MANHOOD: How Lost, How Restored

Just published, in a sealed en-velope, A Lecture for the relief the effects of Errors and Abuses in early life, as Mental and Physicial Debility, Nervousness, &c., by Rob. J. Culverwell, M. D.

The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequence of Errors in youth may be radically cured without the dangerous use of internal medicine or the application of the knife, pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
