#### IT KICKS OF COURSE.

that our imports from Canada grew from \$33,264,403 in 1865 to \$51,-"Beautiful in theory is municipal from \$33,204,403 in 1303 to

whership," says the Globe.

And then to throw a wet blanket 829,402 in 1865 to \$131,-274,346 in ownership," says the Globe. on the Fabian League and all who 1904. The more rapid growth in our favor municipal ownership of public exports to Canada has occurred durutilities, the Globe tells the story of by the fact that our total exports to the ferry service. The ferry service is controlled by the city. The service is not a good one. It is not up to the requirements. The cabins of to the requirements. The cabins of than \$12,000,000; while the growth during the fourteen years since 1890 has been \$91,000,000. The most of the first congestion of traffic. The There is congestion of traffic. The has been \$91,000,000. The most city council has not seriously grappled with the problem. Therefore municipal ownership must be a prophaying been \$51,000,000. The most duced world beaters in the persons of Hugh McCormick and Fred Breen. In fact in almost every line of sport our total exports to Canada in 1894. St. John has been well represented by wondered at when it is considered that three of the players who having been \$56,664,094, as against municipal ownership must be a proposition to be regarded with deep suspicion. "People may feel justified," says the Globe, "in taking time before they give their adhesion to any definite approval of the utility and tralue of combined municipal ownership and management."

St. John has been well represented from time to time.

St. John has been well represented to drop out owing to sickness. The started in with the team were forced to drop out owing to sickness. The team formation for the season was, and are still very active in their various lines. Among the active organizations in the city, at present, are the three curling clubs, the Thisles St. Andrews and Carleton; the Royship and management."

St. John has been well represented from time to time.

There are now in the city a number of good sporting clubs, which have kept up the interest in sports, and are still very active in their various lines. Among the active organizations in the city, at present, are the three curling clubs, the Thisles St. Andrews and Carleton; the Royship and management."

St. John has been well represented to drop out owing to sickness. The team formation for the season was, Fowler, C. Nasc, H. Sturdee, F. Hilly and a complete the city for the three curling clubs, the Thisles St. Andrews and Carleton; the Royship and management."

In March of the players who started in with the team were forced to drop out owing to sickness. The team formation for the season was, F. Tufts, (capt.), W. Murray, Alex. Fowler, C. Nasc, H. Sturdee, F. Hilly and a transfer of good sporting clubs, which have kept up the interest in sports, and are still very active in their various lines. Among the active organizations in the city, at present, are the three curling clubs, the Thisles St. Andrews and Carleton; the Royship and management."

public has no remedy. But if the city owns a ferry or a street railway or less. The Canadian reduction of duty anything else that does not give a not give a remainder of the United Kingdom and certain British coloniates. The Canadian reduction of duty anything else that does not give a not give a remainder of the United Kingdom and received the united Kingdom and received the united Kingdom and received the medals offered by anything else that does not give a not give satisfactory service it has the reme- and certain of its colonies began in dy in its own hands. It can either get a new set of officials or a new increased to 25 per cent, and in 1900 city council or both with a selicion. city council-or both-until a satisfacto 33 1-3 per cent, and has so contory service is assured. If the ferry tinued up to the present time. Yet it service is a disgrace to the city it is has been during that very period of the operation of the preferential duty in favor of the United Kingdom that have not insisted on a better one. At the exports from the United States is not the fault of municipal owher- to Canada have grown with the ship, but of the taxpayers of St.

John. They can get a new council by interesting to note that the share which the United States supplies of the total imports into Canada has they choose to do so. They can-grown more rapidly than that of the not give a new management to the United Kingdom during the opera-

reet railway.

In this fact lies the most important favor of the United Kingdom.

The table which follows shows the difference between municipal and cor- trade between the United States and coration ownership. If the Globe Canada in each year from 1850 to gives the subject a little considera- 1904: tion it will see the point, and also see that last evening it wasted three warters of a column of valuable editorial space

#### NO PEACE CONFERENCE.

Russia has informed President Roosevelt that she will be graciously pleased on some future occasion to join in the proposed peace conference, but at present she is otherwise occupied. The Czar was the 18 moving spirit in the first peace conference at the Hague, but at present he has something else to think about. Of course this puts a conference out of the question until after the close of the present war. President Roosevelt must have foreseen such a result. He is too shrewd a man not to know that Russia and Japan must settle their differences 1881 in the field before either will be will- 1882 ing to discuss a general policy of 1884 neace for the nations. The Hague 1886 tribunal is a useful body, and the 1887 sphere of its influence may be great- 1888 ly enlarged; but there will be no peace conference of any value until it has been settled whether Russia of Japan is to be the dominant pow- 1895 er in the far east.

#### REMARKABLE GROWTH.

The volume of trade between Canada and the United States has enor- 1904 mously increased in recent years. The \*Period during which reciprocity trea growth of Canada's imports, in spite ty was in operation between the United of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the preferential tariff, has been the following table, from the officient of the following chiefly in manufactured goods. The cial reports on the Canadian Govstatement will doubtless be regarded ernment, shows the total imports of the stock of any Canadian woollen as good ground for argument by Canada and the percentage thereof supplied by the United States and the United Kingdom, respectively, in ufacturers should have more protect each year from 1890 to 1904: tion from United States competitors. The following Washington letter to the Boston Transcript tells the story Year

in a striking way:-Exports from the United States to Canada during the year about to ter-minate seem likely to exceed in total value those of any earlier year. The Department of Commerce and Labor, through its Bureau of Statistics, 1899 has just prepared a table showing the total commerce of the United States with Canada during the ten months 1902 ending with October, also, the total 1904 imports into the United States from, and exports from the United States statement, which is from the official to, Canada in each fiscal year from figures of the Canadian Government, an active winter port trade and shows on comparison with the official figures of the other countries of tal exports from the United States is a large amount in Montreal, and Co.'s fleet of steamships running be
with the director, and this method of meeting the coming emergency is very favorably regarded. The water taxes the world that the United States is a large amount in Montreal, and Co.'s fleet of steamships running be

Exports. Imports from the into the United States United Sta follows: F. Tuits, F. Coombs. A. Tuits, W. J. Starr, F. Hilyard, R. Frith and Wm. McKeon. This team was the winner in the league for was the winner in the league for the could without a doubt put up a they coul

that year losing only one game.

In '98 there was another slight change in the make up of the team, Clarke, Sturdee and Blizzard taking the place of Starr, Frith and McKeon. This was another year of victory for the Mohawks. It was during this season that the famous C. W. P. team was beaten at Halifax, and which team afterwards won from them when the return games were played in this city. This games were played in this city. This was the last year that "Andy" Tutts played, his duties as manager of the played, his duties as manager of the conscientious work for his team. He played, his duties as manager of the rink prohibiting him from giving any further time to the game. In losing "Andy" the Mohawks lost one of their best players; he had been with the club since its organization and was recognized as one of the clever—also has been a tower of strength on the team, He has been with the Mohawks since 1899 and has proved on more than one occasion that he can take his share of the hard knocks that generally go with the game. Ken. Inches, also has been a tower of strength on the team, He has been with the Mohawks since 1899 and has proved on more than day school at 11 a. m.; social service at 3 p. m.; preaching service at 3 p. m.;

ing 12 minhtes over time.

There has been some talk among the A paper of that time has this to members that Ralph Clarke, who forsay about the team, "The Mohawks merly played with the team, might as a body are certainly a fine team, and while we do not care to criticize or praise the work of individuals, we puck chasers such as these would think all hockey players and enthusi-surely boom the sport and put St. asts will admit that the great work John in her old position as champion of Fred Tufts, in his game this year of the Maritime provinces.
