The management of the St. John Street Railway Company has made an improvement in the car service which will be greatly appreciated by those who live in distant parts of the city.

A special car for north end will leave the foot of King street at four minutes past midday, thus furnishing noon-day travellers with a two minute service when the rush is at its height. This car will again be on hand at one o'clock, and again at five and six.

The superintendent of rolling stock reports it is by no means easy to run a civic electric railway in St. John during the winter season. Last winter ten car equipments were completely destroyed, each costing \$850; besides the expenses of a number of "folds"—part of the motive power and substantial salt bills, to say nothing of loss of patronage.

There is no real shortage just now of cars as is generally alleged, but three or four are kept in the shed to take the places of disabled rolling stock. This provision, is, however, before the first of next May, however, there will be more cars on hand from the upper Canadian manufacturers, a half dozen of which are to be for the summer service—hand-some, large and modern.

PALE WEAK GIRLS

Obtain Bright Eyes, Rosy Cheeks and Perfect Health Through the Use of Dr. Williams' Pink Pills.

Miss Jennie Burrows, Rigault, Que., says: "I write to thank you for the wonderful benefit your Dr. Williams' Pink Pills have done me. I am now 22 years of age, but from the time I was fourteen, I did not enjoy good health. A couple of years ago, while attending school I grew worse, and the Sisters in charge called in a doctor. After treating me for some time, without any improvement, he told me that I must discontinue my studies. When I got home I was sent to Caledonia Springs. The first month I was there it seemed to help me, but like all the medicine I had taken, the help was only temporary, and I relapsed into my former condition. I grew so pale and wax-like that strangers called me the wax figure. My heart would beat so violently that I could hear the noise it made. I was so weak I could not walk a block without support, or without resting two or three times. My head would sometimes ache so violently as to almost drive me wild, and at other times I would grow so dizzy that I could not stand. All this time I was taking treatment, but all the time was getting worse, and worse, and I hardly hoped ever to be better again. At this time I read in a newspaper of a somewhat similar case cured by the use of Dr. Williams' Pink Pills, and I determined to try them. By the time I had used a half dozen boxes I had improved a great deal. From that on week by week, I gained in health and strength, until by the time I had used eleven boxes I was enjoying better health than I had done for years. I am now well and strong, and thank God for the blessing of good health your wonderful Dr. Williams' Pink Pills have conferred upon me. I would strongly advise every weak and ailing girl who reads this to lose no time in taking Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills cured Miss Burrows because they made the rich red blood necessary to drive disease from the system. The pills go straight down to the root of the matter in the blood and cure that. That is why they cure all troubles due to bad blood. Anæmia, paleness, eruptions of the skin, palpitation, headaches, kidney trouble, rheumatism, neuralgia, and a host of other troubles, are all due to bad blood, and are speedily routed from the system by the rich, red blood made by the use of Dr. Williams' Pink Pills. Don't take a substitute see that the full name, Dr. Williams' Pink Pills for Pale People, is printed on the wrapper around each box. If in doubt you can get the pills by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.
