Re-appointed Old Board, But Will Seek Legislation to Increase the Number to Five—Ald. Macrae Refers to the Great Weakness of the Present System.

A meeting of the treasury board was held in the city building this morning. Chairman Robinson presided and the full board was present.

The present assessors are A. W. Sharpe (chairman), Uriah Drake, R. Farmer.

Their re-appointment was the subject for discussion. Of late there has been considerable talk about the advisability of appointing two extra assessors, which would entail extra expense of at least \$1,000.

Ald. Macrae at this stage discussed the situation. He contended that the law was workable as regards the assessment but that according to what he could ascertain, the assessors did not think so.

Ald. Frink said it might be possible that the commission could not draft an act to pass through the legislature in time.

Ald. McGoldrick's motion that no change be made in the assessors for the current year was then put and carried.

Ald. Frink then moved that the board recommend to the common council that a bill be drawn up and presented to the legislature in amendment to the assessment act of 1882 regarding the appointment of assessors for the city of St. John.

The Board adjourned.
