TROJANS AND SACKVILLE CROSS STICKS TONIGHT.

They Meet at Fredericton in the N. B. League Series---Tomorrow Night's Game---Intermediate League---Rough House Hockey in Upper Canada---News of the Curlers.

HOCKEY.

Trojans and Sackville.

Considerable interest is being manifested in the hockey match which is to be played tonight in Fredericton between the Sackville team and the boys of the capital. These teams are now tied for first place, and tonight will decide which is the leader. The general opinion here seems to be that Sackville will win, despite the fact that Fredericton claims that they will blank every team in the league.

The Big Games.

Tomorrow night the Queens rink will probably be taxed to the utmost to provide space for the spectators who are anxious to see the two biggest hockey games of the season. As this is a benefit night for the hockey teams of this city it is to be hoped that a very generous patronage will be the result, as in this way the public can help along the sport and at the same time see two rattling good games. The Mohawks will try their best to beat the Sackville boys and show that they have not forgotten how to play. It is said that some surprises are in store for those who attend this game.

In the Neptune vs Moncton game, the boys of the rowing club are determined to wipe out their defeat of last Saturday. It is understood that they will be strengthened considerably, and a close contest will likely result.

In tomorrow night's game with Moncton, the Neptunes will line up as follows:

Carlyle, goal; Coombes, points; Brown, cover point; Blizard, right wing; Howard, left wing; McNeill, centre; Townsend, rover.

To Play in Sussex.

The Bankers' hockey team of Moncton will play the Sussex team, at Sussex, on Saturday night next. As the Bankers have a very strong team this should be a very fast game.

Sydney Reaching Out.

Sydney Post: Manager McNeil, of Strathcona rink, is negotiating with some of the crack hockey teams of the New England States to come to North Sydney and play a series of matches. One of the college teams

in the vicinity of Boston has signified its intention of making the trip, announcement of which will be made later.

The Klonkykers.

Randy McLennan, of the Klondyke team, was the redoubtable rover for Queen's in 1893, 1894, and 1895, when that team won the Ontario championship for three consecutive years. Randy played with the Cornwallis in the senior lacrosse league before 1896, and helped Queen's football team win the Dominion championship in 1893. Norman Watt is an Aylmer boy. He came to Dawson in 1897. He is fast on the ice and a good shot.

Kennedy is known in Dawson as "Sure Shot" Kennedy. He is a native of Winnipeg, where he played hockey for several years.

Kennedy and Hector Smith are a strong pair, fast skaters and daring. They play well together. Smith is also a native of Winnipeg.

Johnston was formerly in the North West Mounted Police and played with the police teams at McLeod and White Horse, Y. T. He is well-known in Ottawa, where his father is an official of the post-office department.

Albert Forest is a youngster of nineteen and the pet of Dawson baseball enthusiasts. For three consecutive years he held the championship of the Yukon Territory for fast skating. He has won laurels, too, for his hockey at goal.

Martin, spare man, played lacrosse and hockey for Ottawa teams.

Hanna, of Brandon, played last year in the Stanley Cup series against Ottawa. He is a strong cover. Those who have seen him at work say he has but few superiors.

Maritime Men Win.

A Canadian team composed of residents of Boston has entered the New England League under the name Wanderers. In their first game they defeated Columbia 7 to 0. The team was composed of K. J. Sheraton (Halifax), Tingley (Moncton), Allen (Ottawa), Woodman (Halifax), A. Oulton (St. John), D. L. Sheraton, (Halifax), Smith, (Windsor).

St. James 2, Neptunes 1.

A game in the intermediate hockey league between the Neptunes and St.

James' was played last evening in the Queen's rink, resulting in a win for the St. James by two goals to one. The game was very evenly contested throughout. In the first half the St. James' boys scored through Dunlop, and after half time Collins equalised for the Neptunes. An extra five minutes play resulted in Baxter putting the St. James' team ahead with a shot from a melee in front of goal.

The following were the sides:

St. James.	Goal.	Neptunes.
Miller	Point.	Ellis
Thompson	Cover Point.	W. Rising
Howes	Centre.	Fowler
Murray	Rover.	Baranahy
Dunlap	Wings.	Collins
Charlton	P. Rising	
Baxter	Clinch	
Referee--E. Mooney!		

The intermediate league standing is now:

Played.	Won.	Lost.	P.C.
Y. M. C. A.	2	2	1000
St. James	2	2	1000
Neptunes	2	2	1000
Ramblers	2	2	1000

These Teams Fought.

Hockey is taken seriously in some parts of Ontario. Of a game at Brockville this week a despatch says--

"The contest was one of the poorest exhibitions of hockey ever witnessed in Brockville, due in a large measure to the rough tactics of the Kingston men. They used their weight on the Brockville light forward line and resorted to rough tactics, which finally resulted in a free fight in which players and spectators took part. Early in the game Kingston displayed a dirty winning at all hazards. The Brockvilles pushed them hard in the second half, and referee Gilroy, of Smith's Falls, seemed entirely unable to cope with the situation. He penalized both sides frequently, but no punishment was apparently severe enough to scare the offenders. With five minutes to play, Mahood gave Service a nasty cross-check and followed it up by striking him across the forehead with his stick, inflicting a nasty cut. Both players clinched and the players of respective sides, in attempting to separate them, got into difficulties.

Van Horne, the Kingston point, deliberately struck an inoffensive opponent named Hayward, standing to one side, bringing him to the ice in a senseless condition with a rap on the head from his stick. This was a signal for the crowd to interfere, and instantly the rail birds were on the ice, plugging right and left. It was with difficulty that the police cleared the mob. Great indignation was expressed over Van Horne's cowardly act, and the fact that he quickly got under cover save himself from personal injury. He went off for the rest of the match, and Hayward, who was unconscious for several minutes, eventually revived, but was unable to continue in the game. The Kingston players were escorted to their hotel quarters by the police, followed by a howling mob of enraged rooters.

At Arnprior, Ont., the game has got into the police court. An Arnprior despatch of Tuesday says:-- "Not wishing to allow Pembroke all the glory in the Police Court assault and battery case against Billy Pearson, the heavyweight cover of the Arnprior has laid information against Thomas Benson, of the Pembroke team, for assault and battery on Parnell McGonigal, an Arnprior forward. Both cases will be heard before Police Magistrate Tierney tomorrow afternoon. Prominent citizens are summoned as witnesses."

SKATING.

Skating Championships.

The championship skating races to be held at the M. A. A. track on Feb. 4 promise to be interesting, as the entries include crack skaters. The programme consists of three miles, one mile, half mile and 220 yards dash, 220 yards hurdle race, half mile

backwards, half mile for boys, under twelve years; one mile for boys under sixteen years of age. The entries close with Mr. Louis Rubenstein, 149 Mansfield street, Montreal, on Feb. 1.

Shaken Up.

D. H. MacLean, formerly of Halifax, N. S., an expert hockey player, has been appointed manager of the Brooklyn Skating Club team. Mr. MacLean has stirred up the members of the club. He has put the seven through some vigorous practice since he took charge, and has instilled new life in the players. Several hockey experts from Canada will be added to the Brooklyn Skating Club squad. Mr. MacLean goes on the ice with the players, and coaches them in team work and individual play. He says there is good material in the team, but they need proper coaching in the fine points of hockey play. He has assured the members of the seven if they give proper attention to their work he will land them at the top of the hockey championship ladder.

ATHLETIC.

The Jumping Record.

William E. Quinn, the athlete, who has achieved wonderful success jumping with ice skates, has decided to go in quest of new laurels at the perilous sport. He will now endeavor to clear five feet in height on ice. The present record, held by himself is 4 feet 10 1/2 inches, made last spring. Quinn is a wonder at this sort of feat. He is remarkably agile, and being very sure-footed when shod with steel runners, does not take the risk which ordinarily accompanies skate jumping. He is a graceful jumper, and clears the bar without apparent effort. His method of jumping is a surprise to those who first see it. He does not skate toward the bar. Instead he takes two long leaps and then rises lightly in the air, sailing over the obstacle as if it required no effort.

BASEBALL.

Pay Up and Look Happy.

Moncton, Jan. 18--The pennant offered by Spaulding Co. to the winners of the local base ball league last summer has arrived here after much delay. The Franklins are the winners but the pennant is at the custom's house with express charges and duty against it, which the Franklins decline to pay, claiming that the flag was to be presented free of charge.

THE RING.

South African Champion.

The Halifax Recorder states:-- Among the arrivals from Liverpool Sunday by the steamer Parisian was Wm. F. Martin, a well known pugilist in England, and his backer, Mr. Simpson. Martin has come to America to arrange matches with the prominent pugilists, and is particularly anxious to meet Munroe, who fought Jeffries. Besides Martin is on a visit to his friends and relatives in Nova Scotia, some of whom reside in Amherst. Martin engaged in a boxing bout in Halifax some years ago

WHAT IS BILE

The Important Work It Accomplishes.

How to Insure a Healthy Supply.

The principal work of the liver is the secretion of bile—a golden brown, mucilage-like substance, composed of certain liver elements or salts, mucus and coloring matter. It is the natural antiseptic and cathartic of the bowels. A torpid liver means deficient bile secretion, which in turn means constipation with its attendant evils.

The bile plays a most important part in promoting healthy digestion. Its absence results in congestion of the bowels, with indigestion, and to correct this and secure healthy bile secretion Smith's Pineapple and Bitternut Pills have a very selective action—in fact, they cure biliousness with the bilious headache, driving the fecal contents out of the body, which, if permitted to remain, would poison the whole system and rapidly undermine the general health.

Never permit yourself to become bilious. A sick headache, a sudden attack of indigestion, or a fitful diarrhoea with distress and a yellow-coated tongue call for the prompt use of Smith's Pineapple and Bitternut Pills. They are by far the best remedy to empty the bowels and relieve congestive conditions. They act as a true tonic to the liver, preventing as well as curing constipation. One or two of these pills taken every night mildly stimulates the liver and corrects biliousness without the driving purgative effects of harsh drugs. Their gentle laxative action especially commends them to ladies, who bloat after eating and are subject to periodical headaches. To secure a healthy reaction of bile, thus establishing perfect bowel regularity, these little pills possess merits peculiarly their own, not found in other remedies.

Smith's Pineapple and Bitternut Pills always cure constipation, biliousness and sick headaches in one night. All dealers, 25 cents. All genuine signed W. F. Smith.

MISCELLANEOUS.

Canadian Birds Win.

Boston, Jan. 18--Canadian birds made a great winning at the poultry show yesterday, with no less than 25 blue ribbons going to the Java and Polish cocks and hens entered by Messrs. Oke & McNeil of London, Canada. This firm is one of the leading poultry exhibitors in America, and it has brought out many famous birds. The big show is now in perfectly smooth running order, and, whether one is a fancier of poultry or not, a visit to Mechanics' building is well worth while.

THE SIEGE OF DJLKPWRZB.

Before a Turkish town,
The Russians came,
And with huge cannon
Did bombard the same,

They got up close,
And rained fat bombshells down,
And blew out every
Vowel in the town.

And then the Turks,
Becoming somewhat sad,
Surrendered every
Consonant they had.
