a "Contemporary Literature." Notwithstanding the fire the business St. John seems to be steadily improving. While the exports declined from \$338,000 in Oct., 1876, to \$211000 in Oct. 1877, the imports increased from \$527,000 to \$738,000. Very much of this increase is no doubt due to the general clearing out of stocks caused by the fire; but the fact that less than the usual amount remains in bond would indicate a lively demand. The quantity of goods moving through the different channels of trade this fall is large, and we think indicative of a revival of trade. Stocks all through economizing, and the crops are good, with an
