

MONCTON ELECTIONS.

Very Little Interest Is Shown in Civic Contest This Year.

HE GOES SOUTH.

A Business Partnership --- Poultry Thieves Have Been Busy --- Will Join G. T. P. Survey.

Moncton, Jan. 5.—Moncton's Civic elections take place on Jan. 31st and the prospective candidates are being talked of. Owing to the system of electing half of the aldermen for two years...

So far the mayoralty candidates spoken of are mayor Ryan and Ald. J. M. Ross. The retiring aldermen this year are E. O. Steeves, at large, W. H. Edgett in ward one, J. M. Ross in ward two and Jas. Doyle in ward three.

The mayor and four aldermen are to be elected. The names of ex-Ald. Forbes in ward one, Dr. R. L. Steeves in ward two and Ald. Steeves for re-election have been mentioned as possible candidates.

H. C. Williams with I. C. R. engineers' office, intends leaving on Monday next for Knoxville, Tennessee, where he will spend the winter. He will be accompanied by Mrs. Williams. Mr. Williams has been ordered south by his physician an account of an affection of the throat. He will become resident engineer of a railroad at Knoxville.

C. H. Cassidy, tinsmith, has admitted to partnership with him Camille Belliveau, a well known I. C. R. machinist. The new firm has purchased the wooden block just east of the Bank of Nova Scotia building.

The block includes a large two story building and a three story building. A. C. Chapman left last night on a business trip to Chicago and other American cities.

Poultry thieves have been quite busy this winter and several citizens who paid good round prices for their turkeys and geese are mourning the mysterious disappearance of the birds. One citizen living on Botsford street stored away half a dozen fat turkeys for which he paid 20 cts. a pound about Christmas time.

The other day on visiting the cold storage there was not a bird to be found. Two or three other cases of thefts of a similar nature have been reported.

Merchants report yesterday one of the quietest days in business for years. The dullness of trade being due to a blinding snow storm that prevailed.

A. T. Wilson, son of Judge Wilson, of Fredericton has resigned his position in the engineer's office here to accept one on the G. T. P. survey. He left today for Ottawa.

TALKS OF THE WEST.

J. H. Brock of Winnipeg, managing director of the Great West Life Insurance Co., arrived in the city yesterday. Mr. Brock's main object in visiting the maritime provinces at this time is to arrange for the establishment of an independent office at Halifax. Hitherto the company's business in the maritime provinces has been under the management of the St. John office, with L. V. Norman as manager.

The Nova Scotia business will be managed from Halifax, while Mr. Norman will still have the business in New Brunswick and Prince Edward Island, and will continue to occupy the office at 134 Prince William street.

W. R. C. Hewitt, who has been the company's inspector in Ontario, has been appointed manager of Nova Scotia.

Mr. Brock said that business was booming in Winnipeg. Extensive building operations are being carried on in spite of the snow and severe weather. A number of important steel structures are being erected among them being the new C. P. R. hotel and station and a mammoth building for Timothy Eaton of Toronto, who will open a department store there as soon as the premises are ready. Mr. Brock says there is not a vacant store or house in Winnipeg. In many cases men coming to the city to work or engage in business, are obliged to leave their families behind until new houses are erected.

Speaking of the west generally, Mr. Brock said the country was filling up rapidly and business everywhere seemed prosperous.

NEWFOUNDLAND PROSPEROUS.

St. John's, Nfld., Jan. 4.—The revenue of the colony for the half year ending Dec. 31 is the largest ever recorded, being \$1,112,000, or \$25,000 more than for the same period last year and despite a reduction in duties estimated at nearly \$100,000. During the past four years the annual revenue of the colony has grown from \$2,000,000 to \$2,500,000, although duties aggregating over \$300,000 have been removed annually from necessities of life.

Catarrh of the Head

Is very common, but awfully dangerous because it causes deafness and leads to consumption. Cures is as certain to follow the use of Catarrhoxone as day is to follow night. You simply breathe the fragrant healing Catarrhoxone which spreads through the nasal passages, throat and lungs, driving out every vestige of catarrh. "I was cured of chronic catarrh of the nose and throat" writes Ernest M. Wilkinson of Laurenceton "after many years of misery by Catarrhoxone which is a splendid remedy to free the air passages from mucus. Catarrhoxone relieves quickly and my cure has been permanent." Price \$1.00 for two months' treatment; trial size 25c.

More Ships Disarm.

Che Foo, Jan. 4.—A despatch received here from Tsingtau, Shantung peninsula, under today's date, says the Russian torpedo boat destroyers, Smyrta and Bolla with a merchantman having 800 soldiers on board, arrived at Tsingtau, January 2, are disarming. No Japanese warships, the despatch adds have been seen at Tsingtau today.

MORNING NEWS IN BRIEF.

Provincial.

Evangelists Hunter and Crossley are conducting very successful meetings at Truro.

Halifax was storm-swept all day yesterday. The city's lightning plants suffered severely. Last night the city was in total darkness. More than 500 telephones are out of order.

General.

At a meeting of the New Dominion Textile Company directors yesterday at Montreal the capital was fixed at \$5,000,000 common stock and \$2,500,000 preferred, bearing seven per cent interest.

Succession duties collected last year by the Ontario government totalled \$450,000 the largest yet.

Fire at Berlin N. H. last night destroyed the Clement Opera house and three adjacent blocks causing a loss of \$200,000. One man was killed and a woman fatally injured.

Herelle Paradis, a former Montreal chief of police, is dead at his residence at Pawtucket, R. I., aged seventy-six.

Capt. Reid of the P. E. Island government is in Ottawa. He is there to see the minister of railways so as to get and extension of time for the free transportation of hay over the I. C. R. from Quebec. Owing to extreme drought in part of the island he says there is a scarcity of food for the cattle.

The Brockville Canada Carriage Company's factory, the largest at Brockville employing 300 men was destroyed by fire last night. The loss is \$300,000. Explosion of a lantern carried by a boy was the cause.

Three men were killed last night at Washington by a train. They were walking on the track.

The Quebec legislature will meet on Feb. 9.

An imperial decree dated Dec. 29 is published at St. Petersburg authorizing the issue of a loan of \$81,000,000.

WILLIAM PETERSON, LTD.

Who Failed to Provide Canada With Fast Atlantic Line.

William Peterson, Limited, of Newcastle-on-Tyne, England, who recently failed, first came into prominence in connection with the turret type of steamers, and of these a number were chartered to the Dominion Coal Company to carry coal from Sydney to Montreal. In 1897 a contract was entered into with the Dominion Government for the establishment of a fast line of steamers between Canadian and British ports, it being proposed to utilize steamers of the turret type. The company made a deposit with the government which was forfeited on the failure to establish the service within the time stipulated. In 1902 the Canadian Lakes & Ocean Navigation Company, Limited, was established with W. Peterson as vice-president to establish a line of steamers on the Great Lakes and the St. Lawrence river, the nucleus of the fleet being the Turret Cape, Turret Court and Turret Crown, Three steamers, the J. H. Plummer, A. S. Ames and H.M. Pellott, were subsequently added and at the end of the year Mr. Peterson retired from this official position and returned to England. The Canadian Lines, Limited, was established in 1903 to establish a line of steamers between Canadian and European ports, and in connection with it steamers were run from Antwerp to Montreal, carrying passengers and freight, and early in 1904 an effort was made to earn a subsidy voted in 1903 by the Dominion Parliament with a view of establishing a line of steamers between Montreal and a French port. The subsidy was first taken hold of by a Bordeaux firm, but as it also carried freight and passengers to St. Pierre, Miquelon, the French port off the Newfoundland coast, the contract was cancelled. Three months ago one of the firm's steamers, the Lake Simcoe, became involved with the government owing to the escape of thirty Syrians ordered to be deported.

NEW C. P. R. BOATS.

Sir Thomas Shaughnessy Looking Over Plans.

Montreal Witness. The C. P. R. will before long be in possession of two new smart boats for the Atlantic service.

Arthur Piers has returned from England with the plans for the two new boats which, according to a resolution passed at the last annual meeting of the C. P. R. stockholders, were to be built or bought to augment the Atlantic fleet the business of which it is believed, will warrant in the near future, even larger additions.

Sir Thomas Shaughnessy went over the plans with Mr. Piers on Tuesday. These will be submitted to the executive, and towards the end of the week will receive official sanction, subject, of course, to revision and modification.

These plans call for two fast boats averaging seventeen or perhaps even eighteen knots an hour. They do not pretend to solve the fast Atlantic service problem, but they mark a step in that direction.

Each boat will cost in the neighborhood of a million dollars. The latest improvements will be added; there will be the best possible accommodation for stowage passengers; and the boats, when put into service, will mark a step in advance of anything yet offered for general passenger service on the St. Lawrence route.

After these boats are completed and delivered, there will, in all probability, be an addition made to the Pacific fleet.

This has been foreshadowed by the executive. The business of the Pacific has grown by leaps and bounds. It is larger at this moment than the accommodation which can be provided.

Appetite Was Poor

Dizzy Most of The Time. Could Not Sleep at Night.

Many people are unaware of having anything wrong with their heart or nerves till some little excitement or overwork makes them feel faint and dizzy, or perhaps simply going up or down stairs causes dizziness and specks to float before the eyes. People troubled in this way should heed the warning, and not fail to take treatment before something more serious occurs.

For all heart and nerve troubles there is nothing to equal Milburn's Heart and Nerve Pills.

CURED Lumbago FOR EDITOR LANE.

"I cannot speak too highly in praise of Smith's Buchu Lithia Pills, as they have done me a vast amount of good. For several weeks I suffered terribly from Lumbago, and expended a great deal of money in experimenting on a cure, but failed to find anything of merit until I commenced taking your pills. I got relief from the start, and within a few days was able to resume work. The disease has wholly left me, and I am at your service in speaking a good word for the pills." JOHN J.
