CARLETON AND NEPTUNES WERE WINNERS SATURDAY.

Fairville and Trinity Were Easily Beaten on the Local Football Field --- Yale Beats Princeton and Dalhousie Downed the Wanderers --- A Great Sprinter --- Other Sport.

FOOTBALL.

Carleton 9, Fairville, 0.

Carleton and Fairville played on the Shamrock grounds on Saturday.

Play commencing at 2.45 sharp. By agreement between the two captains, two twenty minute halves were played. Fairville showed up better Saturday, than ever, and with their Captain, Dr. Curran, playing in the scrum, rendered an excellent account of themselves against the formidable and unbeaten Carleton team.

Their opponents scored but once in the first half, a try from a strong forward dash, in which nearly the whole of the Carleton forward line participated. The place kick was unsuccessful thus at the call of half time, Carleton were leading by the margin of 3 points, although they were right on their opponents' goal line when the whistle blew.

On the resumption of play, Fairville were the first to attack, but Carleton soon got going, and their speedy little wing half Burpee, managed to cross the line twice for his side. In neither case was the place kick successful. Just before the whistle blew for no side, Masson, for Fairville, intercepted a pass and got clean away, but for the full back Wright, who tackled him beautifully in his own twenty-five, and thus saved his side being scored against. No more scoring being done, Carleton were winners of a hard fight by (3 tries) 9 points, to Fairville's 0. Both teams put up a good game, but Carleton's strength in the half back line, enabled them to win.

Dr. Curran is to be congratulated on the excellent material he has secured from Fairville, and with their continuance of improvement, football lovers will look for much greater things from next year's team. Carleton were handicapped in not having the services of their best forward, and Captain Rev. Mr. Schofield, who met with quite a bad accident in the previous Saturday's game when playing for St. John, against U. N. B.

Neptunes, 11, Trinity, 0.

Neptunes and Trinity played on the same ground as the first match, play commencing at 4 o'clock. Neptunes won the toss, played

down the hill. Trinity kicked off, but Neptunes at once attacked, and Townsend picking up the ball, very neatly of the ground, while running at top speed scored the first try, for Neptunes. Ellis took the kick and added the major points.

From the kick off from the centre, Neptunes returned well into touch in Trinity's territory, and commenced again a hot attack, from a pass, from the scrum, Townsend again scored for his side. Ellis this time failing to convert. Score Neptunes 8, Trinity nil. Neptunes continued to have the best of the game and just before half time scored again well out through Howard. Ellis from a difficult position failing to convert. So far Neptunes had had all the better of the argument, but on the resumption of play Trinity, who were now playing downhill had just as much of the second half, as Neptunes had of the first half, but failed to make a single score owing chiefly to the weakness of their half-back line. Neither side scored during the second half, and the Neptunes were left winners by 1 goal, 2 tries, 11 points to Trinity's nil.

Curiously enough both of the winning teams scored the same number of times, (3 each), but the Neptunes through converting one of their tries beat their opponents by 2 points more than Carleton, were able to do. As the two winning clubs (Carleton and Neptunes), have not been beaten this season, and on each occasion that they met the game was a draw, they will meet next Thursday, Thanksgiving Day, to settle as to who will be the champions of the league.

On form, Neptunes should win, as in Ledingham they certainly have the smartest little quarter back in the league, while with their half back line composed of Ellis, Townsend, Moonsey and Howard, who, treated the spectators to quite the best combined play seen on the Shamrock grounds, this season, they should prove a tough proposition for their opponents to handle. Townsend on Saturday, played the game of his life, running and picking up the ball beautifully and also kicking well, Ellis also played well. The thorn in the Neptunes' side will undoubtedly be Burpee, who, should he get any openings, will be too fast for his opponents' to catch, of the forwards, they should be so evenly matched, that it will be doubtful if either pack will be superior to the other. In the full backs, Wright is certainly the superior of Kenney. Next Thursday on which the final will be played, being a holiday, a good crowd should be present to witness the contest.

Dalhousie Wins.

At Halifax, Saturday afternoon, the game of football between Dalhousie college and Wanderers, was won by the former, by a score of 8 to 3. It was the last game between the two teams for the championship and was witnessed by a large number of spectators. The Dalhousie team has held the championship for five consecutive years.

Yale and Princeton.

Princeton, N. J., Nov. 12.—Yale today administered the second defeat of the season to the orange and black, 12 to 0. The Princeton backs, reputed to be the fastest in the country, could gain no headway on the slippery field and their forwards, much lighter than Yale's were unable to brace themselves for the fierce attack of the New Haven boys. Three times, early in the opening half, the representatives of Old Nassau penalized for off side and once for holding, a distance of 30 yards, a great advantage for a fierce line bucking aggregation like the Yale eleven.

In the same half Yale suffered only once for a penalty and at the time the ball was so far in Princeton's territory that the five yards availed practically nothing. The game was absolutely devoid of spectacular plays Yale used straight plays aimed at centre tackle, and only twice essayed a quarter back run. The first attempt was a dismal failure, but on the second Rockwell got away for a pretty 20 yard run.

Princeton's gains and their defensive were due in a great measure to the individual playing of Gooney, Foulke and Miller. The former was used as a battering ram on the Yale line and seldom failed to gain his distance, and the two latter, as the second line of defense, were brilliant. Hogan, Bloomer, Leavenworth and Owsery were used to rip up Princeton's and were successful.

While Yale outplayed Princeton in the opening half the latter clearly held their own on the defensive and in the closing half. During the last 35 minutes of play the ball was almost continually in Yale's play, and this was her tackling in the open. Yale was also weak in the kicking game. Twice Princeton had the ball on Yale's 35 yard line. On both occasions, with three yards to gain on a third down she endeavored to rush the ball, rather than risk a kick and both times she was held. It is estimated 30,000 people saw the game.

Their Annual Tour.

The Mount Allison football team expects to leave tomorrow on the annual fall trip. They will first proceed to Wolfville, where they will play Acadia on Wednesday. Returning they will play King's College at Windsor on Thursday and Dalhousie in Halifax on Friday. They will re-

turn to Sackville Saturday morning. The boys have met with several accidents lately and consequently the team has been weakened somewhat. Doubtless, however, they will give a good account of themselves.

Other Games.

Acadia College defeated King's College in football match at Windsor Saturday; score 3 to 0. University of Maine, 28; Tufts, 0. Bowdoin, 12; Bates, 6. Harvard, 28; Holy Cross, 5. Yale Freshmen, 16; Harvard Freshmen, 0.

Yale 12; Princeton, 0. University of Pennsylvania, 18; Carlisle, 0. Dartmouth, 15; Amherst, 4. Columbia, 12; Cornell, 6. West Point, 41; New York University, 0.

HOCKEY.

A Good Plan.

Should Moncton and Sussex enter the New Brunswick Hockey League this year it would make an eight league club. Moncton, Sussex, Sackville and one St. John team would probably form one part, while the Wanderers, St. Stephen Thistles, Marysville, Crescents and the other St. John team would be the other section. The winner of the sections would then play off for the championship. This would reduce travelling expenses and is on the same plan as used in Upper Canada and the United States.—Amherst News.

ATHLETICS.

Thomas J. Hicks, winner of the St. Louis Marathon race, and a native of Fredericton (N. B.) will start on the Hamilton Herald road race on Thanksgiving Day.

Wonderful Runner.

In Alfred Shrubbs, of the South London Harriers, England, has a man who can show his heels to any other man in the wide world. He is a distance runner and although only on the cinder path about four years has done some wonderful things. He has broken numerous records, only to lower them again without having to extend himself to anything like his limit, and some of the best posted athletic authorities and writers in England believe Shrubbs to be the greatest distance runner, amateur or professional, that the world has ever seen. As practically a novice, and a member of the Horseshoe Blue Star Harriers, Shrubbs entered and ran third in the four-mile English championship of 1900. Since that time he has never known defeat over dis-

tances from one mile to ten. He has won the national and southern counties cross-country championship four times; four and ten-mile Amateur Athletic association championship, four times; international cross-country championship and one mile A. A. championship once, while the Sussex championship has been practically a walk over for him.

With almost every available championship to his credit, Shrubbs, however, reached the climax of his career at Ibrox park, Glasgow, in the early part of July, when in the two and four-mile handicaps he beat no fewer than ten world's amateur and two professional records. Taking the two miles first, Shrubbs ran the first mile in four minutes, 27 seconds, and at one and a quarter miles he touched the world's amateur record by doing five minutes, 37 seconds, the previous best being five minutes, 38 4-5 seconds, by T. P. Conneff at Bergen Point, Sept. 2, 1895. He just missed the one and a half miles, also held by Conneff, but got inside the record a quarter further on, running one and three-quarter miles in eight minutes, two seconds, against eight minutes eight and one-fifth seconds. The two miles were compassed in the wonderful time of nine minutes, nine and three-fifths seconds, which superseded his own world's amateur record of nine minutes, 17 seconds, made on the grass track at Kennington Oval, London, Sept. 12, 1903. This also beats the world's professional record of nine minutes, 11 1-2 seconds, which has stood to the credit of Bill Lang since 1863.

THE TURF.

Well Known Horses

Edna Powers, 2.08 1/2, the queen of the half mile tracks, will be among the horses to be sold at the Fasig Tipton sale at New York, Nov. 21.—Dec. 2.

Phoebe W. beat Will Kerr in class 4 pacing on the Charles River Speedway on Wednesday in 1.15 1/2, 1.13 1/2. Montana Girl was fourth in class 1, which Pat L. won in 1.10 1/2, 1.07 1/2.

James McKenzie, Shubenacadie, has bought of Sunnyside Farm, Waterville, the bay stallion Isle Dew, 2.24 1/2, by Nelson, dam by Lingert, second dam by Phallias. As the dam, Old Point, 2.23 1/2, the dam of Isle Dew is in the great brood mare list, Isle Dew is 10 hands or more, weighs 1175 lbs., and his colts are of much promise. He should be a distinct addition to the stock stallions in Nova Scotia.—Recorder Halifax.

DUCK SHOOTING.

(From Forest and Stream.)

You may go duck shooting, and the sun may shine and the sea be calm, and the ducks refuse to fly, and your gun be useless from dawn to dark. Or it may blow great guns and the sea may surge and the old boat tug at the anchor and the rains drive and the ducks go to Jericho. And so with one untoward condition or the other, or both, your leave of absence may be frittered away, and your bag may be checked for home, and your train boarded with never a duck to show for it all. And yet shall the outing not have been fruitless nor without

its substantial good. You come home refreshed in body and soul, to eat with such appetite you have not known for months, an elasticity of step, a fuller expansion of the chest, a clearer head, a keener mind, a stouter grip on the day's work, and a more genial feeling toward your fellow-men. It pays to go duck-shooting when you get ducks; it pays sometimes when you get none.

AT THE YORK THEATRE.

Tonight, the ninth week of vaudeville will be inaugurated at the York Theatre, and it will probably be the banner week of the season. There is not a weak act on the bill and every artist has a metropolitan reputation. The four marvels, have been a successful feature with the Barnum and Bailey circus for three seasons. Their work is most artistic. Gregory and Wood, top the list in hoop rolling, they use 350 hoops in their act, and their comedy is of the best.

The two Holstons introduce the most finished and novel dancing act in vaudeville, and score a hit everywhere.

The three arches are wonderful contortionists, their work is splendid and their wardrobe is of the best. Clarke and Temple are known in vaudeville by the title of "Frost and the Chambermaid," their comedy is good, and their singing a feature. Byron and Blanche are an up to date couple who introduce an act that for laughable situations is hard to surpass. Kit Carson does rifle shooting in every conceivable position upon an invisible wire. The whole should make a big hit.

Matinees are to be given every afternoon. On Thursday a special Thanksgiving matinee is announced.
