## THE SHERIFF

## IS SATISFIED.

With Jail Arrangements in St. John, But Not With Alderman Bullock.

Sheriff Ritchie told the Times this morning that he was not going to discuss Alderman Bullock's charge, but would content himself with saying that he was perfectly satisfied with the way the jail was run. He also stated that he was aware the evening papers would take the matter up and that they could write anything they liked "straight or crooked."

When asked whether newspaper men could visit the jail and talk to prisoners the sheriff said that this was not allowable under any circumstances.

"What do you think of the principle of one man to a cell?" asked the Times man.

"Oh," said the sheriff, "he's talking through his hat." This allusion was to Ald. Bullock.

## THE N. B. HOCKEY LEAGUE MEETS AT ROYAL TONIGHT.

St. John, Fredericton, Moncton, Sackville and Sussex to be Represented—The Outlook is For an Active and Very Interesting Season.

The meeting of the New Brunswick Hockey League tonight should be a very interesting one. The president, L. D. Chipman, arrived in the city yesterday, and will meet the delegates of the various clubs at the Royal Hotel, at 8 o'clock.

There will be six teams represented, the same number as usual. Marysville, which has amalgamated with the Fredericton team, and St. Stephen, which is unable to play, on account of not being able to make satisfactory arrangements with the rink management there, will not be in the league this year.

However, Moncton and Sussex are going to have strong teams, and it is expected will give a good account of themselves.

The delegates from the Trojans at Fredericton are Chas. Allen, secretary of the league, and Chauncey Coleman. A. M. Hannah will be one of the delegates from Moncton, and J. D. McKenna from Sussex. The representatives of Sackville could not be learned, but Herbert Wood is mentioned as one of the delegates.

The Mohawks will be represented by W. Rising, (capt.), and K. Inches. The Neptunes will have Geo. Blizard and H. D. Forbes to look after their interests.

There will be a number of questions brought up at the meeting relating to laws and rules of the league. We quote the following clipping from the Fredericton Gleaner, which should receive the attention of the delegates.

## ST. DAVID'S CHURCH.

Will be Opened Again Next Sunday, After Extensive Repairs.

The members of St. David's Presbyterian church will worship in their own edifice on Sunday next, when Rev. Prof. Magill of Pine Hill College, Halifax, will conduct the services. This building has been closed since the first of June, while repairs were being made.

The work was in charge of Architect Brodie, and has been carried out in a very creditable manner. A new addition of sixteen feet has been added, extending the whole width of the building. This includes rooms for the minister and choir, an addition of sixteen feet to the length of the parlor and class rooms for the Sunday school and a sub-basement for the boiler and coal storage. The platform space is very much greater than formerly, the choir loft being 25 x 16 feet. The organ will be placed in an alcove at the south end of the platform, 15x20 feet, with opening in the end wall for the pipes.

The additional room in the auditorium has provided for six new pews in the main aisle and four on each of the side aisles making 175 more sittings in all. The church will now seat a thousand or more persons.

The steam heating has been so arranged that all parts of the building may be heated as desired. Electric lights have been installed throughout. It is expected that Rev. Angus A. Graham of Petrolia, the new minister, will be here in time to conduct the services the first Sunday in January. Rev. Prof. Magill, who will be here next Sunday, is considered one of the finest pulpit orators in Canada.

Mrs. B. H. Nobles of Sussex is in the city today.

the league this evening. "During the seasons of 1903 and 1904 the late season of arrival on the ice on the part of the St. John teams on the nights on which they were scheduled to play at Sackville, Marysville and Fredericton caused some dissatisfaction, inconvenience and trouble. The home clubs were not treated fairly and they lost money on these pranks of the Winter Port players as their games would not get started until 9 o'clock and in some cases 10 o'clock. If the New Brunswick Hockey League is not controlled hand and foot by St. John interstests alone it will pass a rule to prohibit these delays which have hurt the sport so much here. The Canadian Amateur Hockey League constitution under which the N. B. H. is supposed to play has a section which partially covers the case if strictly enforced. The section referred to is the latter part of Section No. 3 of the Laws of Hockey. It is quite probable that the Canadian is somewhat hysterical in its charges, and that it has been listening to fairy tales, that have been whispered by someone who may have had a grudge against the winter port. However, the question will likely be fully aired this evening, and if there is any truth in the statement the league will have a satisfactory arrangement made.

Meanwhile the St. John representatives should keep their eyes on the plug from the Fredericton Gleaner, which should receive the attention of the delegates.

## AT THE YORK THEATRE.

York Theatre was packed to the doors last evening when the Myrtle-Harder Company produced "At Risk of His Life," a four act melodrama.

The company appeared to very good advantage, although they did not score as heavily as in the opening bill "My Jim." Possibly this can be accounted for by the fact that Mr. Harder was missing from the cast. Last evening's bill is somewhat of a novelty in the dramatic line as the aid of spiritualism is invoked to solve a mysterious crime. Consequently opportunity is given for unique complications and strong climaxes. The heaviest world fell upon the shoulders of Henry Crosley and he gave general satisfaction although at times he showed a disposition to overdo his part. Miss Warren scored in the role of Helen Danglefield while Miss Dean made the most of her opportunities as Marion Chalmers. Miss Myrtle was winsome and dainty as Bessie Desmond. Miss Ince played Mrs. Beverly Birton, the alleged spiritualist, but she suffered from the same fault as Mr. Crosby and over acted.

R. Marsden in the role of Robert Wycherty gave an excellent character production while Mr. Carruthers infused considerable life into a somewhat insipid character. Mr. Whittier supplied the comedy element while the other members of the company gave adequate support. The specialties were as usual first class the experiments in hypnotic levitation being particularly good. The play will be repeated tonight with a new specialty programme.
