pulpit during the winter.

The sad death of James D. Jardine occurred at his home, Napan on Tuesday after an illness of about ten days. He was 74 years old, and leaves a widow, five sons and five daughters. The funeral was held this afternoon, and was largely attended, service was conducted by Rev. J. Morris McLean.

A delightful quadrille assembly under the auspices of the Ladies' Auxiliary of the A. O. H. was held in their rooms last evening. A large number of guests attended. Music was furnished by Cahill's orchestra, and supper was served at midnight.

Another very enjoyable social function on Wednesday evening, was the dance given in the Temperance Hall. Excellent music was supplied by the McEachern orchestra and supper was served at 12 o'clock. A large number of guests were present. The chaplains being Mrs. L. J. Tweedie, and Mrs. C. A. C. Brauer.

J. Archibald Haviland has returned and is being congratulated on having so successfully passed his examination for attorney at law.

The Ladies' Aid of St. Luke's Church gave a very successful high tea and sale of fancy articles in the Masonic Hall this evening. The tables were well patronized and the fancy work also sold well. There was a large attendance, and the cash receipts were satisfactory.

R. B. Anderson of the Bank of Nova Scotia Campbellton and Mrs. Anderson spent the holidays with relatives here.

Misses Anna and Mabel Bentley are home from Mount Allison for a few days.

Mrs. Frank McMullen, of Truro is visiting her parents Colonel and Mrs. McCully.

The many friends of J. Clarke McCully, who returned from Winnipeg on Saturday, regret that his health is not improving.

The usual annual Thanksgiving services were held in St. Mary's and St. Andrew's churches this forenoon. Mrs. P. C. and Miss Addie Johnson, left this morning on a visit of some weeks to relatives in Somerville Mass.

Neuralgic Headache is Usually

Attended with bad pain, but relief comes quickly when Nerviline is applied, for it is the strongest pain-reliever in the world. "I consider Nerviline a most magical remedy for neuralgia. I am subject to violent attacks, writes Mrs. E. G. Harris of Baltimore, but never worry if Nerviline is in the house. The prompt relief that Nerviline brings makes it priceless to me. A few applications never yet failed to kill the pain. I can also recommend Nerviline for stiffness in the joints and rheumatism." Try Nerviline yourself. Price 25c.

MARRIED IN AFRICA.

Well Known Fredericton Man Finds a Wife at Durban, Natal.

Word has been received of the marriage on the 13th of August last, at Durban, Natal, of John Finlay, a well known soldier in the late war. Later he joined Baden-Powell's Constabulary. He has been in South Africa for some time and is meeting with good success in that country. The announcement of his marriage came as a surprise to both his relatives and friends. The groom's fellow soldiers in the first contingent as well as others will be pleased to hear of his success and to wish him every happiness. Mr. Wadless expects to remain in South Africa and may re-enter the service.—Gleaner.

COMMON ACCOMPLISHMENT.

(Harper's Weekly.) Mrs. Maude Howland tells of a conversation that once took place in a friend's house in Boston in which there were discussed certain phenomena of the mind. Some one observed that it was a curious fact that no man could do one thing and think of another.

"During the discussion a little girl of ten, the daughter of the host, was listening attentively.

"I can do one thing and think of another," she said.

"What is it?" asked her father.

"Well," she said, "it is very easy for me to say the Lord's Prayer while I do almost anything else I want to, I do it every night."

SMOKES AT 134.

Aged Colored Woman Who Still Enjoys Her Pipe.

Philadelphia, Nov. 18.—Puffing her black pipe with a zest which showed the satisfaction she took in gratifying her appetite of the weed, Mrs. Mary McDonald complacently received the congratulations of her fellow-inmates at the Home for Aged and Infirm Colored Persons upon the attainment of her 134 birthday. She has smoked constantly since her girlhood.

Doubts have been cast upon the old woman's age, but it is certain that she is the oldest person in this section of the country, if not in the United States. Her memory is distinct upon events which occurred during the winter when Washington was quartered at Valley Forge, near where she was born. This in itself proves that she is well over the century mark. Blind, infirm and shriveled, the little old woman sits in her chair all day, seldom speaking, but rarely without her pipe alight. Mentally she is bright. She has shrunk in height until she is scarcely larger than a child, and her weight is only 70 pounds. Her health is excellent, and the attendants at the home believe she will live for at least another year or two.

FORTY YEARS IN MINISTRY.

Address of Presbytery to Rev. J. D. Murray of Red Bank.

The Presbytery of Miramichi at its last meeting passed the following resolution touching on the Rev. J. D. Murray's retirement from the active work of the ministry.

Resolved that this Presbytery place on record its appreciation of the faithful labors of the Rev. J. D. Murray who, for seventeen years, successfully held the office of pastor of Red Bank congregation.

Mr. Murray was an earnest exponent of Gospel Truth and ever guarded jealously the moral and spiritual interests of his people, and the effort of this was noted in the loving reverence with which he was, and must for long continue to be regarded by the people of his own and also of other denominations in the district.

Mr. Murray was compelled to resign his charge on account of ill-health due mainly, we believe to the self-sacrificing character of his labors on behalf of the church. Mr. Murray is retiring from Red Bank, has concluded a long and honorable career as a minister of the Presbyterian church, having labored under her banner for a period of about 40 years.

Mr. Murray was ably supported in his ministry by one who was a true helpmate and it is the earnest prayer of the Presbytery that they may be long spared to each other, to enjoy their well earned rest.

J. M. MCLEOD,
Presbytery Clerk.

FROM GRAND FALLS.

Grand Falls, Nov. 18.—Charles Henderson, P. R. conductor who has run between Grand Falls and Edmundston for upwards of twenty years, has been confined to his home here for three months with an attack of inflammatory rheumatism. His health does not seem to improve, and he intends going to Boston to be treated by a specialist.

Thanksgiving day was very quietly observed here, and there was no interruption of business. Only the banks and schools observed the holiday.

The new school bell gives general satisfaction, and its harsh clangor can be heard in nearly every part of the town. The bell was obtained through the efforts of an amateur dramatic club.

W. M. G. Desbrisay, agent of the Peoples' Bank of Halifax here, intends to remove to his new residence about the first of December. Painters and decorators are now busily engaged in finishing the interior.

S. S. Rubins went to St. John on Wednesday on a business trip.

Mrs. J. L. White, who has been absent several months in Moore's Mills, Charlotte Co., nursing her father, Mr. Maxwell, who was ill with cancer and who died on Saturday, returned home yesterday.

Charles E. McInnes, a wealthy Philadelphia sportsman arrived yesterday and departed for the woods under the guidance of George Price. Since the big game season ends on the 30th inst., the Philadelphia is the last Nimrod of the season.

Congressman Meekison Suffered With Catarrh—Read His Endorsement of Pe-ru-na.

CONGRESSMAN MEEKISON, OF OHIO.

A TONIC is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous membranes. Peruna is a tonic to the mucous membranes of the whole body. It gives tone to the capillary circulation which constitutes these delicate membranes. Peruna is a specific in its operation upon the mucous membrane. It is a tonic that strikes at the root of all catarrhal affections. It gives tone to the minute blood vessels and the terminal nerve fibres. Catarrh cannot exist long where Peruna is used intensively. Peruna seeks out catarrh in all the hidden parts of the body.

A. M. Ikard, an employe of the C. B. & Q. R. R., West Burlington, Ia., writes: "I had catarrh of the stomach and small intestines for a number of years, I went to a number of doctors and got no relief. Finally one of my doctors sent me to Chicago and I met the same fate. They said they could do nothing for me, that I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was something awful. I could hardly stand it, it was so offensive. I could not eat anything without great misery, and I gradually grew worse."

"Finally I got one of your books, and concluded I would try Peruna, and thank God, I found a relief and a cure for that dreadful disease. I took five bottles of Peruna and two of Manalin, and I now feel like a new man. There is nothing better than Peruna, and I keep a bottle in my house all the time."—A. M. Ikard.

Catarrh of the stomach is usually called dyspepsia. Catarrhal dyspepsia cannot be cured by pepsin powders or any other temporary relief. The only cure for real dyspepsia is a removal of the catarrh from the mucous membrane of the stomach. This Peruna will do. This Peruna has done thousands and thousands of times.

Congressman Botkin, of Kansas was cured of catarrh of the stomach of many years' standing. Hundreds of other cases have been reported to us through uncollected testimonials. Peruna is the only internal systemic remedy for catarrh yet devised. Every one afflicted with catarrh in the slightest degree ought to take a course of Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Harmon Sanitarium, Columbus, Ohio.

Hon. David Meekison is well known, not only in his own State but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison Bank of Napoleon, Ohio. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquerable foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, ex-Member of Congress.

Over fifty members of Congress endorse Peruna as a catarrhal tonic. Men of prominence throughout the world endorse Peruna.
