A HEAVY LOSS.

Tampa, Fla., Jan. 28.—Additional advices from throughout the orange belt show that of 500,000 boxes of oranges on the trees about 75 per cent ass been frozen and made unsaleable. A big portion of this loss falls upon the buyers who bought the crops on the trees although some growers have been hard hit. Reports from Arcadia and other deSoto County points say oranges on the young trees and practically all vegetables were killed, but the grape fruit was only slightly damaged. The temperature at Arcadia went down to 18 above zero.
