Corvespondence,

For the Colonial F: MR. EDITOR,-You and your read be glad to learn, that I have come to letter. I conclude with Charlotte.

This County returns four represent some say five, as Mr. Robinson live while professedly representing York.

Hon. Mr. Stevenson-This gentler held the office of Surveyor Genera number of years, and figured conspicu the famous Immigration scheme. He for the law, set up business somew the County he represents, and sudde

covered that he had not talent en succeed. He then resorted to politi living, and succeeded in being returned Legislature, where for a length of

was little more than noticed. Comp in the Government of the day, or me

dent, elevated him to the Executive and the office he now holds. Fitness position was not taken into account. like others who hold office, ability en

receive the salary, and that was about qualification required. Mr. Stevens large, strong built man, with a slight expression of countenance. He is not speaker by any means, and the House the wiser for what he says. His void pleasant and somewhat weak and un and though he often takes part in det one seems to listen, except it may b some Crown Land investigation is u the House, and then all the informa Stevenson can give could be put i shell, leaving plenty of space to sur with sufficient cotton-wool to pre-

shaking out.

As to Mr. Stevenson's fitness for the of Immigration Commissioner, I sha little to say; the facts patent to eve speak for themselves. Nor do I think of Capt. Brown's Address to the p Kincardineshire, that it would be wis to say anything about it. No one mo myself, Mr. Editor, could desire to Surveyor General clear himself of nection with the terrible and los charges contained in that Address sincerely hope that when an invest takes place-and Mr. Stevenson is be justice to himself to demand it-he w out of the trial with honor to himself

The investigation, so-ealled, that w into Lumber Seizures last winter, v pleted in 1875: \$1,751.00 were paid on acmore than a farce. Who ever knew the ac- as one walks through and examines in detail "M. B," Grand Lake Stream, Me .- Shall be count of it in 1876. Take the Aroostook pleased to hear from you at any time. cused in any court of law, to be Judge and its halls or rooms from their floors to the Council both-to examine witnesses and ad- minutest carving in both wood and stone, you Bridge, built in 1875: and \$6458.00 paid on

feel money must have been lavishly squanaccount of it in 1876. Take Nashwaaksis. dress a Jury? Usually a party arraigned dered by some political spendthrifts. Archioccupies the criminal's stand; not so Mr. tectually they are grand, and some of the built about three years ago for \$950, \$500 were paid on account of it in 1874. \$950 in Stevenson ; for, if report be true, he conduct- ideas as expressed in the ornamentations of ed the whole investigation as if the witnesses the pillars are really sublime, representing 1875 and \$350 in 1876. It is not necessary to paper :-

were the guilty parties, and he had been every animal and its habits, every bird and specify any others. Some of the Bridges, but its haunts, every tree, every plant, every commissioned by the Government to see that shrub that grows in the wide domain of none we have named, were perhaps not completed before the close of the fiscal year 1276. fall in the price of this cereal. An abundance they were convicted. I have heard it said, Canada, offering food for thought for a couple the Tobique Bridge for example. Still the of potatoes still remains in the cellars of many Mr. Editor, that while the investigation was of weeks even if viewed hourly. No hall can

be walked, no room or recess entered unless in progress, there was a man in your town you find each time something new and beaucapable of giving the most damaging evidence tiful to please your sight. They must be seen as against the Government, and particularly to be appreciated, and will repay the traveller against Mr. Stevenson, but that on the eve of for his coming. But more anon. his being called to give evidence, he received a lawyer's letter informing him that if he was in town next morning a writ would be issued for his apprehension. This so alarmed represented by members no better physically him, that he took the first train for home, and than those present are, or no higher mentally the Government succeeded in getting rid of a most troublesome witness against them. they have. Should time permit me I could

The conclusion I arrive at is this, that the Government used every means to suppress such an investigation as would disclose the facts. No other conclusion is at all reasonable. I hope, should another investigation be instituted, that the accused, Judges, and Jury will be three distinct bodies, and that all the parties will be heard by Council in open Court. The public have a right to demand this.

Mr. Murchie is a lumber-merchant, and although a ticket man, comes to the House He does not profess to be much of a politician, when all are present is entirely too crowded. and it is quite as well that he don't. He is said to be a sharp business man, and no doubt he is. He supports the Government, or is over the Speaker's chair, and commanding a supposed to do so, but Mr, Murchie has no facial view of each member of the House. particular love for them, and will pursue such a course at all times as will be to his own advantage as well as the advantage of his own outlay of money, sufficient light is not allow-County. He is in too independent circum- | ed that one may clearly define even the outstances to be made a tool of.

Mr. Cotterell is a man of good sound judgment and common sense. No man was more surprised than he was on coming to the House, to find that he had been entirely mistaken in his views of the situation. He was entirely religious one. unprepared for the developments which were made. He could not understand how men making any pretensions to honor and honesty, would descend to such mean and disreputable tricks and dodges to held on to office. His convictions of there being something good in (inst.,) respecting the sad affair that is before am much mistaken if the gentleman did not is a fraud. You know that it was typofrequently wish that he was safe at home for Nevers, and J. Kyle's Prime Minister will his own sake. Mr. Cotterell came in on the know it before he gets through with me.

was done and the Province chargeable with the contract price. By what rules of con struction of language can the statement The several personel of the House Commons present no uncommon appearance, the Secretary be held to be correct in the and often one asks himself " what must be light of these facts? Is he not proved by the constituencies mentally," if they are the record to have misled the House ; and to' have brought down a false return? We are feels confident of making the Miscellany a They all have their good clothes on, and for not now discussing the propriety of the the credit of our common country, I am glad system of expenditure, which leads to thus

contracts were made in the case of all of them,

and in all but very few instances all the work

extending payments for completed work over give you a sketch of each member (worthy of it) from the one you know so well periods of years. Such a policy we believe to be highly injudicious, and contrary to the very largely attended. It passed off fairly : SPEAKER ANGLIN, to the representatives of far off Carribou and spirit of our laws. Emergencies may at some of the pieces were very well executed British Columbia, the former appearing state- times justify it: but nothing can palliate

ly and grand in his secure position (so well deliberate deceit on the part of the advisers of fed), the latter just the opposite, hinting of the Lieutenant Governor. Nor was this deceit secession because the Railway has not as yet purposeless. Supposing the Secretary had Chorussinging so impressive was not manifest. passed their own private doorways. But I must stop wandering, and do what I promised said to the House " The Chief Commissioner

has over-expended in the past year upwards Although the session room of the Commons was deemed by its projectors to be sufficiently of \$41,000, and \$50,000 will be necessary large for all purposes for all time to come, yet out of this year's appropriations to square even now before Newfoundland has entered. his accounts." would not the House have chiefly to look after his own business interests. the Confederacy, the room is too small, and cried out against him, and would not Mr. Covert's resolution for a Committee met The room is lofty, the galleries spacious, yet the acoustic properties are rather poor, pardifferent fate from what it did? Yet this is

ticularly in the Reporter's Gallery, situated the simple truth, and can be demonstrated to the FARMER. J. B. Gunter is Solicitor of any one's satisfaction. It is idle to split hairs about the meaning of words, for the The appointments of the House are in keep-Government to say that certain phrases have ing with the general grandeur of the whole establishment, yet with all the extraordinary a meaning in their vocabulary that they have in no one's else. We heard enough of such stuff as that at the Everitt-Marshall election lines of the faces in the opposite galleries,

when the majority of the electors of St. John Too few windows, and too much stained seemed lost in admiration at the petty subglass in them. In the Senate Chamber the same foolish terfuges of which the Government boasted thought has governed them, and all possible having nothing else to brag of-subierfuges care has been exercised to shut out the pure
