## NEWS FROM PORT ARTHUR.

### Rumor that Stoessel Has Asked St. Petersburg Whether He is to Surrender or Die—Another Torpedo Boat Will Disarm—Russian Press Railing Against Great Britain.

Tokio, Nov. 16.—The Japanese army believes the report of Kuroki's death to be absurd.

On Nov. 16—Noon—It is rumored that the Russian torpedo boat destroyer Rastorofsky, which has put into this port, brought a despatch from General Stoessel, asking the St. Petersburg authorities for instructions as to whether he would continue to hold out awaiting relief, or make immediate arrangements with the Japanese for surrender upon the most advantageous terms possible. This rumor cannot be confirmed, but it is obvious only dispatches of the highest importance would compel Gen. Stoessel to risk the loss of a warship by sending her out upon such a mission in face of the rigid blockade maintained off Port-Arthur by the Japanese fleet.

The captain of the Rastorofsky has notified the Chinese authorities that he will disarm. It is believed that this decision was arrived at after communicating with St. Petersburg.

There is reason to believe that Japanese cruisers have been watching the port, although a steamer which has just arrived saw no Japanese warship.

The Rastorofsky brought a number of copies of Novakrai, a port-Arthur newspaper. In one of the issues it is stated that while a Japanese destroyer was laying mines on Nov. 11, she was surprised by the battleship Retvizan and sunk.

### Talk in Russia.

St. Petersburg, Nov. 16.—The sentiment produced by the speeches

of the British minister on the North Sea incident and the assumption that Russia has agreed to punish the Russian officers of the squadron in advance of any findings of the commission, has been further inflamed by the speech of Lord Selborne, first Lord of the Admiralty, November 14, at Bristol, on the danger of a Russian invasion of India. The Novoe Vremya, while philosophically disposed to hold the British jingoes responsible for this constant provocative attitude, calling attention particularly to viceroy Curzon's and Lord Kitchener's deputations to Persia and Afghanistan, and disclaiming any desire on the part of Russia to engage in a fight, says that nevertheless Russia always has a chance of evening up British superiority at sea by a move in the direction of India, and therefore naturally it is a great comfort to Russia that she has direct rail communication with Tashkent.

The Novosti, on the contrary makes light of the ghost of a Russian invasion of India, which it says British statesmen are constantly trotting out for the benefit of the British public, and suggests that it would be better for Great Britain to make overtures to Russia regarding the Indian border instead of taking refuge behind Afghanistan.

St. Petersburg, Nov. 16.—The King of Portugal, it is believed here will be selected to name the fifth member of the international commission which is to inquire into the North Sea incident, in the event that the four admirals fail to agree on the selection of the fifth member.

A meeting of the provincial government was held this morning at 11 o'clock when matters in connection with the provincial asylum were considered.

An application was made by Jas. There is considerable difficulty in getting around the corner of the asylum and there is a very heavy hill. The people of Fairville are anxious to obtain ten feet on the sharp turn. A sketch was submitted and the matter was referred to the chief commissioner of public works, to look into it. Mr. Lablouis will fix a date to meet the representatives of the street railway and discuss the proposition.

The tenders in connection with the asylum were taken up and in each case were awarded to the lowest tenderer. The awards were made as follows: B. Collins & Co., general supplies; Kane & McGrath, beef and mutton; Coll Bros, soap; G. E. King & McGivern Co., coal; W. C. R. Allen, drugs and medicines.

### THE SECOND CONSISTORY.

#### Pope Pius X. Held it on Monday Last.

### NEW BISHOPS.

#### The Death of Cardinal Mocenni Cast a Gloom Over the Event—A Brilliant Scene at the Hall of the Consistory in the Vatican.

Rome, Nov. 14.—(Delayed in transmission).—The second consistory of the pontificate of Pope Pius X., at which the postulation of the pallium for three American archbishops occurred and ten American bishops were proclaimed, took place Monday morning. The ceremony was shadowed by the death in the apostolic palace of Cardinal Mocenni while the function was in progress.

The festivities in honor of the jubilee of the Immaculate Conception began Monday with the holding of a brilliant consistory, which was especially interesting as the pope lately had been indisposed and many persons wished to be assured of his recovery. All the cardinals living in Rome, numbering about 25, gathered in the hall half an hour before the ceremony.

The United States was represented at the consistory by Mgr. Kennedy, rector of the American college here, and Mgr. Seton, titular archbishop of Heliopolis, of Newark, N. J. The former at the private consistory received the pallium for Archbishop Glennon of St. Louis.

Th' pontiff, dressed in white, entered the hall of the consistory, quietly, surrounded by his immediate entourage, flanked by the Noble and Swiss guards and followed by the papal court. He immediately seated himself on the throne and those present advanced to pay him their homage, after which the pope delivered a prayer to the Holy Ghost. Following this all except the cardinals left the hall, as the consistory was secret. The pope and cardinals then proceeded to proclaim the archbishops, bishops, etc., as already appointed by brief, which was a mere form.

Among the dignitaries thus proclaimed were the Most Rev. Henry Moeller, archbishop of Cincinnati, and the Most Rev. M. F. Howley, archbishop of St. John's, N. F. For these the postulation of the pallium occurred. The Most Rev. Ambrose Agius, the apostolic delegate to the Philippines, was appointed archbishop of Patuxa. William Stang, bishop of Fall River, Mass.; J. B. Delaney, bishop of Manchester, N. H.; Thomas F. Cusack, auxiliary bishop of New York, and also appointed titular bishop of Temisoyra; D. J. Scollard, bishop of the new diocese of St. Mary Ormslie, Peterboro, Canada; Neil McNeill, bishop of St. George, N. F.; and Archambault, bishop of Joliette, Que.

Immediately afterward the pope held a semi-public consistory, preliminary to the ceremony of the canonization of Blessed Alessandro Sauli, the Barnabite, and Blessed Gerardo Mailla, the Redemptorist, which occurs next month.

The consistorial advocate reported on the lives, virtues and miracles of the new saints, being answered in the name of the pontiff by Mgr. Sardi. The ceremony ended with the retirement of the pope after being the recipient of many signs of loyalty and devotion.

A peculiar feature of the death of Geo. R. Davis, was that he seemed to have a presentiment that he would die suddenly. About a week before his death he arranged his life insurance policies, marked them and put them away in his desk with a band on them. He also arranged his fire insurance papers, and told his wife in case he died that he would like his youngest son to have his watch. He had also arranged to dispose of a half interest in his business and the transfer was to have taken place on Friday. Mr. Davis has been in good health, and there was no apparent reason for his thinking that death would soon claim him.

On Thursday last when he left his office, in the Davis Specialty Co., about 5.30, he was well and hearty. He rode home in a street car and a few minutes after he entered the house he died in his wife's arms. It was just ten minutes after six when he passed away.
