WITH A WEAKENED TEAM

NEPTUNES MET DEFEAT.

Sackville Hockeyists Put It All Over the Seven From St. John---The Local Situation---Neptunes Meet Tonight and Will Probably Re-organize.

## HOCKEY.

### The Local Situation.

In yesterday's issue of the Times an exclusive account of the registration of Gordon Brown, as captain of the Neptune hockey team, was published, and attention was drawn to the weak team which was sent to Sackville to play the league leaders. The result of the game last night was a foregone conclusion and it was generally recognized that the team had no chance of winning. In the entire line-up, only one senior player had a place, the balance of the septette being composed of intermediates. A meeting of the Neptunes has been called for this evening when the matter will be fully discussed, and it is probable that the team will be re-organized, and a practice held between 9 and 10 o'clock at the Queen's rink. It is also probable that the Peoria and Claverton of the intermediates will be on the new line-up, and an endeavor will be made to get a team in shape for the game with Fredericton on Friday night. If the team go about it in the right way and practice at every opportunity, they should be able to play a fairly strong game yet, and the public generally will not be slow in supporting an organization of players who show that they are endeavoring to do their best. In last night's game the Sackville team showed their superiority over the Neptune players by rolling up a score of 10 to 3. A correspondent in writing of the game says: "The Neptunes were in rather poor form and their playing lacked snap. In fact they acted as though defeat were certain and all efforts useless."

It would seem that in a city the size of St. John there should be enough good material to form one or two teams of hockey players that could win out from almost everything that came along. The result of the play so far shows that neither of the city teams has won a game with an outside team. The only victory being when the two local teams met and one was bound to win. There has been considerable talk this season of forming an all-St. John team next

year that would be able to bring victory to this city, but the same talk was heard last year and nothing came of it. However, there is material in St. John for a top-notch hockey aggregation, and the sooner that steps are taken to form such a team, irrespective of who or what the players are, the better for the sport here.

The two teams have almost lost all chance for the league pennant this year although if they won every game played with outside teams from now on, they would figure near the top. There is an opportunity for them to show the public that they are not dead yet, and by getting down to good hard work, demonstrate that they can still play the game. (Sporting Ed.)

### Tonight's Game.

Tonight, in the Queen's rink, the intermediate Neptunes will play the Ramblers. These teams have both played two games, and both lost two, so that the game tonight will place one of them in second place, as the other two teams of the league are tie for first place. Both teams are confident of victory and a good game may be looked for.

### Date Will Be Changed.

According to the schedule drawn up at the annual meeting of the New Brunswick Hockey League the Neptunes and the Trojans were to meet on February 1st at the Arctic Rink. Now arrangements have been made to have the Dawson City team meet an All-St. John team on that date and as some of the Neptunes will be on that All-St. John line up it is the intention of the Neptunes to get the date of their game changed. It is altogether likely that the date decided upon will be next Monday, January 30th.—Fredericton Gleaner.

### Wanderers 3; Dawson 2.

Halifax, N. S., Jan. 24.—In the fastest game of hockey played in Halifax this season the Dawson City team went down to defeat before the Wanderers in the Empire Rink to-night by a score of three to two. The visiting team had all the better of the first half, which closed two goals to nothing in their favor. The terrific pace which they set, however, told on them in the second half, with the result that the Wanderers, by

brilliant playing, won out. The teams played eighteen minutes before the first score was made, when Kennedy, for Dawson, found the net and ten minutes later the same player again scored, the half closing 2 to 0 in the visitors' favor.

The second half was lively throughout. The Wanderers became more confident and rushed the play from the start, Barclay scoring the first goal for the Wanderers five minutes after the face off. Eight minutes later the same player, by a beautiful run half the length of the rink, added another and tied the score and four minutes later he repeated the trick and placed the home team in the lead amid a great outburst of applause.

Young Kennedy, Smith and Fairbairn, by a fine rush, attempted to stem the tide of victory but the Wanderers not only put up a great defence but had the best of the balance of play.

### Beat the Indians.

Fredericton, N. B., Jan. 24.—The Trojan hockey team met a team of Indians from French Village at the Arctic Rink this evening and defeated them by a score of six to three. The Indians expect to make a tour of the provinces. The Dawson team will play the Trojans here February 3. Skating

## MISCELLANEOUS.

### Auto Record Broken.

Ormon, Fla., Jan. 23:—During the races this afternoon, Arthur E. MacDonald, of England, with his fifty horse power machine, heretofore untried, broke the five mile world's record by a good margin. He took a long flying start and covered the distance in three minutes and 17 seconds flat. The world's record for this distance was made here by W. K. Vanderbilt, Jr. last year in three minutes, 31 1-5 seconds, in his 90-horse power machine.

M. G. Bernin, in W. Gould Brockaw's 60-horse power, made a try for the world's record for ten miles but failed. He covered the first five miles in 3.51 1-5 and the ten in 7.42 flat. This distance was covered last year by Mr. Vanderbilt in 6.50.

## A POEM.

(Written for the Times.)

THE EVENING TIMES.  
I write this for the Evening Times, and when nature seems to whisper things, a magic unknown power,  
Of days gone by, of months that's past, of years that round hath rolled—  
We must prepare while here below, a sweet home for the soul.

## TWILIGHT.

I love to sit at twilight, when the evening stars appear,  
And think of those I love the best, and wish that they were here,  
The blooming rose it soon will fade, and flowers will decay,  
But in my heart those that I love, forever they will stay.

## PARTING.

I often part with loving friends, our parting it must be,  
Some to go to foreign lands, and some far o'er the sea.  
The friends we prize the highest, may be the first to leave,  
The dearest friends I find on earth they never will deceive.

## MEETING.

How sad it is when parting, to know we cannot meet,  
Until this earthly journey, it has been made complete,  
But thus we part, we meet again, to man it has been given,  
If ocean rolls between our souls, we all shall meet in heaven.

## TOOK A SEVERE COLD.

It Settled in The Kidneys.

## Pain in The Back The Result.

Catching cold and having it settle in the back is often the cause of Backache—the primary cause of kidney trouble. When the back aches it is a warning that the kidneys are liable to become affected.

Heed the warning; check the Backache, and dispose of any chance of further trouble.

If you don't, serious complications are very apt to arise, Mrs. E. Williams, Hamilton, Ont., caught cold, and it settled in her kidneys. She used
