MOHAWKS AND TROJANS PLAY AT FREDERICTON TONIGHT.

Promises to be a Good Match---Fredericton Curlers Here---Dropped Dead at a Hockey Match
---Boxer Lost Bout Through Error.

HOCKEY.

The Mohawks and Trojans.

The Mohawk hockey team leaves for Fredericton tonight, where they will play the Trojans of that city. The team will line-up as follows:—

F. Tufts—Goal.
Geo. Robertson—Point.
Ken. Inches—Cover Point.
Fred. Crosby—Centre.
F. O'Neill—Rover.
W. Murray—Right Wing.
E. Mooney—Left Wing.

The only change in the team is in the case of Rising, (Capt.) As he is unable to play (on account of his accident last Friday night), his place will be taken by Fred Crosby, who has been practising with the team and should make a good showing. It is to be regretted that Rising is unable to go as he is a good heady player and knew his position thoroughly.

Neptunes and Moncton.

The Neptune hockey team will leave here Saturday afternoon to play the Moncton team in a league match. The game should be an interesting one, as Moncton is said to have a very fast team.

Dope From the Gleaner.

The Fredericton Gleaner makes the following comments, in regard to the game tonight, between the "Mohawks" of this city, and the Trojans of the capital. "Tomorrow night at the Arctic Rink the New Brunswick Hockey League season in this city opens. The game the schedule calls for is between the Trojans of this city and the St. John Mohawks, who run the affairs of the N. B. H. L., and it should be well contested from start to finish. Both teams have played before this season, the Trojans winning an exhibition game from Sussex, score 3-1, and the Mohawks losing a league game to the Neptunes, score 2-1. Last season the Trojans won both games from Mohawks and this year their friends are especially anxious to see them repeat the trick. With the hope of seeing it done the larger proportion of 1,000 people will be at the Arctic rink tomorrow night. The Mohawks have heretofore had many friends in the city but most of these they lost by their action in the matter of the Sussex application. The crowd tomorrow night will be for seeing the

Tee Shots.

There will be a general meeting of the St. Andrew's Ladies' Curling Club at the rink Thursday at 12 o'clock.

In the first round for the Jones Cup at the St. Andrew's rink last night, Skip T. H. Estabrooks defeated Skip P. A. Clarke, 17 to 8.

Skip A. Watson defeated Skip E. A. Smith, 20 to 7.

THE RING.

Jeffries' Last Fight.

Jim Jeffries' days as a fighter are numbered. There will have to be something done pretty soon to make it, worth while for Jeff to stay in the fighting harness, or he will quit the ring forever.

Billy Delaney says that if a suitable and acceptable opponent is not found for the champion by next summer the big boiler maker will retire into private life and take his title with him.

If the big scrappers of the country expect to on with Jeff they will do well to get busy at once, as Jeffries is in earnest when he says that he is about done with the boxing game.

Jeffries is at present touring the country with a "Davy Crockett" combination. He takes the part of Davy in the show, and also spars a few rounds between acts. As far as known the company has been making good money, and Jeff is well satisfied with his part.

Mrs. Jeffries, the bride of the great fighter, travels with the company, as does Billy Delaney, the veteran manager, who has been with the champion since he first attracted public attention.

Delaney says that Jeff will never again fight a negro. He has decided that the three men who now demand his attention are Marvin Hart, of Louisville; Bob Fitzsimmons, the champion, and Frank Gotch, the Iowa wrestler, who has announced his intention of becoming a boxer and fighting Jeff for the championship.

Delaney demands that these three men settle the question of supremacy among themselves, and then Jeff will take on the winner, which will be his last fight.

Among the Boxers.

Tom Sharkey says he wants a match with Jim Corbett.

Charley Goff, the California middleweight whom Billy Madden brought east a few years ago, where he made good in many of the fights he fought, will not be seen in the ring, again. Goff has been appointed a policeman on the San Francisco police force.

Mike Donovan and Cy Flynn will meet in Charon, P. M., Jan. 17.

Charley Miner, the ex-sparring partner of George Dixon, was killed in New York the other night.

Harry Brodigan, the English bantamweight, has sailed for home.

A series of bouts between English and French boxers has been arranged to take place periodically in London.

Charley Guider of New York is after a match with Charley O'Rourke. The Cambridge boxer will accommodate him and probably give him a good beating.

Mike (Twin) Sullivan writes that he was offered a match with Willie Lewis in Portland recently, but the latter would not meet him. The Twin will meet Jimmy Gardiner or Gans any time at any weight.

Charley Haughton of the West End club of St. Louis offered a \$3000 purse for Frankie Neil and Jimmy Walsh, but Neil wanted so much time that Walsh's manager called the match off.

Young Kenney and Jimmy Burke will meet in Haverhill Jan. 20.

George Gunther, the Melbourne kangaroo, is more than anxious to meet Sam Langford. He has sparred with Langford several times and feels confident he can beat him. He is also ready to meet Charley O'Rourke again, and the Cambridge A. A. and Douglass have offered good prizes for the bouts. Gunther is ready to meet Langford next week at the Cambridge club.

Fight Is Off.

San Francisco, Jan. 9.—The match between Joe Gans and Jimmy Gardner, scheduled to take place here on Jan. 27, has been declared off, Gardner having refused to appear.

Philadelphia, Jan. 10.—The bout between "Buddy" Ryan of Chicago and Fred Douglass of Savannah which was scheduled to go six rounds last night at the Washington sporting club, was abruptly ended at the conclusion of the fourth round through a mistake made by one of Douglass' seconds. The men had been putting up a good fight until the fourth round, when Ryan assumed the aggressive and sent the southern man to his corner in a groggy condition. By mistake a second threw ammonia water in his face, thinking it was water. Douglass was temporarily blinded, his condition was such that it was impossible for him to continue the bout.

CANADIAN COINS.

Plentiful Enough in Maine and as Good as Uncle Sam's

(Bangor Commercial.)

Have you ever stopped to consider how much Canadian money there is in circulation hereabouts? If you never have noticed the plentifulness of the coin of the neighboring dominion it will surprise you to see how much there is of it in circulation in Bangor alone and if you go farther north and east of Bangor you will find that the Canadian currency in a large part takes the place of Uncle Sam's money. If you go west you will find that the plentifulness of the Canadian coin increases until you will find places where a piece is seldom seen and where the natives look upon it with eyes of suspicion.

In Houlton, Eastport, Machias, Fort Fairfield, Caribou and other towns along the eastern border of Maine one would not be surprised to find a great deal of Canadian silver for it is tender in most of the transactions between the people of those towns and the inhabitants of the border towns of the New Brunswick. Bangor, too, is in the way of getting a large amount of Dominion currency, for it is here that a great many inhabitants of the Provinces stop and spend their cash.

The railroad ticket offices and the express offices come in for the largest share of this and handle most of the money, and from them it passes into general circulation. Woodsmen coming here from New Brunswick leave a great deal at the hotels and boarding houses, and others leave it at the express office in return for money orders to send back to the folks at home. These provincials seem anxious to unload their Canadian currency and get good American money in its place, and even when returning home they give Canadian money for their tickets instead of the American money which they may have just as plentifully as the other.

The national banks handle very little of the Canadian money, for they are not allowed to take it on deposit and if they do it they exchange it or put it out into circulation again as soon as possible. The express companies and railroad offices readily take it for they can as readily use it in paying off their employees, and in the transaction of business in the offices where so much of the coin is used. There are some storekeepers and merchants who refuse to take Canadian money but they are very few in Bangor where as a rule the money is considered as good legal tender in small amounts as Uncle Sam's own coin. But even here notes of the Dominion banks have been refused.

Farther west and south, however, it is different. Little of the money is seen there and consequently it is looked upon with suspicion. Of course there is a great deal of Canadian currency in circulation in the towns all along the northern border of the United States just as there is on the eastern border of Maine, but down through the middle and southern states the natives look askance at a half-dollar or quarter or dime which bears in relief the head of the late queen.

Here in Bangor one hardly ever notices whether he receives American or Canadian money in change, and even if he notices he does not care. Canadian paper money is not so plentiful as the silver and the bills look so much alike that the casual observer would scarcely notice whether he had American or Canadian paper. It makes no difference what you get, however, whether it is American or Canadian, so long as it is not counterfeit of either, for either is good and will buy as much as the other. However, it is just as well that we do not see many Canadian bills since the odd denominations of \$3 and \$4 are likely to be confusing to the average man.

HAPPY DIGBY.

Town Has a Surplus and Collects All Its Taxes.

Digby, Jan. 9.—The auditor's annual report for the town of Digby is now in the printer's hands. All bills incurred have been paid, sinking funds on four loans provided; the rate of taxation was ten cents lower in 1904 in any year during the last eight, and less than \$100, is outstanding of the rate books in the way of unpaid taxes.

Severe Attack of Dyspepsia.

Got No Relief From
Medicines, But Found It
At Last in

Burdock Blood Bitters.

Mrs. Frank Hutt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:—"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters so highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Burdock Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a trial."
