MOHAWKS AND MONCTON

CAN SYMPATHIZE NOW.

Fredericton Trojans Beat St. John Team at Hockey But We Put It All Over the Capital in the Curling Match—Sackville Also a Winner—Mohawk Team Was Weak.

HOCKEY.

Trojans 6; Mohawks 0.

The Mohawks of this city were defeated last night, at the Arctic rink, in Fredericton, by the Trojans of that city, by a score of 6-0. Owing to the late arrival of the train the teams did not get on the ice until about 9.20 o'clock. The game was characterized by much rough play and many instances of tripping on the part of the Fredericton team. There was upwards of 1,200 spectators in the rink. The Mohawks were considerably weakened by the loss of Rising and Robinson, both of whom were unable to play. Their places were taken by F. Crosby, and Lee Ford, neither of whom has had much practice, and therefore were not nearly as fast as their company. Both men played last night for the first time in a senior game. Therefore it is not much to be wondered at that the Mohawks did not make a better showing.

The Trojans played an aggressive game from the start, and after about 15 minutes play Robinson scored. This was quickly followed by Robinson again and McManamin. At half time the score stood 3 to 0.

In the second half Robinson, McManamin and Rowan each scored, making the result 6 to 0. The line-up of the teams was as follows:

Mohawks.	Goal.	Trojans.
Tufts	Point.	Finnamore
Fowler	Cover Point.	Staples
Wilkes	Forwards.	Coleman

Crosby

O'Neill	McManamin
Mooney	Dennison
Murray	Rowan

C. H. Allen refereed the game and according to some of the players, his decisions were at times questionable. While he acted very squarely in regard to offside plays, he was very lax in the matter of tripping, in which the Trojans were very proficient. One goal was protested by the Mohawks who claimed that it did not go inside the goal posts, but the goal judge allowed it. The liners were H. Staples and R. L. Sipprell, and Harry McLeod and H. Inches acted as goal judges.

Sackville 4, Moncton, 0.

The first game in the provincial league between Sackville and Moncton was played at Moncton last night and resulted in a score of 4-0 in favor of Sackville. About 600 people watched the game. The line-up of the teams was:

Sackville—Hill, goal; Rennie, point; Laidlaw, cover point; Norman, rover; Phelan, centre; Ayer, left wing; Stewart, right wing.

Moncton—Smith, goal; Hannah, point; Way, cover point; Emmerson, rover; Schaefer, centre; Donald, left wing; Delahunt, right wing.

It was evident from the start that Sackville was the stronger team. They played better team work, followed the puck better and showed the result of hard practice. The play had proceeded but a few minutes in the first half when Ayer shot a difficult goal from side for Sackville and before half time was called Phelan shot a second for the visitors from the centre. The play in the first half was in Moncton's territory almost altogether. Occasionally the puck would be carried to Sackville's end but not a dangerous shot for goal was made.

Sackville quickly returned the rubber to the Moncton goal and kept them on the defence the greater part of the time.

In the second half the Moncton forwards rushed the matter more and evened up the play. The greater part of the play in the second half was in the centre of the ice but the visitors had decidedly the best of it. Two more goals were added in Sackville's total in the second half. Ayer scored the third and failed in the fourth. Once in the last half Moncton rushed for a goal and came close to scoring. This was the only time Sackville really was in danger.

Blizard, of St. John, refereed the game satisfactorily. There was considerable rough play and the referee had his hands full in keeping the players in check. Hannah, of Moncton, was put off at once, and Ayer twice for foul playing. The team will be strengthened after the 16th by Crockett, who is under suspension.

Wanderers 6, Windsor 2.

Halifax, Jan. 10.—The first game of the Nova Scotia hockey series in

this city was played in the Empire rink tonight between the Wanderers and Windsor, the home team winning by a score of 6 to 2. One thousand persons were present, and the ice was heavy. The game was slow, and uninteresting, both teams displaying very poor form.

Cape Breton League.

Sydney, N. S., Jan. 10.—In the second game of the Cape Breton hockey league series tonight for the Cruise trophy the Nationals, of Sydney, defeated North Sydney, 2 to 1.

Pucklets.

And now Sussex comes to the front with a challenge for the Mohawks to play a series of three games for a trophy. They say they have posted \$100 for that purpose with the editor of the Sussex Record.

Why not wait until after the league is finished, and play the winners', and then after beating them challenge for the Stanley cup. Surely it would not be much to crow about to say you had beaten a team which has already been twice beaten. That is providing you did beat them. Wait a little while.

CURLING.

Fredericton 58, St. John 75.

At the St. Andrew's rink last night, the visiting Fredericton curlers were defeated by the following score:

Fredericton.	St. John.
B. Lamont,	F. P. C. Gregory,
T. A. Wilson,	C. S. Robertson,
A. E. Massie,	P. L. Harrison,
H. C. Rutter,	W. S. Barbour,

Total	Total
58	75

After the match the visiting curlers were entertained to luncheon at the club rooms.

Tee Shots.

Thistle and Fredericton tonight. Tibbitts and Thomas had it hot. Rutter was snowed under by "Napoleon."

Hawthorne played an excellent game. Doctor Magee on deck again. Come again, always welcome, Fredericton.

Ned Allan was down from Moncton to witness the game. Two rinks of the Fredericton Curlers are playing the Thistles this afternoon.

Piles To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbors what they think of it. You can use it and get your money back if not cured. 60c a box, at all dealers or EDMANSON, BATES & Co., Toronto.

Dr. Chase's Ointment

noon. The other two will play tonight.

SKATING.

Accepted Challenge.

W. H. Campbell accepts the challenge of Ransford H. Haines to a mile skating race on Thursday night, January 19.

THE TURF

Best Ice Record.

The best Canadian ice record over a half-mile track is 2:18, made by Flora Hunter, in a race at Ottawa last winter. She was driven by her owner, Mr. Harry Rice of Wolland. The best record over a mile track is 2:15, made by Crescens at Ottawa two years ago. The son of Robert McGregor was driven by Mr. George H. Ketchum.

WRESTLING.

Jenkins Won.

San Francisco, Jan. 10.—Thomas Jenkins won the catch-as-catch-can wrestling championship tonight by throwing Jack Carcock two straight falls. Jenkins won the first fall in 17 minutes and 30 seconds with a bar wrist and half Nelson hold. He won the second fall in four minutes and 45 seconds with a half Nelson and body hold.

Preliminary to the wrestling match Young Corbett announced that he would box Jimmy Britt at 133 pounds ringside for a \$5,000 side bet, winner to take all.

Britt announced that he was looking for a match with Jabez White of England and was not ready to consider Corbett's offer.

SPEEDS OF MANY CREATURES.

(Scientific American.) A European engineer, Joseph Olshausen, began about 15 years ago to measure the speeds of all creatures that he could study.

A good pedestrian's speed over good roads, he says, is a sixteenth of a mile in 12 seconds. The German soldier covers a little more than three miles an hour during an ordinary march that does not last too long.

The maximum speed acquired by the average person in swimming comfortably is 29 inches a second.

Oarsmen in an eight-oared barge acquired a speed of 197 inches in a second.

Skaters average from nine to ten yards a second, while runners on skids have made as much as 21 yard in the same time, and the jumper on skids has developed almost 40 yards' velocity in a second. The man who made this record jumped 120 feet.

Ice-boats skim over the ice at velocities that have reached 50 yards a second, or more than a mile a minute.

The fastest that has been done on a bicycle is the record of 66 feet a second.

The horse can gallop six miles in an hour for a considerable length of time. The swiftest dog in the world, the borzoi, or Russian wolfhound, has

made record runs that show 75 feet in a second, while the gazelle has known measured speed of more than 80 feet a second.

The gazelle, however, swift as she is, is not as swift as the ostrich, for that homely but swift bird can run 98 feet to the second when he really gets down to it. But then he helps himself along with his wings.

The whale, struck by a harpoon and sounding in terror, has been known to dive at the rate of 300 yards in a minute.

The Virginia rainpiper has made measured flights of 7,500 yards a minute, and the European swallow has attained speeds of more than 8,000 yards.

A species of falcon, known as the wandering falcon, flies from North Africa to northern Germany in one unbroken flight, making the distance in 11 hours.

Rich Color and Soft Skin

May be imitated, but beauty is more than skin deep—it is hidden in the blood. Eliminate the poisonous products of indigestion by Ferrozone and complexion rapidly improves. Increase the red coloring matter in the blood, give it more nutrition and more red cells, do this and cosmetics won't be needed. Give up cosmetics, they wither too quickly. Use Ferrozone and have your complexion firmly established. There isn't a case of blotched skin, poor complexion or lack of color that can't be quickly remedied by Ferrozone. Try it. Price 50c.

COMING TO ST. JOHN.

Pauline who has been making a sensation in Halifax the past couple of weeks will begin an engagement at the York Theatre here on Monday next. Of his success in Halifax, the Chronicle of January 7, had the following:

"That Pauline the hypnotist can draw large houses was proved again last night at the Academy. Each night, since the opening, his audiences have increased. It is no trouble for Pauline to get subjects and he can make them perform at will the most difficult feats under hypnotism. And as for the fun you simply have to laugh all the time. Pauline's store of originality is boundless. He carries you from one extreme to another and his audiences invariably leave the theatre in the very best of humor."

No Breakfast Table complete without

EPPS'S

An admirable food, with all its natural qualities intact, fitted to build up and maintain robust health, and to resist winter's extreme cold. It is a valuable diet for children.

The Most Nutritious and Economical.

ALDERMAN

INCENSED.

Member of Moncton City Council Seeks to Recover Damages or Apology.

Moncton, Jan. 11.—(Special).—F. B. Wood, formerly of the L. C. R. blacksmith shop, left to-day for Sydney where he takes a position in the Dominion Iron and Steel works. Previous to his departure Mr. Wood was entertained at a farewell supper by No. 2 hose Co., of which he had been a member for some years. Mr. Wood had been a member of the Moncton fire department for 27 years.

Mrs. Turner of Port Elgin, was brought to the Moncton hospital Monday for treatment. She underwent an operation which was satisfactory to the attending physician, Dr. Allen, of Port Elgin.

One of the city aldermen takes exception to some reflections cast upon him by a brother alderman at a recent meeting and it is said, has instructed his attorney to take proceedings to recover damages to his reputation unless an apology is forthcoming.

The local Salvation Army Corps has opened a new barracks in front of the old hall on Church street. The new hall is more commodious than the old quarters and much more comfortable in every respect.

John Gardiner, I. C. R. trackman, who was seriously injured on the railway picnic train last Summer is able to be out on crutches and has been given a position in the car mileage department.

Mrs. O. K. Rogers who has been spending the summer here with her son, J. H. Rogers of the C. P. R., left today for Vancouver where she has lived the past six years with her daughter, Mrs. Peck.

Miss Birdie Steeves, daughter of Mrs. Gilbert Steeves, left last night for Vancouver to spend the winter with her brother.

The funeral of the late Mrs. W. J. Kolmison took place yesterday afternoon from the residence of her stepson, Hon. C. W. Robinson, and was largely attended. Quite a number of friends and relatives from the lower end of the county were in attendance. The funeral services were conducted by Rev. J. W. McConnell and members of the Central Methodist choir led the singing. Interment took place in the Moncton Rural cemetery. Senator McSweeney, who left Monday night for Ottawa, was accompanied by his daughter, Miss McSweeney, and his son, A. E. McSweeney, who will spend a few weeks at the capital.

WOMEN.

Oh, the neatness of their neatness when they're neat.
And the sweetness of their sweetness when they're sweet!
Oh, the gladness of their gladness when they're glad.
And the sadness of their sadness when they're sad.
And their gladness and their sweetness
And their gladness and their sadness,
Are as nothing to their madness when they're mad.

FROZEN TO DEATH.

Aged Nova Scotian Buried in Snow—Flesh Picked By Hungry Ravens.

Cornwallis, N. S., Jan. 11.—A terrible discovery was made in a field near Kingsport on Monday. Captain William Ellis noticed a hand sticking up through a snow bank near the roadside. He got together some men who dug down through the snow and found the body of a man.

The body had probably lain there for some days for the hand and arm were badly picked by ravens. The body was taken to the undertaking rooms of Ward & Bros., at Canning, where an inquest was held by Dr. Webster, coroner, of Kentville.

The verdict was death from exposure to cold. The deceased was identified by relatives as being William Keddy, a man between eighty and ninety years of age, living at Hall's Harbor.

Mike—It's the Irish that does all the inviting in these days sure.

John—The Irish don't invent anything to speak of; it's the Americans that invent everything.

Mike—Thin perhaps yez can tell me why the Irishman's name, Pat, is always next to the date on all new inventions? Divil of an American name can ye find on wan, at all, at all.
