Storm --- A Kentville Anniversary---Personal Notes.

Jane S. Bales of Victoria, B. C., oc- to their patients. and unused to the Nova Scotia climand unused to the Nova Scotia climate, she contracted pneumonia of ington, D. C., writes: which she died after an illness of nine days. She was the daughter of the late Stephen Gould of Long Island, and was first married to Thomas Tray, a native of Falmouth. After his death she became the wife of Mr. Bales. Mrs. Ba,es leaves a large estate in Victoria, just on the border of the Indian reserves.

One of the most delightful affairs the Welfrille records have entoyed.

C. Woodworth, made its first appearance, and scored a distinct success. The actors all did their part well, but special praise must be given to A. E. Pilkie, who was exceedingly good in his part as the colored servant, and Miss Trixie Martin, who was nearly perfect in her make up and acting as the maiden lady. Miss Lillie Webster as Prynella, in the Girl Bachelors was also a great success.

The Acadia Institutions closed on

Tuesday for the Xmas vacation. For the first time for many years the Junior Rhetorical Exhibition was not ies chose to revenge themselves the junior class for any slights real or fancied which might have been their portion during their first weeks in college, and all sorts of devices We are doing work. werd resorted to, to cause discomfiture in the ranks of the orating juniors. The faculty from time to time endeavored to restore order and make the affair as it should be, but they only succeeded in bringing about illfeeling, as the Sophs felt they were being deprived of their lawful rights, This year, therefore, there was no exhibition of Rhetorical powers, it is probable that the affair will be considered one of the things which have been--but is not.

The 18th of December was an anniversary day for Kentville as it marked the 35th year since the through opening of the Windsor and Annapolis railway. Travellers of that time will scarcely realize that they are on the same line of railway, when they enter the splendid cars, and survey the general equipment of the Dominion Atlantic Railway..

The snow storm of Sunday last, bought the wished-for sleighing and the fine days and moonlight nights are bringing out a large number of the Kings county people to do their Christmas shopping. The storm was something of a freak in Kings coun-ty, while in Kentvilla and Wolfville the snow was so deep as to necessitate the use of the snow plow, at Lower Canard, not seven miles away, there was only a flurry of snow, and travellers starting from their homes in carriages, were amazed to find themselves getting into deep-er snow, as they travelled farther away from home.

John W. Margison, at one time a prominent farmer of Kings Co., and later a large property owner of Kentville, lies very seriously ill at his home in Kentville. It is not expected that he will live many days.

The death from pneumonia occurred at Galand, Dec. 14th, of Mrs. Wm. Beyanson, age 46.
Mrs. Isaac Nicholas died at Nicholsville, Dec. 15th.

Pneumonia is Filling the Hospitals.

Every day we hear of someone being taken with pneumonia. The only preventive is to get strong and keep your body healthy. Take Ferrozone which makes the rich red blood that nourishes and stimulates the entire system. "I was all run down and an apt subject for pneumonia writes A. B. Charters of Burlington, when I tried Ferrozone. I didn't believe it was possible for Ferrozone to build me up so quickly. In a few days my appetite improved, color came into my cheeks and I felt stronger. I gained eight pounds and regained my old time vigor through using Ferrozone.
