Electricity! Thomas' Electric Oil! Worth Ten Times its Weight in Gold.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One dose has cured rheumatism. Fifty cents worth has cured old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lacks back of eight years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most sceptical: J. Colwell, of Toronto, Ont., writes: "Send me 6 dozen Dr. Thomas' Electric Oil, have sold all I had upon you, and want more now; its cures are truly wonderful." Wm. McGuire of Franklin, writes: "I have sold all the agent left, but like a charm—it was slow at first, but takes splendidly now." H. Cole, of Iowa writes: "I have used Dr. Thomas' Electric Oil, and I have only one bottle left. It is highly recommended by those who have used it." J. Bedford, Thameville, writes: "Send at once a further supply of Electric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodward, writes: "Send me some more Electric Oil. I have sold entirely out. Nothing takes like Dr. Thomas' Electric Oil. J. Colwell, of Toronto, Ont., writes: "The Electric Oil is getting a great reputation here, and is daily called for. Send a further supply without delay." Lemoyne, Gibbs & Co., Buckingham, P.
