the world's history. To no part of thought and the school in which the world are the eyes of searchers Moses was educated, the importance more fixedly directed than to India, of this consideration will be more for it seems probable that here will be manifest.

found the most complete and remarkable records of the achievements of A lecture course was inaugurated in the the human mind in the periods anterior City Hall by a Cnocert on last Tuesday evento the beginning of modern civiliza- ing. A large audience was present. The tion. It is worth while to remember singers were Miss Prudie Hartt, Mrs. Dr. Currie, Miss Myshrall, Miss Martin, Messrs. that when our ancestors were engaged Hall, Wilson, Crewdson and Foster. Mrs. in waging fierce war on the North Cameron was Accompanist, and Miss Rich-Slopes of the Balkans, now with the ards and Messrs. Cadwallader and Williamson Roman Legions, now with barbarians gave an instrumental trio. Readings were even more savage than themselves, given by Mr. Creed and Prof. Foster. The India had a history at least a thousand audience enjoyed the musical part of the enyears old, and its political, social and tertainment very much; but a large portion religious systems were hoary with of these present, especially these who had antiquity. The earliest authentic paid 15 cents for the evening's entertainment. insisted upon too many encores. Some of record at present known shows that the evils of the encore nuisance are these : It the ancestors of the Hindus were established in the Panjaub 1500 years be- the significance of a call from the audience as ore Christ with institutions so advanced a compliment to the singer, it causes the indiction upon the public of a great deal that is that they indicate an already lengthy not worth listening to. Those who underpermanent occupancy of the country : and of their literature there is extant take the management of Concerts and like entertainments should not allow themselves to-day a collection of sacred hymns and their audiences to be imposed upon by and texts, known as the Vedas, the this nuisance. Speaking now of Tuesday oldest of which are satisfactorily aight's Concert, we are sure that there was shown by European scholars to have not any one of the ladies whom we would been composed several centuries beaot have gladly listened to as long as she fore the time of Homer. From these was willing to sing, and we are of the early days down to comparatively opinion that the peices given by each of them recent dates the mind of India has in response to the clamor of the audience been busy and the result has been a were better sung and more pleasing to the people than the regular programme pieces; mass of religious, legal, historical, but this does not justify what we complain scientific, dramatic and lyrical litera of. We do not propose to depart from our ture, which one writer says he can ule and criticise this concert. It would be "compare to nothing but infinity ingracious to compareei ther directly or in itself." The Vedas are all of very great antiquity; none of them probably less than 2,000 years old. An astronomical calculation based upon a lity for their kindness in providing the titizens with an enjoyable entertainment. statement in a calender written after the Rig Vedas were completed givethat composition an age of over 3,000 years. This fact will show how rich the storehouse of Sanscrit literature must be; for it must be remembered

that this literature is not the idle nonsense of barbarous idolators; but the philosophic speculations and investigations of men who devoted their lives to a patient study of the truth with an earnestness of which we have but rare instances nowadays. For

example the Institutes of the Manavas, ministration in their own country. They broadest spirit of liberality." written 900 years before Christ, i. e. an only recognize great truths at a distance ;
