U. S. WILL BE FIRST.

Incle Sam Confidently Expects to Lead all Nations

ON THE PACIFIC.

It Has a Larger and Better Coastline There Than Any Other Country and Owns Many Primary Naval Bases An Interesting Study.

Samuel E. Moffet in the Saturday Evening Post.)

sia should win this war that position would be bere that these able thinks are that perceive the obvious fact that the question they are discussing is not a guestion at all.

question at all.

question at all.

question to they are discussing is not a guestion at all.

question of the property of the packers of the property of the p

LAKE OF THE

The stock of the Lake of the Woods Milling Company is now listed on the local stock exchange and already there has been some considerable trading in the bonds and preferred stock. The common has not been listed and there is no indication of it Heing offered on the market at an early date. The present company has been incorporated with a capital stock of \$2,500,000 common stock, less \$500,000 held in treasury, leaving the utstanding capital stock of \$2,000,000.

The seven percent preferred stock, and noting the utstanding capital stock of \$2,000,000.

The seven percent preferred stock, and noting the utstanding capital stock of \$2,000,000.

The seven percent preferred stock, and noting the utstanding capital stock of \$2,000,000.

The seven percent preferred stock, and noting the utstanding capital stock of \$2,000,000.

The seven percent preferred stock, and noting the utstanding capital stock of \$2,000,000.

The seven percent preferred stock, and noting the utstanding capital stock of \$2,000,000.

The seven preferred stock, and the sum in exports, with a trade of half a billion dollars annually. A stock of \$2,000,000.

The seven percent preferred stock, and the sum in exports, with a trade of half a billion dollars annually. A stock of \$2,000,000.

The profits of the company of the year ending Aug. 31, 1904, were \$500,374.82, less interest on bonds for year \$100,000, leaving a balance of \$235,374. The assets of the company are, of course, largly represented in real estate, buildings, machinery, tools, fixtures, etc. to the amount of \$3,082,940.

89. Goodwill, trademarks, etc., are valued at \$999,354.55, while what might be called the liquid assets amount to \$1.791,261.67, comprised of wheat, flour, etc., bags, barrels and mill supplies, open accounts receivable and inclusive of \$170,865.41 cash on hand. The bond interest it to look at 10 will give a return of 5.45 percent, and the preferred stock at 118 would give a return of 5.93, percent. The bonds at 110 will give a return of 5.45 percent, and the preferred s which looks very nice on the strength of last year's profit of half a million dollars. The bonds at 110 will give a return of 5.45 percent, and the preferred stock at 118 would give a return of 5.93 percent. The executive of the company remains the same, and as they have proved themselves to be the right men in the right place, there should be no misgivings as to the future earning abilities of the company.

Animal world.)

The Indians say that if a beaver sent out from the parents' lodge fails to find a mate he is set to repair the dam. If he fails a second time he is parents, and as they have proved themselves to be the right men in the right place, there should be no misgivings as to the future earning abilities of the company.

TIMES ABOUT IT.

OUTSIDER ON CANADA

Haines of New York Bub. bles Over With Wordy Enthusiasm.

(Toronto Globe.) The Hon. Charles D. Haines of New York, a former member of the United States Congress, is at the King Edward. Mr Haines has built and owned some two score street and short line railways and is interested in numerous other enterprises in the States, Hon. Mr. Haines is in Toronto in consultation with Major William Parsons in regard to some railway enterprises in this Province. "My impression of Canada, in part

or as an entirety, both as to country and people," said Mr. Haines to a re-presentative of The Globe, "can but be inadequately expressed by using

the word great.

"I am fascinated with the country as it is to-day and am astonished when I study the possibilities of its future.

"It must be conceded that the great There is much ingenious speculation in majority of people, both of Great Bri-Europe concerning the future mastery of the Pacific ocean. The London Spectator looked upon Canada as a drear, cold, thinks that if Japan should organize Chinese resources she would unquestionably the provinces have been unfortunately become the dominating Power of the North Pacific. Others say that if Russia should win this war that position would be hers.

It is curious that these able thinkers cannot perceive the obvious fact that the question at all.

The provinces have been unfortunately unable to fully extirpate such impressions, and while these delusions to a large extent still exist, they are rapidly passing away, just as rapidly as Canada is making itself really known and understood to and by all the civilized world, as for all practices.

yet understand her friends across the WOODS MILLING CO. border, who have a way of doing things first and talking after. Why (Montreal Witness.)
