

CLEVELAND AMERICANS WIN POST SEASON SERIES.

Billy Dunning, the Boxer, Hurt in Caribou Me.—Challenge Accepted for Seawanhaka Cup — Jim Burroughs of Nova Scotia Fights 20 Round Draw in Spokane.

Spokane, Wn., Oct. 15.—Jim Burrows, middleweight champion of Nova Scotia, and Jerry McCarly of this state, have fought 20 rounds to a draw here. Both men were on their feet and fighting when the last round Burrows fought on the aggressive throughout while McCarly seldom changed from defensive.

Thorne and Sandall; forwards, Whitaker, C. Titus, Simms, Palmer, H. Titus, Woodrow and McKinnon. At the conclusion of this game All-St. John and Carleton will play.

Charles Mitchell, representing the English lad, has practically agreed to terms for the bout, and only the formal signing of an agreement remains to be done. A purse of \$10,000 and a large side bet will be the prize. It is expected the battle will take place some time in January next before the National Athletic club in London.

Billy Dunning Hurt.

Word has reached this City from Caribou that Billing Dunning, the well known heavyweight boxer of Portland has met with a serious accident that will end his career as a pugilist. Dunning has been working at Caribou for some months in a saw mill and carrying on a boxing school evenings with considerable success. One day last week he got caught in a circular saw and his left hand was cut completely off. It will be remembered that two years ago Dunning lost three fingers on his right hand while working in the Boston & Maine yard in this City. Dunning has a great many friends in St. John who will be pained to hear of his unfortunate accident.

Corbett and McGovern.

On the strength of his clever victory over Eddie Hanlon, at Philadelphia on Monday night, Terry McGovern is now going after bigger game. His first step will be to meet Young Corbett. The latter says that such a bout would just suit him, and he has named his terms for a third mill with the ex-featherweight champion. As they are acceptable to Terry, it is believed that articles will be signed this week for a match, to be decided at Philadelphia within six weeks.

Corbett is in fine health at present and with less than a month's work he ought to be able to get into condition to put up a great fight. Judging from his showing against Hanlon who is a good fighter, Terry has recovered his old form. A mill between Corbett and McGovern even for six rounds, the critics think, would be very interesting. Corbett is confident that he can take McGovern's measure just as easily as he did on the two other occasions when they met. Sam Harris, for McGovern, has prepared a set of articles, and if they are satisfactory Corbett says he will immediately sign them.

Seawanhaka Cup.

Montreal, Oct. 14.—The St. Lawrence Yacht Club, holders of the Seawanhaka cup, tonight accepted the challenge of the Manchester (Mass.) club for the cup next year. The Manchester club tried for the cup in 1903, but failed.

Baseball Yesterday.

Cleveland 4 11 2
Pittsburg 1 12 2
Batteries—Hess and Bemis; Robertson, Flaherty and Phelps.

R.H.E.
At St. Louis. 8 13 4
Nationals 2 4 2
Batteries—Taylor and Butler; Peltz and Kahoe.

What Griffiths Says.

Manager Griffiths of the New York Americans said, Monday night, "It was a tough game to lose, and a pennant to see go by the board through one wild pitch. However, I am not crying. Boston won the game fair and square, and Boston deserves the flag. I take my cap off to Collins and his men. Their steady playing Saturday and today was nothing short of wonderful. You have a great baseball city and a great baseball team.

"I am willing to play Boston a series of five games, but Collins does not care to play such a series. The race was bitter. We did our best and failed.

"We congratulate Boston and the world champions. We will win in 1905."

Indoor Baseball.

Yesterday afternoon, a game of indoor baseball, was played in the Y. M. C. A. gymnasium, between teams captured by S. B. Wilson, and H. Smith. The game resulted in a victory for Mr. Wilson's team.

Rothsay and U. N. B.

The Rothsay college team went to Fredericton, last evening, to play the U. N. B. team this afternoon. The team will line up as follows—H. Bernasconi, J. Woster, C. McLean, A. Carson, J. Learmont, W. H. Patterson, C. Porter, R. Fozee, C. Lawson, A. Shives, D. Adams, F. Gaskill, R. Fitzgerald, M. McAvity, D. McEellan, D. Clerk, substitute.

Fairville and Trinity.

Fairville and Trinity football teams are playing on the Shamrock grounds this afternoon. Fairville has strengthened her team and is in excellent shape. Trinity's team is as follows—Halves, Crosby, Stalling, Mowatt and Everett; quarters,

Lexington, Ky., Oct. 15.—Yesterday closed the ten days trotting meeting at Lexington, during which nearly \$75,000 was distributed in stakes and purse races; six world's records were broken, and several stako records were lowered.

The favorites won the three races on to-day's card in three straight heats. Snyder McGregor captured the Stolle stako for four-year-old trotters. Nancy H. won the 2.20 class pacing, and Tom Axworthy won the 2.25 class trotting.

Hare and Hounds.

This afternoon, the junior boys of the Y. M. C. A. gymnasium class, are holding a hare-and-hound chase. The hares are, G. Smith, R. Melrose, A. Farren, and A. Finn. They are chasing in the locality of Rockwood Park.

Athlete Married.

Peter O'Connor, the well-known Irish amateur athlete, who holds the world's record for the long jump, via. 24 ft. 11 in., was married in Dublin recently to Miss M. Hailey of Ballybeg, County Waterford.

A Great Cricketer.

A writer in the London Leader says: It is fitting enough that for the third time in his career, Prince Ranjit Singh should have the honor of heading the batting averages of England; with an average of 74, and an aggregate well over 2,000. He stands in truth, as a batsman in quite a class of his own, and conveys to a spectator the impression that nothing but deliberate carelessness or indifference is responsible for his dismissal at any time. There is a casual languidness about his batting; the bat seems to be dependent from rather than grasped by his hands; which suggests the unlabored ease of a juggler rather than the strenuous energy of a pure artist. No man can glide and deflect the ball so finely as he, so late that the bowler is confident it has passed and beaten the batsman. One watches Ranjit Singh as one would watch an oracle, dark and brooding, with a sense of wonder at the easy laxity, the good-natured indulgence which yet produces such wonderful results. Strokes apparently so daring, by all the recognized rules should end in disaster, yet their root is perennial, and season after season betrays no evanescence. His style and method are alike unique and inimitable. We must cross the seas to find his equal.

JOHN L. MISSING.

St. Louis, Oct. 15.—A good many St. Louis persons, deputy sheriffs among them, are interested in ascertaining the whereabouts of John L. Sullivan, ex-champion pugilist, who cannot be found at his place of business, or in his usual haunts. His saloon partner, John Gillespie, says John L. went off last Saturday upon a lot of old friends from Boston "blew in" to Sullivan's place and made merry with him. The fact of Sullivan's disappearance became known Thursday when a deputy sheriff sought to serve him with a subpoena to appear and answer questions as to the number of men living at the rooming house over Gillespie's saloon. Seventy-five men were registered from this number, which is in Ward 5, and the grand jury is trying to discover whether all of them lived there. A subpoena, was also issued for Gillespie, who says more than 75 men live there.

A GOOD BASEBALL YARN.

Wilkesbarre, Penn., Oct. 14.—A remarkable incident occurred in this city recently just before a baseball game between the East Plymouth and West Plymouth teams, which may perhaps never before happened in the National game. Philip Yeager and Val Klinko were batting fly balls, one to the outfield and the other to the infield. Yeager stood near the home plate and Klinko close to third base. At the same moment Yeager sent a high fly to the second baseman and Klinko a long fly to the right fielder, George Jeffries. The balls met with a crack about sixty feet above second base. The infield ball, which was then falling, was sent spinning away out to right field, where Jeffries caught it on the fly, while the outfield ball veered off its course and went toward centre field, where Reese Davis caught it, also on the fly.

NATIONAL GOLF MATCHES.

Philadelphia, Oct. 14.—With the championship in the National Women's Golf Tournament narrowed down to the semi-final round to-day the outlook for the result appeared more perplexing than in the earlier stages of the contest. Boston was opposed to New York in both matches. Miss Pauline Mackay was opposed by Mrs. E. T. Sanford the Orange golfer whose survival to the round was the genuine surprise of the whole tournament. Miss Georganna Bishop of Brooklawn and Miss K. C. Harley of Fall River were the other survivors that met in the semi-finals.

OUR BOYS IN REGIMENTS MOWED DOWN.

A Maritime Provincial Association Formed In the Prairie City.

(Winnipeg Free Press, Oct. 8.)

A very spirited and successful meeting of the Maritime Provincial association was held last night at Gauvin and Gontz's studio. The Maritime boys are determined to organize one of the best clubs in the west and the largest manifested showed that in this they are assured of success. The constitution was read a second time and several amendments were suggested and adopted. The committee who had this matter in hand went thoroughly into every contingency. The membership roll was doubled during the meeting and a large number of names were sent in of persons who wished information about the association.

Mr. McKenna reported as having waited upon Sir Charles Tupper and having been accorded a very kind reception. Sir Charles was proud to accept the office of honorary president and made the suggestion that one of the objects of the association should be to accept the movement of maritime men from the south to the west.

The nominating committee has an important work to do in selecting an entertaining and banqueting committee, a sports committee, press, financial and hall committees.

It was moved by Mr. Currie and seconded by Mr. Gentz that a committee be appointed to wait upon Hon. David Laird as to his accepting the office of honorary vice president.

A hearty vote of thanks was accorded Messrs Gauvin and Gontz for their generosity in placing their studio at the disposal of the association until a suitable hall is secured.

MAY TOTAL \$10,000,000.

The Building Permits in Winnipeg this Year Make a Record.

The aggregate of the building permits issued in Winnipeg during the present year which has been steadily leaving all former high water marks far in arrears, yesterday reached \$8,000,000, says a recent issue of the Free Press. There are still many large buildings and a host of smaller ones contemplated which will require permits this fall which will swell the expenditure to about \$10,000,000. That is the amount Building Inspector Rogers estimated the year's operations at, and the progress of the year indicates that his figures are very nearly correct.

The amount of permits issued at this same period in 1903 which had constituted a record up to that time was \$5,201,800 and the total for the entire year was \$5,699,400.

TO BAR SKY-SCRAPERS.

Berlin, Oct. 14.—The Prussian ministers of public works, the interior and commerce, have rejected a petition for the erection of "sky scrapers" in Prussian cities.

The petitioners pointed out that the present limitation of the height of buildings in Berlin to seventy-four feet is unnecessary in view of modern methods of steel construction. The ministers answered that the danger of fire had not been removed through steel framing, citing recent cases in the United States where people on the high upper stories could not be rescued when they broke out in the lower stories, and showing that it was impossible to get water so high to extinguish the flames. Furthermore, the ministers said the removal of the present restrictions would inaugurate wild real estate speculation.

SUNDAY SCHOOL WORKERS.

A largely attended meeting of Sunday school workers, was held in St. Andrew's church, last evening. Robt. Reid, was in the chair, and with him on the platform, were some of the delegates who were present at the recent Sunday school convention, at Woodstock. Among them were Marjion Lawrence, general field secretary, Mrs. Mary Foster Bryner and W. C. Pearce, international worker, and secretary of the Educational committee Prof. E. O. Excell, led the singing, and Prof. Byron Tapley, presided at the organ. W. C. Pearce, spoke on teacher training, and Mrs. Mary Foster Bryner said that she would be in St. John for a few days, and would like to meet all the Sunday school teachers.

Votes of thanks were passed to St. Andrew's church, Prof. Tapley, the chairman, and the four visiting workers.

SCOTCHMEN FOREIGNERS.

Scotchman called "Foreigners". A gentleman of this city was in Newfoundland last summer, and one day while being driven from Catalina to Bonavista, he asked the driver if there were any Jews in the latter place.

"Sir, sir!" was the reply, "there are no foreigners there at all." Then after a pause, he exclaimed: "O! I forgot, there are two Scotchmen there."

The Battle South of Mukden One of the Bloodiest in History — Japs Drove Wedge Into Russian Centre and Gained the Day — Pitiful Scenes After the Fight.

London, Oct. 14.—A despatch to a news agency from Mukden, timed 2 p. m. today and received by way of Paris, says the Japanese have gained a great victory and that the Russian lines are withdrawing slowly northward, having suffered heavy losses. The battle continues and despatches are strictly censored.

London, Oct. 15.—The Daily Chronicle's correspondent at Yental, telegraphing, Oct. 12, via Fusan, Oct. 14, says:

"The Russian attack failed everywhere and they are in full retreat along the whole line, pursued by the Japanese. Thirty Russian guns were captured. The Japanese turning movement is pressing the Russians back to Mukden. The Russians made sixteen counter attacks with splendid bravery, sacrificing themselves freely but unavailingly."

London, Oct. 15.—The Standard's correspondent at Yental, under date of Oct. 10th says:

"The whole Russian line has been driven back over a distance of twenty miles and seventy guns have been captured. Pursuit is being kept up by a strong force on both flanks. There is good reason to hope that Oyama has succeeded in enveloping the enemy. The cause of the Russian defeat is that the Japanese army drove the wedge into the middle of the enemy's line. Prisoners say General Kuropatkin personally commanded the troops on the main and that General Mischenko commanded at Benshu."

AWFUL SLAUGHTER.

St. Petersburg, Oct. 15.—The latest word direct from the field of battle is the Mukden despatch to the Associated Press, in which the Russian loss is estimated at 15,000, which, together with today's casualties, would make the fight rank as one of the bloodiest in history.

Mukden, Oct. 14.—3.45 p. m.—The fighting has raged today with the same bitterness as on the previous days of the engagement. The losses on both sides are enormous, that of the Russians being 15,000.

Wounded soldiers are being brought in from all directions. The roads are crowded with long trains of wagons, baggage and transport wagons, as

Morning News in Brief.

The opening reception of the junior boys of the Y. M. C. A., was held last night. The ladies' auxiliary served refreshments, after the following programme was carried out:—Vocal solo, Miss Combs; reading, E. Smith; piano solo, Miss Carrie Hallie; bag-pipe selection, Roy Willett; reading, A. F. Burditt; vocal solo, Eric Titus; piano solo, Miss Seord; reading, G. S. Whitaker; and speeches by Messrs. Wilson, Sodeham, Flewelling, and Archibald, Bruce S. Robb, was chairman.

A special meeting of the treasury board was held yesterday, to take steps to provide an extension of the water system in the Sand Point warehouses. It was decided to have the chamberlain and chairman make arrangements to procure the money for the work. The cost will be \$1200. It was suggested that the necessary amount be taken out of general revenue. There was a short discussion about the protection and heating facilities in the sheds.

J. D. Anderson of Eastport, who was to arrive today in connection with the establishing of the Knights of Columbus, in the city, was delayed by the American boat being behind time, and will not arrive until next week.

The entertainment announced for Thursday evening in Portland Methodist church, will be held next Tuesday evening.

Cleaning the water mains was resumed this morning. The pumping station at Silver Falls will be shut down until 6 p. m.

Chester Martin, the St. John Rhodes scholar, was to begin his studies in Balliol College, Oxford, yesterday, and William Pugsley, jr., of the attorney general was to begin his studies in law at Oxford.

GRAND FALLS NEWS.

Grand Falls, Oct. 14.—Several crews have already gone to the woods, as the usual preparations are being made to resume winter lumber operations.

Edward McKay, the former agent of the People's Bank, here, is in Town to-day.

The residences of W.M.S. DesBris and James Burgess, M. P. P., near the C. P. R. depot, and that of Mrs. Estey, near Broadway, are rapidly approaching completion.

The funeral of the late James Burgess was held at ten o'clock this morning, and was perhaps the largest ever seen in this vicinity. The members of the C. M. B. A., who marched in a body, preceded the hearse. The remains were brought to the Catholic Church where Father O'Keefe celebrated a solemn high mass of requiem after which the remains were interred in the cemetery adjoining the church.

There is activity, combined with anxiety, in Lancashire coal mining circles. Many of the mines are near to the exhaustion point, and explorations in search of new ones are being carried on that will cost \$10,000,000.

BENNY ON THE KANGAROO.

The kangaroo, is an animal with four legs, but it only uses half of them at a time. This is because its front legs ain't of much account. What it does not have in front legs it makes up in hind legs. The reason why the kangaroo stands up straight, like a man, is that its tail is too heavy for it. I have heard it said that if you cut off a kangaroo's tail the tail will grow another kangaroo, but the kangaroo cannot grow another tail. Once there was a man who drew a kangaroo in a lottery. When he found he could not ride the animal he traded it for a bicycle, which is far more useful and you do not have to feed it. Let us learn from this not to be cast down when obstacles rise before us on our pathway through life, and if we are good and obedient to our teachers, we will succeed. The kangaroo does not walk, like a bird or a human being, but jumps. I would rather be a grizzly bear, which is content with peanuts and raw meat and sleeps through the long dreary hours.
