Rev. Joseph Smith.

"You knew your former pastor" is dead," said Mr. Smith, in part, "yet he still lives and speaks. His life and labors will abide in your hearts."

"Personally, I am conscious of a great loss. He was a warm hearted, true friend, and Christian brother. You have lost an earnest minister and loving, affectionate pastor."

"Ah, you poor devils of bachelors Now when a married man gets a little rent in his clothes— He's got to pay it to the landlord, I see."

TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

Mrs. Fannie D. Fox

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse menstruation.

If you have mysterious pains, if there are indications of inflammation or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation.

Dear Mrs. Pinkham, of Lynn, Mass., will give you her advice free of all charge if you will write her about yourself.

I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my monthlies stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor on the uterus and would have to undergo an operation.

RACE AND CREED HAVE NO PLACE.

Should Not be Considered in Forming Governments, Says Toronto News.

It seems to be settled that a French-Canadian shall have a place in Mr. Whitney's Cabinet.

Mr. Whitney must follow this precedent, except that the French-Canadian to be taken into the conservative Cabinet shall have charge of a Department. If we mistake not, Mr. Whitney himself, in a speech delivered at Montreal a year ago, made a pledge, more or less direct, to such a French-Canadian.

The Negroes in all the other Southern States have prospered amazingly in the last quarter of a century, and if the estimate as to the value of their property holdings in Georgia be approximately correct, it would not be very wide of the mark to say that the Negroes of the South now hold property of the value of more than \$100,000,000.

Danger of Living With Consumptives.

Is real danger because the sputum of affected persons diffuses itself through the air and finds lodgment in the systems of others.

Recently the monks of St. Bernard received with great delight—"cheering like schoolboys"—a piano sent them for a present by King Edward.

Aunt Hannah—Caesar was a Roman, but a Greek. I'm afraid I'll never be perfect in your knowledge of the world's history.

SOUTHERN PAPER ON THE NEGROES.

Thinks They Are Not Doing Enough For Themselves.

In a recent address Booker Washington said that one-twenty-sixth of the soil of Virginia, according to official records, is now owned by Negroes and that, after thirty years of freedom, only 54 per cent of the negro race were illiterate as compared with 65 per cent of Italians, 85 per cent of Spaniards, 70 per cent of Russians and 60 per cent of South Americans.

The Negroes in all the other Southern States have prospered amazingly in the last quarter of a century, and if the estimate as to the value of their property holdings in Georgia be approximately correct, it would not be very wide of the mark to say that the Negroes of the South now hold property of the value of more than \$100,000,000.

States are more fairly treated than they are in any Northern State, and that they enjoy in these States greater political freedom of action than in any of the Northern States.

In spite of the fact, however, that the Negroes of Georgia own \$30,000,000 worth of property and the Negroes of the South own more than \$100,000,000 worth of property, there is not an educational institution in any one of the Southern States, we believe, which was established by Negro liberality.
