

YOUNG CORBETT WILL ISSUE A SWEEPING DEF.

If Britt Ignores Him He Will Meet the World at His Weight--Post Season Baseball--Major Delmar's Record-- Harvard Trims Bates.

On Monday Young Corbett served final notice on James Edward Britt of San Francisco to make good his written pledge of a return fight. If Britt answers "No" he will lose cast with unbiased experts who believe that Young Corbett had the better of the contest in San Francisco, and was fighting furiously at the end of the 20th round when Referee Graney gave the decision to the native son.

If Britt sidesteps him, the Denver boy will challenge the world at from 126 to 130 pounds. He has been waiting for Britt's answer all summer. Corbett will not draw the color line, but will take on all comers.

Newbold as trustee for the stockholders and announcement of the public sale will be made by the Sheriff within a few days.

Major Delmar's Records.

As before reported, E. E. Smather's \$40,000 gelding, Major Delmar, established a new world's record by trotting a mile without a wind shield at Lexington, Ky., Saturday, in 2.01.

Four times this summer this horse has tied Cresceus' time of 2.02. He succeeded in robbing Cresceus of his title. The Major now holds four world's records—champion gelding mark of 1.59 1/4 with wind shield, half-mile record of 1.01 mile and an eighth in. Major Delmar is a son of Delmar (2.16 1/4), dam Expectation, by Autor

graph (2.16 1/4). Thomas Lawson, owns Expectation Major Belmar 7 years old and has been racing since he was a 2-year-old.

Dan Patch O. K.

Dan Patch will start at Springfield, Ill., this week, and later go to Memphis for a final effort to beat Star Pointer's champion pacing record of 1.54 without the aid of a wind shield. It is now whispered about among horsemen that the reports sent broadcast over the country from Topeka, Kan., a few weeks ago saying Dan Patch was at the point of death were the work of the pacer's press agent. That the horse was sick there is no question, but that the nature of the ailment was misrepresented is also certain, as to horse suffering from stragulated hernia could race within a month, if ever, after the attack.

About Phoebe W.

Phoebe W. is entered in the 2.09 pace at Saugus against Early Bird, Jr., Harry L., Guy Caton, Joelisco, Princess Moquette, Terril S., Alden, Ginger, Peeler Patron, Carina, Billy Mack, Antess, Little Fred, Gambit, Darius and Effie Powers.—Note.—Phoebe W. has been doing the martime province circuit, this summer and was at Moosepath park recently. He won every race that he was entered for in Nova Scotia and New Brunswick.

Football.

An interesting game of foot ball was played on the Shamrock grounds yesterday afternoon between the High School and Rotherham College, the latter winning by the score of 6 points (2 tries) to nil. Although not a scheduled match, both teams were very keen for victory. Consequently there was plenty of dash in the game, and at times quite good football. Between the forwards there was very little to choose, both packs being very evenly matched. Of the quarters and halves, Rotherham certainly had the honours, their combination being good, with all showing considerable turn of speed. It would be to the advantage of all clubs in St. John, to turn their attention to the young bloods, such as turned out on the Shamrock grounds yesterday afternoon; for it is quite certain that they, one and all, have a far better idea of the rules, and how to play Rugby than many of the League teams, besides quite a few of them being excellent drop-kicks, and punts, and knowing well how to make use of same when playing with the wind in their favor, and also at the drop out from the twenty-five yard line. The tackling of both teams was the weakest point, in the afternoon's play, all being far too fond of going for their man high, instead of low and as this is one of the chief points, in the making of a really good player, it would be well for both teams in the future to pay particular attention to this all important fact. With the material we have in these two junior teams, with careful coaching, we may in the near future, look forward to some quite good players

turning out to represent St. John against outside opponents. It was pleasing to note an announcement of last Saturday, that the management intended putting the Shamrock grounds into something like shape, and it is hoped that the public and players alike will not be disappointed, especially as nothing has been done up to the present, towards this much needed reform.

Harvard and Bates.

Cambridge, Mass., Oct. 12.—Harvard defeated Bates today 11 to 0. Harvard expected a larger score but Bates put up a much stronger offensive than anticipated while the slippery condition of the ball and field interfered with the cleanness of the play to no little extent. Harvard was weak on the defence but the offense showed some improvement. In the first half Harvard kicked off and Bates made four first downs, carrying the ball 25 yards before Bates was forced to kick. Harvard getting the ball on her thirty yard line. The ball was rushed back some 20 yards by Short rushes. Reynolds dropped back to punt, but ran instead, making 30 yards. Another series of short rushes sent Mills over the line. Noyes missed the goal. At the beginning of the second half after a series of short rushes Mills was again sent over and Noyes kicked the goal.

At Providence, Oct. 12.—Brown 12, Wesleyan, 0.
At Andover, Mass.—Andover 24, Harvard second, 0.
At New York, Columbia 12; Swarthmore, 0.

Another Football Accident.

Yesterday, another foot ball player, Charles S. Phillips, broke his leg, while practising, on the Shamrock grounds. He is a student at Rotherham College, and while in the act of kicking the ball, the bones snapped and broke. Young Phillip was taken to his home where Dr. McIntyre attended him. Dr. Fitzrold of Newfoundland who was a spectator, made the injured lad as comfortable as possible, while a stretcher was being secured. Last evening the boy was resting very well.

Three High School players have before been hurt this season—Malcolm, who had collar bone broken and shoulder dislocated; McKinnon, whose leg was injured; and Estey, leg broken.

Ring Notes.

Jack Johnson, colored heavyweight champion, is matched to meet Ed. Martin for twenty rounds at Los Angeles, Oct. 19.

198 entries have been made for the Army and Navy boxing championships, England, which will last four days.

Arthur Duffy In England.

London papers, just received, give the following account of Arthur Duffy's success in England:

The sensation of the fall season in English athletics was the invitation London Harriers. Among the competitors were Arthur J. Duffy of America and J. W. Morton, the present English champion, and the man who defeated Duffy for the English title last July. Both Morton and Duffy won their heats in good time, and there was great excitement when they came out for the final.

At the crack of the gun Duffy was first away, and at 50 yards was leading the Englishman by five feet. At 75 yards the Britton drew level with the Yank, passed him, and in the run to the worsted gained a yard. The time returned was 9 4-5 seconds, so that Morton is now joint holder of the English record with Duffy.

A few days later, at the games of the London A. C., Morton performed brilliantly in the 120-yard invitation event. He won the final heat in 11 4-5 seconds, which equals the record made by Bradley, Doumer, Wofers and Duffy. Duffy did not start in the race.

A FIEND'S WORK COST HIS LIFE.

Because His Wife Refused to Return He Tried to Kill Her.

Buffalo, N. Y., Oct. 12.—Henry Hoggancamp, a driver for a popcorn wagon, went to Richard Odell's saloon this evening and asked to see Margaret Marry, alleged to be his wife. The woman had left him three weeks ago to work as cook in the saloon. Hoggancamp asked the woman to return to him and she refused. He dropped a paper-covered parcel he was carrying, and a ten foot section of the side wall was blown out into the street. The police and firemen responded to an alarm and both were dragged from the ruins. Hoggancamp had both his eyes blown out. The woman had the flesh torn off her arms to the bone. She was conscious for a short time, but could give no other information than that the man dropped his paper-covered package. He will die. No one was in the room when the explosion occurred. The police do not know what sort of explosive was used.

RELIGIOUS WAR IN ARIZONA.

Would not Permit Foundling Children to be Placed with Catholic Mexican Families

New York, Oct. 12.—Three Sisters and four nurses of the New York Foundling Hospital returned from Arizona today and told of their experience with mobs that threatened their lives because the children whom they sought to place with families in the territory were taken to the homes of Catholic Mexicans.

The Sisters had gone to Clifton and Morenci, Arizona, to deliver forty foundlings to Mexican families under the authority of a priest of that district, who had selected the families for their wealth and position. At Morenci a mob drove them from their hotel and threatened to shoot them. Dr. M. W. Swain, agent of the hospital, narrowly escaped lynching, and the priest was driven from the territory. The foundling hospital will appeal to the federal authorities to recover from the residents of those towns nineteen children who were torn from the arms of the nurses.

Tired of Lipton.

A New York despatch says: Sir Tommy Lipton, as a too frequent challenger, is persona non grata to the members of the New York Yacht Club. This fact became known this morning, when it leaked out that J. P. Coats, an English yachtsman, had begun negotiations with officials of the New York Yacht Club to challenge for America's cup. It was stated that Mr. Coats' challenge under the new rules would be accepted.

Sir Thomas is scouting England from end to end to find a designer. Meanwhile American yachtsmen are throwing obstacles in the pathway of the tea merchant.

Bitter attacks on Lipton are emanating from British sources and he is not in high favor in yachting circles on this side.

"Sir Tommy, give us a rest," seems to be the prevailing sentiment.

HARD TO REACH OUTLYING POSTS.

And Pull off the Elections in Remote Sections of Canada.

Ottawa, Oct. 12.—The burden of arranging with returning officers and judges for the preparation and revision of the voters' lists in remote districts, as well as supplying ballot papers and other paraphernalia of the election, is no light one for the Secretary of State. Hon. Mr. Scott's chief trouble is with the Ontario constituencies of Algoma, Nipissing and Thunder Bay and Rainy River, in which it was his original intention to have the elections held at a later date than that of the elections throughout the country generally. To have the lists prepared, printed at Ottawa and revised for some of these polling sub-divisions is impossible, and the expedient of having them forwarded by the revising officers direct to the deputy returning officers will be resorted to in some cases.

"Send me at once four thousand dollars and a steamboat," was the request which the Secretary of State received by wire to-day from the returning officer for Comox, Atlin, B. C. These requisites will probably be supplied in time, as the election in that constituency does not take place until after November 3rd. But it will not be so easy to get over the difficulty suggested by the returning officer for Thunder Bay and Rainy River, in regard to having a poll in accordance with law at Sturgeon Lake, in that constituency. The place is nearly 100 miles north of the C. P. R., and is reached by canoe in summer and by the ice in winter, but between Oct. 27 and the middle of December it will be impossible to communicate with Sturgeon Lake at all.

Are All Women Pretty?

Quite an unnecessary question, because so many women have such poor complexions. We want to tell all women with pale sallow cheeks about Ferrozone, which quickly imparts fine color and gives the skin a clear, rich appearance. It's pure blood that makes fine complexions, so by producing lots of vitalizing blood, building up the debilitated system, increasing the circulation Ferrozone quickly brings the glow of health to faded cheeks. It's no trouble at all to beautify your looks—simply use Ferrozone. Try it. Price 50c, at druggists.

Harris—"You know that Mrs. Wickham whose husband has been missing for the last five years? Well, I've had to snub her."

Birtwell—"That's all right, I suppose, but don't flatter yourself a lawn mower just because you have cut a grass widow."
