Corner Queen Street and Wilmot's Alley, Fredericton. Fredericton, July 24, 1876.

A French physician makes the remarkable statement that one-half at least of the so-called drowned persons are buried alive, and that they may be brought to life by proper treatment after having been " several hours under water." His remedy is to get out the water, pour in and inject alcoholic stimulants, and use the whip energetically, or het irons in bad cases. His statements have been partially confirmed by the resuscitation of a man after he had been under water in one of the Seine baths for more than twenty minutes.

James Hillier, an elderly man, was recently charged at the Thames Police Court, London, with the novel offence of hanging his son John, aged five years, out of the window. The mother, afraid of Hillier's violence, had run out of the house and sought refuge with a reighbor. Returning soon after. she was horrified to see her child suspended by a line out of the second-floor window. When rescued, the little one was exhausted and there were red marks on its throat and beneath its armpits, where the cord had been,

In France, out of a population of 36,000,-000, only 2,000,000 live on the revenue of accumulated wealth, the balance depending on the produce of labour.

While William Hirons was shearing sheep near Atherston, Englad, recently, one of the sheep butted him so violently in the stomach that he died frem the effects.

The body of Bellini, the composer, which was buried in France, is to be brought to Italy, in a man-of-war and placed in a temb in Catania with imposing ceremonies.

The British Governments is rapidly increasing the number of Gatling guns in the navy. All the large iron-clads armed with these, and several have lately been sent to Malta for issue to the Mediterranean fleet.

The introduction of female clerks into the goods offices of the London and North-Western railway, at Birmingham, has proved so successful the Directors have been induced successful the Directors have been induced to try the experiment in other large centres with the money in the mouth of your sacks of traffic.

John Friel and Wentworth McKean, both of St. Mary's, were badly injured on the Grand Southern by the premature explosion of a blast.

LECTRICITY! THOMAS' EXCELSIOR EC-LECTRIC OIL!—WORTH TEN TIMES ITS ers see memo, of brands: WEIGHT IN GOLD .- Pain cannot stay where | WHITE PIGEON it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured branchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most sceptical: J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had JOB MOSES' Periodical Pills from you, and want more now; its cures are truly wonderful." Wm. McGuire' of Franklin, writes, "I have sold all the agent left, it acts like a charm-it was slow at first, but takes splendidly now." H. Cole, of Iona, writes, "Please forward 6 dozen Thomas' Eclectaic Oil, I am nearly out, nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thamesville, writes, "Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodward, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes Oil. I have sold entirely out. Nothing takes like it." Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay." Lemoyne, Gibb & Co., Buckingham, P. How Lost, How Restored elope, A Lecture for the relief of young men who suffer from the effects of Errors and Abuses in early life, as Mental and Physicial Debility, Nervousness, &c., by Rob. J. Culverwell, M. D.

The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequence of Errors in youth may be radically cured without the dangerous use of internal medicine or the application of the knite, pointing out a mode of cure at once sample, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
