OF INTEREST TO THE PEOPLE EVERYWHERE!

At this season of the year, when all the blowing element in every little shop is brought to bear upon an unsuspecting public, to induce them to patronize their particular establishment, it is well that purchasers should be guarded and quietly look around and examine for themselves.

The subscriber would herewith respectfully inform everyone throughout this section of the county and elsewhere, that he has now in store, the largest stock of

Boots & Shoes,
ever before held under one roof in this Province.

This is positively no exaggeration. These goods were bought in the best and cheapest markets of the United States and Canada, and will be sold on the

Smallest scale of Profit
ever adopted by any responsible house. Having bought the same under the most favorable circumstances, we have therefore the utmost confidence in soliciting examination and comparison of Qualities, Styles and Price, feeling sure that the wants of everybody can be supplied better and cheaper at our Establishment than any other place in this Province.

Economy is Wealth!
We desire informing our patrons and the trade generally that we have entirely discarded the "cheaper grade of Goods," and our stock will be found to be of the most thoroughly reliable character.

We have carefully observed and noted the defects of last season and have prepared for an

Entire Change of Base.
We promise you prices that were never before offered in the history of the trade, in this City such Great Temptations will be offered as will wake up the People everywhere.

The pitiful lamentation of the BOOT & SHOE RING will go unheeded by the people. They had you foul many a year, "But its a long lane that has no turn."

We defy the Old Ring and dare them to do their worst. We face the people with us and

They have Come to Stay.
We want to do business in the squarest possible manner and want to hold our trade.

We have the largest and best equipped BOOT & SHOE FACTORY, in Fredericton, and point with pride to the same. Although but recently established "PHELAN'S HAND MADE BOOTS" have already become known as the best made and cheapest in this Province, or anywhere else.

We are making a class of Boots for Farmers and Lumberers that for honesty of manufacture, quality of materials, shape and fit cannot be surpassed, while for price, no one can compete with us. We buy our leather strictly for CASH, and save in every particular where money can be saved, "and there's where the hen scratches." A small percentage pays us better than the large and old times profits, charged you then and now by dealers generally. Therefore we say:

Buy of the Manufacturer and save the profit you have to give the Dealer.

WE AIM TO BUILD UP a large **JOBGING BUSINESS** in connection with our retail department and make Fredericton a market for the retail dealer, than which no better or cheaper can be found in the Dominion.

We aim to build up an immense retail business, by

1st. *Integrity of dealing, or one price.* Of course to do this we must figure closely or we could not hold our trade, but we always were willing to sell cheap. This is the complaint other houses make against us. They say we have "ruined the business," "there's no more money in it," "selling at such prices cannot last," &c., &c. However we may have ruined the business for others, we feel well satisfied with the course we have pursued, and simply ask you to encourage us by giving us your hearty support, promising in return satisfaction generally and a large saving of money. You all remember the prices you were compelled to pay before we came among you and how through our "coercion" the same have been cut down.

2. *Giving satisfaction or refunding the money.* This suits us, because it is fair and honorable, and we are willing to take any pains to reach the highest mark of mercantile dealing. We prefer to have our goods back promptly and hand back the money to those who are not fully satisfied.

Every detail of the business has been studied out, and when the people examine the present working of our establishment—and the stock—so Large, Rich and Varied, see the System, Prices and Improvements, we believe that our Fall Sales will treble our last season's immense business.

WE ARE READY FOR IT.
In conclusion we submit the following propositions:—

1st. Whether whole car loads of goods bought principally for Cash, are not likely to be bought at lower rates than a wheelbarrow load of goods bought on credit?

2nd. Whether people always want to pay double and treble price for Boots and Shoes because they have suffered patiently for years under high charges?

3rd. Whether goods sold for CASH Down cannot be sold a great deal cheaper than under the prevailing system of long credits, with incidental losses, interest and collectors' fees?

4th. Whether open markets the world over and Cast Down will not secure the very first qualities, choicest selection of goods and Best Rock Bottom Prices.
The test to all we have herein set forth shall be public opinion. We court its verdict, and will stand boldly by its decision. We are satisfied that clangor and clamor, misrepresentation and vituperation will never be mistaken for the true metal.
We now swing clear of all "COMBINATIONS," "RINGS," or "CUSTOMS" and burn the bridge behind us, and with our entire business reconstructed, we open for the
Respectfully,
JAMES PHELAN.
The largest combined Wholesale and Retail Boot & Shoe Manufacturing Establishment under one roof in the Province of N. B.
N. B.—Orders from the Country will receive prompt attention. Goods will be sent by Express, C. O. D., and the party or parties to whom they are addressed will have the privilege of examining the same before parting with their money. Should the goods not be entirely satisfactory they will be returned at our expense.
Fredericton, September 24, 1877.
JAMES PHELAN.
