CANADA'S BANK CLEARINGS.

From all of the more important trade centres in Canada come reports of remarkable expansion in the volume of money movements. Bank clearings are ever reliable barometers of business activity and the reports issued last week at the three principle trade points of the Dominion are well worth noting. At Toronto clearings amounted to \$24,246,551, an increase over the same week last year of \$10,025,293. The previous week this year included a holiday making a comparison imperfect, but the last week's clearings showed an increase over toese of the previous full week of \$5,402,068. Montreal's figures are no less striking. For the week ending Nov. 24 they totaled \$29,428,805 an increase of \$8,403,815 over the same week the previous year. Considering the volume of the usual week's business at Winnipeg the increase over the same week the previous year. Considering the volume of the usual week's business at Winnipeg the increase of \$2,666,021.

### C. P. R. EARNINGS.

The steady growth of Western Canada generally is well reflected in the continued increases of C. P. R. earnings which from July 1st showed an increase over the same period last year of \$1,713,000. The statement derives special significance from the fact that the same period last year showed an increase over that of 1902 of well over \$2,000,000.

### APPLE SHIPMENTS.

(Portland Argus, Nov. 30.) Portland's apple shipments last week amounted to 16,383 barrels against 27,-375 barrels for the same week one year ago, but the percentage of falling off is not so great as that of the other ports along the Atlantic coast.

Apple shipments last week were as follows:

Apple shipments last week with as low lows:

Boston, 43,696 barrels.

New York, 29,298 barrels.

Montreal 22,140 barrels.

Portland, 16,383 barrels.

St. John, 368 barrels.

St. John, 368 barrels.

St. John, N. B., Dec. 1, 1904.

The total shipments from Portland this season have been 77,409 barrels against a total of 107,120 barrels one year ago. The total shipments from all ports last week were 122,867 against 260,472 for the same week one year ago. This shows the immense falling off in apple shipments as compared with last year.

The totals shipments from all ports last week were shipments as compared with last year.

The totals shipments from all ports last week were shipments as compared with last year.

The totals shipments from all ports last week were shipments as compared with last year.

## STARUATION IN IRELAND

### Failure of Potato Crop Seems to Prophecy Dark Days.

Dublin, Nov. 30:—Investigation here shows that the conditions in the famine-stricken, sea-gnawed western counties of Ireland are even worse than already pirtured. The crisis i worse than the dark days of 1879. The people are suffering in silence.
They haven't the heart to disclose Paris Swindlers their woes, even to the sympathetic

New Orleans, Nov. 30.—A serious error in the ginner's report made either by the census department or the telegraph company, affected the cotton market today. It opened at a decline of 8 to 11 points. On the announcement of the report an advance was made, covering a considerable portion of the decline up to the noon hour. Secretary Hester discovered the error and the report was found to be more bearish by 119,000 bales than at first appeared and December declined 16, January 17, and March 18 points. There was a slight recovery later.

### CUSTOMS REVENUES.

The following is comparative statement of customs revenue collected at the port of St. John during the month of November, 1903 and 1904:

one of them.

Miss Leiter will have \$2,000,000 as her 'dot."

## THEY RAIDED THE STREET.

yo, gave a pathetic description of the suffering among the poor under his spiritual jurisdiceion. My" people, "he said, "seem to be stunned, but they have a vague feeling that relief will come.

"Throughout the western counties the potato crop is a total failure. In Mayo row after row of the potato rop is a total failure. ### THE MAKING OF ALE

OF HOPS-

The flowers of the hop vine are used to impart fragrance and bouquet to malt liquors. Physicians agree that the hop extract in good ale is one of its most important medicinal properties. Experience has shown to brewers

that hops vary widely in strength and flavour, according to the climate of the district in which they grow. England, Germany, and North America produce hops which are especially fitted for different brands of ale. The choicest growths of these countries are used in the manufacture of Carling's Aie, Porter,

### A HORRIBLE FATE.

Spencerville, Ont. Farmer Gored To Death By a Bull.

A retired farmer named Peterson, living at Spencerville, Ont., was gored to death by a young bull on Saturday. He went to visit his son who lives on the old homestead, about two miles from Chesterville. In the morning he went out to the stable and a few minutes later the son heard the agonizing cries for help. Rushing to the stable he found his father cornered by a bull, the infuriated animal madly piercing the old man's body with his horns. There was a big hole bored in his breast and in less than two minutes after the son's arrival the father was dead. Beating back the bull the son 1081 got his father out and summoned medical aid. Mr. Peterson was 65 years of age, was well to do, and had lived in the Spencerville dis-trict for many years. His unfortunate ending caused widespread sor-
