

NEWS OF SACKVILLE.

New Teachers at Mount Allison Strengthen the Staff.

A BAND LEADER.

Faculty Concert Next Friday Evening--The Town Council--Lumbering Operations--Personal Notes.

Sackville, Jan. 13th.—The students and teachers of the Ladies' College have returned, including the two new ones Miss Bowker, elocution, and Miss Adams, piano. After six months spent in Germany and England, Miss Graham has also returned to resume her duties in the teaching of English and composition.

The town council, at its last meeting passed a number of by-laws, three of which are very stringent and exacting in their character. If a man is eating an apple and drops a seed, he is liable to be fined two dollars. If he passes a person to the left rather than to the right he incurs a penalty of four dollars; and he is fined the same amount if his sign projects more than a foot over the sidewalk.

Robert Hicks' house and all its contents were destroyed by fire last week. It is understood there was no insurance. Loss about \$1200.

John M. Hicks of Midgie has built a mill shed near Millidge Estabrooks, and is lumbering extensively at Cookville.

Chas. E. Burt of Plymouth, Mass. arrived on the C. P. R. yesterday, having been engaged as leader and musical director of the Sackville Citizens' Band. Mr. Burt comes highly recommended.

Rev. E. L. Steeves moved into the new parsonage last week.

The following officers were installed at the Division of the Sons of Temperance on Thursday evening at Middle Sackville: W. P. E. S. James; W. A. Walter Tingley; R. S. J. E. Phinney; A. R. S., Geo. Campbell; treasurer, P. J. Tingley; F. S., C. C. Campbell; Conductor, Fred Ayer; Assistant Con., Grace Phinney; O. S., Fred Ward; I. S., Alice Ayer; Chaplain, Rev. E. L. Steeves; Organist, Mrs. S. F. James; Y. P. W., Ethel Ayer.

The first faculty concert of the collegiate year will come off in Beethoven Hall on Friday, Jan. 20th. The occasion will be one of more than ordinary interest, as the conservatory staff is strengthened this year by several new teachers, who will appear for the first time before a Sackville audience. Miss Booth and Miss Adams both come to Sackville highly recommended as pianists of fine executive ability. Miss Bent is spoken of as possessing a flexible, well trained voice of ample compass and volume.

Messrs J. and C. Hickman have forty men in the woods at Brookline cutting and yarding logs. Six teams are at present engaged at hauling logs.

Mrs. Turner was successfully operated on at Moncton Hospital this week, and last account was doing nicely. She was accompanied by Miss Embree, a trained nurse from Amherst.

Adam Scott, an old and respected resident of Murray Road, Bolsford, died Tuesday noon. He was in his ninetieth year. Deceased was a life member of the Presbyterian church. The funeral will be held on Thursday afternoon.

The friends of R. D. Ward of the Western Union Telegraph Office here will regret to hear that he is in poor health. The doctors have ordered him to go west.

Mr. Jonah of the High School staff received word Wednesday of the death of his sister at Sussex. He left Wednesday night to attend the funeral.

Mr. and Mrs. Fraser will remove from Truro to Sackville next week. Mr. Fraser is opening a marble and stone cutting business in town.

THE HAMPTON TRIAL.

Hampton, Jan. 14.—The manslaughter trial gives promise of extending well into next week.

The sessions yesterday were devoted solely to the examination of witnesses for the prosecution and the crown may close its case tomorrow.

The evidence adduced has here and there, been of unexpected interest. Mrs. Olive Wright, for instance, swore that she tried to blind the prisoner by throwing hot water over him.

"Why did you wish to blind Oscar?" asked the cross-examiner. "To keep him from taking away the rest of my thing," she said. "He hadn't any business in my house anyway."

Mrs. Wright testifies with curt directness. There was scarce any necessity to repeat a query. She appears to comprehend instantly, but through her every utterance there sounded a note of bitterness.

Samuel Keith was again put on the stand yesterday but no material evidence was adduced.

When Mrs. Wright resumed the stand she was much composed, and began by declaring with emphasis that she had never struck the prisoner on the head. She repeated the statement several times.

She admitted striking him on the hand. She said she never asked Dudley Keith to help her to kill Oscar Wright.

Frank Dunham, of Havelock, examined by Dr. Pugsley, related his struggles with the prisoner. He said the fight appeared general. He gave blows and received them.

Cross-examined by Mr. Currey, the witness said the reason he went to the scene was because somebody in his home said Oscar Wright was locked in the Wright house.

"You told the attorney-general that you took hold of Oscar."

"I did it to help Sam Keith. He had called out: 'My God, don't let him kill me.'"

Herbert Fowler, constable, swore that when he arrested the prisoner about an hour after the tragedy, he saw the prisoner's head and knuckles bruised. As far as the witness could recall, the prisoner said Mrs. Wright was responsible for the bruise on his head.

Adam Steeves, of Havelock, who was heard at the preliminary examination, gave evidence; Le Baron Corey told of the part he took in the arrest of the prisoner, and Jas. Keith, formerly of Havelock, and Oldfield, Proctor, of the same village, were sworn, also Jonah Keith.

At 5:15 o'clock Gabriel Keith took the stand. It was intended to have a night session, but later this plan was changed.

WILLOW HOUSES.

There used to be an old saying to the effect that "When houses were made of willow, the men were made of oak."

A neat way of describing the healthfulness of the old days, and the immunity of the "men of oak" from many diseases, especially those diseases due to cold and exposure, when Catarrh was unknown, because the entire body was insured to cold, and therefore immune to the attacks of such germs.

It is only within the last fifty years that Catarrh has become so common.

And only within the last ten that, after careful scientific study of its cause and treatment, a cure has been discovered—Stuart's Catarrh Tablets.

Until it was thoroughly understood that this disease was due to microbial poisoning, which generally began with the local attack of the deadly microbe on the weak respiratory tract—nose, throat, mouth, etc.—attempts to cure were guess work.

But when the actual microbe, which causes the disease, was discovered, and studied under the microscope, a means was found, by scientific methods, to destroy it, and this means of destruction and therefore cure, was called Stuart's Catarrh Tablets.

These tablets are meant to slowly dissolve in the mouth, so that their medicinal action begins right in the part where these pernicious germs are most active.

The juice from the dissolved Tablet acts directly on these microbes, and immediately stops their work; while, at the same time, it has a wholesome, healing effect on the swollen, inflamed and raw surface of the parts involved, which bear witness to the dangerous work of the germs.

Further down, the dissolved Stuart's Catarrh Tablet, which you have swallowed, gives up other portions of its ingredients to the work of toning up any other mucous membranes, which, as very often happens, may be sympathetically inflamed, such as those of the stomach, bowels, etc.

By preventing and curing any inflammatory conditions from gaining ground in these parts, Stuart's Catarrh Tablets positively prevent, if taken in time, all the dangerous diseases resulting from such inflammation, such as gastritis, peritonitis, as pericarditis, and all the conditions of internal disease not known by the term CATARRH, whether of Stomach, Liver, Kidney, Bowels, Bladder, or any other internal mucous membrane of the body.

Stuart's Catarrh Tablets cure Catarrh, by methods beyond the reach of any other remedial measure.

Better try them. Sold by all druggists at 50 cents a box.

MORE MONEY FOR HETTY.

By the Settlement of Her Father's Estates, Hetty Green Receives \$75,000.

Boston, Jan. 13.—By agreement of all parties the action of Hetty Green of New York, against the trustees of her father's estate which has been pending in the United States Circuit court for the past five years has been privately settled. Mrs. Green sought to have an adjudication of matters growing out of the handling of the estate by the trustees, alleging that they had mismanaged the property. It is said that by the settlement Mrs. Green will receive \$75,000.

ANAEMIA--POOR BLOOD.

Headaches, Dizziness, Heart Palpitation and Consumption Follows.

Anaemia—watery blood—is a treacherous trouble. It steals insidiously from slight symptoms to dangerous diseases. The thin watery blood shows itself at first in pale lips, wan face, breathlessness, heart palpitation, lost appetite. If the trouble is not checked and cured consumption follows; coughing, spitting, clammy night sweats, a total breakdown and death. What the anaemic sufferer needs is more blood—more strength. And there is nothing in the whole wide world will give new blood and new strength so surely and so speedily as Dr. Williams' Pink Pills. Every dose helps to send new, rich, red blood coursing through the system, bringing strength to weak lungs and all parts of the body. Thousands testify to the truth of these statements, among them Miss Eugenia Villandry, St. Germain, Que. who says: "While attending school my health began to give away. The trouble came on gradually and the doctor who attended me said it was due to overstudy and that a rest would put me right. But instead of getting better I grew weaker. I suffered from headaches and dizziness, and at night I did not sleep well. I was troubled with pains in the back, my appetite left me and I grew pale as a corpse. Finally I became so weak I was forced to remain in bed. As the doctor did not help me any, I asked my father to get me Dr. Williams' Pink Pills. Before I had used two boxes there was an improvement, and when I had taken a half dozen boxes I was again in perfect health. I believe all weak girls will find new health if they will take the pills." Anaemia, indigestion, heart trouble, rheumatism, kidney trouble, and the special ailments of women are all due to poor blood, and are all cured by Dr. Williams' Pink Pills. You can get these pills from any medicine dealer, or by mail post paid at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

THEY OBJECT TO MERGER.

Canadian Manufacturers May Ask Government to Reduce the Duty on Cotton.

Montreal, Jan. 13.—(Special)—The formation of a textile merger has aroused opposition among Canadian manufacturers who use cotton products as raw material, because Messrs. Black & Gordon, connected with shirt and white wear manufacturing companies respectively are on the merger directorate. The objecting manufacturers do not wish to have to buy raw material from their rivals. If no settlement is reached the independent manufacturers may ask the government to reduce the duty on cottons.

CITY TEACHERS MEET.

The meeting of the Teachers' association held last night was largely attended. The matter principally discussed was the shortage in salary, caused by a mistake on the part of the secretary in making up the amounts for the half year, ending June 1904. The teachers were only paid for 104 days, whereas they should have been paid for the full of 217 days. They have already written to the trustees about the matter, but have received no reply as yet, except the statement made through the press that the shortage would be made up next June. But they want their money now.

The matter was placed in the hands of a special committee who will bring it to the notice of the trustees. After the association's business had been transacted an open meeting was held at which T. B. Kidner was the speaker. Mr. Kidner referred to the training of teachers in general, and to the influence of manual training upon the various grades. His address was along lines similar to his previous address here.

Yesterday afternoon Mr. Kidner, accompanied by Judge Ritchie, visited the Boys' Industrial Home.

TRADES AND LABOR COUNCIL.

At a meeting of the Trades and Labor Council last evening in Berryman's hall, the following officers were elected:

E. J. Neve, president.

John Killen, vice-president.

M. J. Kelly, recording and corresponding secretary.

T. A. Nash, financial secretary.

D. Gilson, treasurer.

Wallace Brown, sergeant-at-arms.

P. C. Sharkey, Charles McCrystall, M. J. Kelly, trustees.

Messrs. Kelly and Brown, who had been present at the meeting of the Fabian League on the previous meeting, referred to the league and its object. The council endorsed the action of the Fabian League, and placed on record their agreement with its aims and work.

Drugging Won't Cure Catarrh.

All the medicine in the world taken into the stomach won't cure catarrh, and it's useless to squander money on tablets, bitters and liquid remedies. Catarrh is a disease of the nasal passages, throat and bronchial tubes. Stomach medicines can't reach these parts. It's only fragrant healing Catarrhazone which is breathed all through the air passages that is sure to reach the seat of Catarrh. No failure ever known if Catarrhazone was used. It heals and doesn't irritate; it soothes, kills the germs and therefore cures. Use only Catarrhazone the one certain cure. Two months' treatment \$1.00 trial size 25c.
