Si

After the most kind reception and welcome I met with in every house but two of Kincardineshire, and the further and unanimous confirmation of the same by your now united acclamations, as also by the address of welcome and congratulation now read and handed to me by your worthy Chairmen, Messrs. Burns and Watt, Esqrs., it is with the deepes emetion that I now rise to express my mos

Many as you are of course aware that have in my wide travels visited every civilized country on the globe, yet you have all now petition if you would only keep quiet, the visited has made so deep and lasting an impression on me as those of New Kincardineshire that I have just had the pleasure of and armed with even more power than ever, visiting, partly because it fell to my lot to began their reinstalement by punishing all to know that no landscape that I have ever who had dared to complain of their most have the great honor, and vet I fear the misfortune, to introduce to these ungrateful and the welcome example to the kind people of stern regions such indomitable men as I now the river side to rob every stick of timber again see before me. I have said misfortune. because men like you deserved a much better reward for your undaunted energies and hard they had laid out, more with the express sufferings than you have found here. I have called at almost every house from

the Fork Roads to Munquart on the one road, but a year or two ago there was no trace of civilization nor even of man; but now how persons in authority under the Government what might be called a smiling promise of a come not impaired by the discouragement of suffered from the latter enemies alone, it is really marvellous what you have accomplished, as all along both roads on either side are open patches of from 6 to 15 acres on which oats, barley, and the universal buckflower garden before the door of each log children, little boys and girls, each with a book in one hand and a herd staff in the roads is so scandalously ill-done as to be other, on week days a school book, and on apparent at every point in the Colony. The Sundays such books as built up the moral being, and inspired reverence and gratitude are not grubbed, and indeed the only example for the great Spirit which your predecessors of that noble freedom trumpeted throughout of this wilderness saw only in the storm or the lightning, or whose voice they heard not in the Divine Word as you do, but only in bats, squirrels, snakes, cats and even ground scenes as were presented by your children herding with the staff of duty in one hand and the staff of the immortal soul in the in any other part of this vast continent excepting in New Kincardineshire. Such scenes as those will make Scotland proud of you and your reproachers ashamed of their rash insults. I dwell upon this subject be-

Firstly-That in the midst of all your by all classes as to where we should locate, bitter trials and wrongs and crushing toils you do not forget that which is noblest and highest in man, namely, intellectual and religious culture, and

Secondly-Because the evidences just given return the blush to the cheeks of those who have even publicly reproached you as a gang of government paupers. For this most unmerited reproach against you you are however exclusively indebted to the wanton, and per haps designed, misrepresentations of the Government in its official Reports of the lavished on you.

In short, with such magnificent proofs of your orderly resignation under bitter wrongs, your indomitable energy in the terrific work of felling and firing farms out of a wild, and at times frozen, forest, your strict observance of family worship under your humble roofs, and also your diligent anxiety for the tntellectual part of this brief life, I have to exclaim to you how proud I feel when I think that was once your leader; but a thousand times more proud to, by your unanimons acclamations, be even now after all you have suffered, assured of your full confidence in the honesty of my actions and motives in all the parts I took in regard to your now almost worldknown colony, at least world-known in the

latest annals of immigration. During my visit to each of the homes of New Kincardineshire I have heard from each on that account. Then during my next visit successor. Should they be considered in thinker. The attendance was small, owing family the unvarnished yet heart rending to Fredericton in October, 1872, the Govern- Committee again, the Session can scarcely be to the heavy storm. Miss Vavasour played possible. narration of bitter trials, sufferings and mity of the whole 120 narratives that there ment telegraphed to Mr. Taylor to the same will be no need for me to individualize one from another, but to take the whole as a vet did the Government pay me for those uniform and concentrated story, which I now 10,000 pamphlets? No; and not only have repeat to you for your simultaneous and united | they not paid for them, but when it suited confirmation or correction. I have heard how you were for months after I left you, packed indiscriminately into vacant barns, nity which they honestly owed to you for the by nearly every one as a foregone conclusion. luts; men and women, boys and girls, all horrors their scandalous failures had caused to together, in twenties and thirties in small you, they even in spite of the written and the evidence alleged to be against him is Christmas season. apartments, the largest not over 16 by 20 telegraphic evidence to the contrary, attempt- forthcoming. For the Colonial Farmer. NOTES FROM GRAND LAKE STREAM

But little news of importance has tran-

The ground has been covered with a snowy garb and the lakes have been sealed in a

bridge of ice.

Mr. Atkins has finished his first spawning operations for the season. He took about half the quantity of eggs that he did last year. He intends to stay through the winter to take charge of the "hatching process." Considerable lumbering is to be done here this winter. Some teams have already

hauled a considerable number of logs to the The St. Croix Game & Angler's Associa-

tion at Calais, (an organization which has lately been formed) have sent men up to Grand Lake Stream to ascertain the cause of the decrease in the land-locked salmon and also to look into the results of the spawning business, and if possible to get the nuisance of throwing into the stream rubbish and tannery refuse by the Shaw Bros. abolished. They are engaged in a good work, and I hope they will succeed.

The results of the Presidential election have not yet been made known here and ever, body around is in the utmost suspense regarding it. Formerly nobody here but Americans took a decided interest in politics. but this election has had such an influence money which are still unpaid. I have heard on the welfare or destruction of the country from you how even now at this moment the that it has occasioned a social warfare throughout the country.

The Democrats fearing the utter ruination of the country by the continued misrule, robbery and anarchy of the Republican party, have fought to a man for the overthrow of such an ebnoxious Government; the most heroic spirit preferred the latter and the Republicans, finding that they were losing ground and also their hold upon the was sent from St. John, it yet had to suffer reins and purse strings of the country, have fought equally as well to maintain their usurped prestige.

Nothing since the foundation of the Republic has had such a demoralizing tendency and such a tendency to lower us in the esteem of other nations, as the fraud and corruption seek for work, to get food to keep your perpetrated by the Republican party in try-

Five Years' Sickness Cured by Four Bottles et Constitutional Gatarth Remedy. Pain in Shoulders, Back and Lungs, an

Oroppings in Throat Canana Sr. ARMAND, P. C. Sept. 12, 1878 Ma.T. J. B HARDING Dear Sir: - Being desirors that others may knew something of the merits of your Constitution of Catarri Remedy, I wish to inform you what is has done for me. I am twenty-nipe years old; has been out of health for about five years. I had employed three or four different dectors, and trice various medicines, without receiving any permanent lanefit, but continued rather to grow worse until last fall, when I had become so bad as to be anable to do an hour's work at a time. Had sever soreness and pain under the shoulder blades in through the shoulders, with very lame back, and feeling in my right lung as though there was a in the threat and down upon the lungs. Each was my condition when I con menced to take your eactar h Pencedy, one bottle of which eased my pains tar h Pemedy, one bottle of which eased my pains and gave me an in proved appetite, and after taking four bottles I was restored to leath so as to be able to endure hard and continued labor, such as choping and clearing land at which I have been engaged the past senson. My recovery I attribute solely, with God's blessing, to the use of
