

Locals.

—Lots of clothing at J. S. A. & Co's.
—Hamburgs all widths at J. S. A. & Co's.
—Men's nightshirts at J. S. A. & Co's.
—Butter wanted at J. S. Atkinson & Co's.
—Suits for men and boys at J. S. A. & Co's.
—White terry and muslins at J. S. A. & Co's.
—Come and see our new hall on Saturday night.

—Look out for the Band parade next Saturday afternoon.

—There will be lots of refreshments at the opening of the new hall.

—Ice cream and a variety of refreshments will be sold in the new hall on Saturday night.

—Come along and bring your friends to enjoy the entertainment at the opening of the new hall.

—Don't forget to attend the entertainment on Saturday night. A feast of fun will be given.

—Help along a worthy object and patronize the entertainment in the new hall on Saturday night.

—J. T. Steeves, picked in his garden on Wednesday last, a strawberry five and a half inches in circumference.

—All accounts due before the first of May last, must be paid by the first of August to save costs. BLISS DUFFY.

—The Menomonee gold mine has proved a failure. Between \$30,000 and \$40,000 have been dropped by stockholders.

—On Sunday evening last the Rev. D. H. Lodge acceptably preached to a large congregation in the Methodist church.

—Beware of the potato bug and insect powder fakes—packages of cornmeal, done up in large envelopes, only twenty-five cents each.

—If you are desirous of purchasing a nice clock for your home, it will pay you to read K. Bezonson's "ad." in this issue. If you cannot call write him for prices and terms.

—Peter Duffy, John Wallace, R. E. Steeves, Lewis S. Steeves and Gideon Steeves, are appointed delegates to the Eastern Baptist Association, which meets at Havelock on Saturday next.

—During the month of July, August and September, Saturday excursion tickets will be issued on the Salisbury & Harvey Railway, good to return the following Monday. A. Sherwood, Manager.

—The Bathurst Courier says that a lobster two and a half feet long and weighing fourteen pounds, was taken recently in the traps of F. J. Gatin, at Petit Rocher, and is on exhibition at the store of Henry White.

—We want the public to know that A. A. Smith has started a carriage and undertaking business at Hopewell Cape, where all work in both lines will be done promptly, and in order. Painting and repairing a specialty.

—The new hall will be opened on Saturday next. An entertainment will be given by the Moncton Band and Minstrel Club. Refreshments will be served in the upper hall after the performance. The public are invited to attend and patronize this worthy institution.

—Look before you leap! We buy direct from manufacturers and save you middle-man's profit. Galvanized Iron Gutters in 6-foot lengths, only 12 cents per foot. Send us the measurement of your house, and get it shipped to you free of charge. T. A. Trean, Albert, N. B.

—A meeting of the Woman's Missionary Aid Society in connection with the Baptist Quarterly Meeting was held in the Dawsonville church on Wednesday, July 11. Mrs. I. B. Colwell was appointed to the chair, and the following program was then carried out:—Singing: Prayer by Rev. H. H. Saunders; of Elgin; Singing: Paper, Mission Band Work, Miss M. F. Fillmore, Waterside; Singing: Address, Home Missions, Rev. H. H. Saunders; Singing: Paper, Our Missionaries, Miss Annie B. Geldart, Hillsboro; Singing: Prayer by Mrs. J. A. Bleakney, Hillsboro; Singing: Paper, The Women of India, Miss Florence Steeves, Hillsboro; Paper, Heathen Claims and Christian Duty, Mrs. Council Wood, Hillsboro. The meeting closed with singing: "Nearer My God to Thee." At an after-meeting the following officers were appointed: Mrs. Wellington Camp, President; Miss M. F. Fillmore, Vice-President; Mrs. Mariner T. Steeves, Sec'y-Treas.

—Pleasant Vale.
J. W. Colpitts and daughter went to Moncton this week.

—Miss Hanselacker of Fredericton, is spending a few days with her niece Mrs. E. W. Colpitts.

—Some of our farmers are contemplating building a cheese factory at or near Pleasant Vale. We believe it will be a paying business and will lessen the weary hours of hard labor for the farmers' wives.

—The rain so long looked for has come at last, and grain has changed its color already and looks much better. The majority of the farmers here are getting their mowers ready to commence hay-making which judging from appearance is above an average crop.

—F. C. Colpitts and sons are doing a large business with bees. In March of 1893 they purchased a hive for \$4.00. Last year the bees swarmed four times besides making a large quantity of honey which readily sold at Moncton. From the hives wintered they now have seventeen and they report them doing good work in honey this year.

—Dietary Notions.
Modern hygiene is upsetting all our old-fashioned dietary notions. Dry toast and oatmeal are cried down as deadly, while fried bacon is lauded as ideal food, suitable for babes and sucklings.

Alma.

Sch. Dolphin, Capt. Dixon, arrived from St. John with freight on the 11th inst.

Mr. D. Melvin and wife, of St. John, and J. H. Elliott, wife and child are visiting relatives here.

Councillor Ludwick is having his barn and fence painted which adds very much to the appearance of his beautiful place.

Rev. Mr. Chapman has taken charge of the circuit here in the Rev. Mr. Distant's place, the latter having gone to his home P. E. I.

The sch. Sierra is being loaded with piling by Capt. Leonard Martin. This is the second load of piling besides several loads of kiln wood shipped by Captain Martin this summer.

The fishermen are doing a very extensive business in their line since F. O. Talbot has been compelled to take care of his saw dust. They catch from one to two salmon each tide, some of which are very large and fat, weighing from two to four pounds each, in addition to these about a dozen herring.

On the twelfth about two hundred persons left Alma, on an excursion train on the Albert Southern railroad to attend the Orange Celebration at Riverside, this being the third excursion from Alma this summer.

The former being: one to attend the play Uncle Tom's Cabin and the other the picnic given by the club at Albert. All of these excursions were run without an accident for which much credit is due to Driver Wheaton and the train hands for the careful way in which they handle their train on these occasions. The tickets that were sold here were "one fare to Riverside and return." These tickets did not take us to Riverside, we took the tickets and walked from the broken down bridge, but on our return Manager Truman had a train at Riverside to take us back to the bridge.

—Hopewell Cape.
Masters Charles and Arthur Dickson of Point de Bute, are visiting Joe. H. Dickson.

Mr. Wm. P. Bray was awarded the contract of making the improvements on the school-house.

Master Josie Lockhart and his sister, children of Mr. Oscar Lockhart, of Lynn, Mass., who are visiting relatives in the county in company with their mother, paid a visit to Mrs. J. A. Read this week.

Mr. J. E. B. McCready, formerly editor of the Telegraph, is paying a visit to Albert County in the interests of the Sun Life Insurance Company, for which he is agent for the Maritime Provinces. While at the Cape Mr. McCready visited the "Rocks" and expressed the opinion that it was one of the finest pieces of natural scenery in the Dominion.

Letters of administration cum testamento annexo in the estate of Benj. R. Babcock, of Elgin, have been granted to Warren L. and Joshua B. Babcock, F. W. Emmerson, Proctor. Letters of administration was granted in the estate of Jane A. Babcock to Warren L. Babcock and Asa Jonah, F. W. Emmerson, Proctor. The Will of the late John C. Smith, of Harvey, was also probated, Powell & Bennett, Proctors. Citations in the estates of W. E. Colpitts for passing accounts and Geo. Hayward for administration, are returnable at an early day.

—Albert.
Edgar M. Tingley, who has been visiting here for a week, returned to his home in St. John, on Monday.

A meeting of the picnic club has been held and all bills paid, and they have placed to the credit of the Hall \$140.

A large number of the citizens of Albert went across the Bay in the Schooner Water Lily to spend a week in fishing.

Mr. and Mrs. Manning M. Tingley went to St. John last Friday to buy the furnishings for their new house which is nearing completion.

Times are quite dull here at present there being no shipping, but the farmers intend commencing to hay this week and the crop promises a good yield.

P. W. F. Brewster's house and fence has been improved of late by the addition of a good coat of paint, the work being done by A. C. Lawson, a professional in the art of painting.

The 12th was a very disagreeable day, nevertheless the Orangemen had their procession. Starting from Riverside Hall they marched to Albert by the marsh road, returning by the upland road. There was a grand attendance and had it been fine Riverside people would have made a fine sum, but as it was they are out of pocket, as their expenses were heavy in preparing their grounds. It would have been better had they accepted the invitation of the Albert picnic club to use their grounds free.

—Hopewell Hill.
The thermometer registered at 92 July 16th.

The strawberries on the marsh are very plentiful.

F. P. Reid and wife are visiting friends at the Hill.

Mrs. Van Meter and sister, Miss Prince, of Moncton, are visiting at Mrs. Elisha Peck's.

Mrs. Alex. Rogers left this week to spend a few weeks with her sister, Mrs. James Miller, at Truro.

Picnics are quite in vogue at this place. One is to take place at the "Rocks," and another at Mary's Point.

The Baptist church, which was struck by lightning, has been repaired. Mr. Abram Woodworth, and D. McCuspy did the work.

"That's too bad! My wife has gone and put my handkerchief in the wash, and I am positive that I had tied a knot in it to remind me of something!"

Summer School of Science at Charlottetown.

The eighth session of the above school opened here on July 4th, inst. The school is held in Prince St. school house, which is a building containing 12 school rooms, an assembly hall and janitor's apartments. The process of heating, ventilating, etc., of the building is not the most modern in use. Large and well laid out play grounds are to the rear of the building while, beautifully displayed four beds adorn the space in front of the building. Prof. Andrews of Mt. Allison University is the president of the school, and J. D. Seaman, principal of Prince St. school is the sec'y. These two gentlemen and indeed all the faculty are doing their utmost to make the school a great benefit to the students both physically, mentally and morally.

The enrolment up to the present is 93, as follows, 47 from P. E. I., 26 from N. B., and 20 from N. S. The enrolment last year at Sackville was 105 of whom more than one half were from N. B.

Lectures are being given on the following subjects: Astronomy, Botany, Chemistry, Civics, Elocution, English Literature, Geology, Mineralogy, Kindergarten, Music (tones sol fa) Pedagogics, Physics, Physiology, Psychology, and Zoology.

The number of instructions are eleven, and each class recites an hour. School hours are from 9 a. m. to 10 p. m., with an hour's break at noon and tea time.

Saturdays are devoted to excursion. Last Saturday the excursion was to Rustico and its neighborhood, which presents more opportunities to the botanist to study both land and water plants. Next Saturday Governor's Island which is rich in geological specimens will be taken in. Tea Hill a few miles from the city will be visited. There a charming view of varied and passing scenery meets the eye. The island is looking very pretty now, and as there is an excursion most every day from the city to some point inland or on the coast an enjoyable time can be spent. The S. S. S., must not be regarded as a series of pleasant excursions and picnics—but it affords the pleasure of meeting with earnest and enthusiastic students and teachers, of enjoying the cheerful companionship of reaping profit from their ripper stores of wisdom and experience. I know not how any teacher can better spend a part of his vacation than attending one of these schools. He will certainly return to his work with broader views and better equipped in every way to mould and develop the young idea.

Charlottetown is a beautiful laid off city at the confluence of three rivers on a gently rising ground. The streets run at right angles about north and south, east and west. The best stone and brick buildings appear about the center of the city, in the vicinity of the public buildings. The side walks are mostly of wood, very little paving in asphalt, some of the main streets are fairly well macadamized. They have a good system of water works and excellent water, but no system of sewerage yet. The most of the cottages especially in the suburbs of the town are neat residences and are through the island; the snug farms and farm houses indicate that the people are in very comfortable circumstances.

—Rev. D. H. Lodge's Reception.
Last evening a large number of persons assembled at the Methodist parlour to welcome the new minister, the Rev. D. H. Lodge, to this circuit. The following address was read by Mr. William Blake:

Rev. D. L. Lodge, Hillsboro, N. B., DEAR SIR AND BROTHER: In the event of your having been chosen by the New Brunswick Methodist Conference, to fill the pulpits of the Hillsboro circuit, and of the arrival of your family and self at Hillsboro, paragonage, we take this first opportunity of meeting you at your home to extend greetings, and bid you welcome to our village as a chosen one of God, to each and all direct us in the way that leads to life.

We realize what great inconvenience and self-denial you and your brother ministers endure, by being moved every three years from one circuit to another—the loss of a kind and friendly friendship in the work of the Master followed, and then going among strangers to form acquaintanceship, new plans of work, etc., but we believe (knowing of the good results attending the system) that it is beneficial for the up-building of Christ's Kingdom.

We trust that we shall be guided by God in rendering you all the help possible in the work of the church in its various branches, as co-laborers in the vineyard, with you as our teacher, and God over all; and we especially desire that the Sabbath School and Epworth League work may be vigorously carried on, and owned and blessed by Him.

We cordially invite you and family to our homes, to meet with us as often as convenient.

Hoping and trusting that all efforts put forth for good in our church and community during your stay among us may be crowned with success.

Sincerely yours,
MEMBERS AND FRIENDS OF THE HILLSBORO METHODIST CHURCH.

Hillsboro, N. B., July 16, 1894.

The reverend gentleman responded in a few well chosen remarks, thanking the people for the kind reception. Refreshments were served and a pleasant evening was spent.

—A Stepmother's Love.
Secretary Wetmore of the S. P. C. A. had Mrs. John Campbell of Queen street before Magistrate Ritchie this morning on a charge of having turned a child out of doors on Sunday last. Mrs. Campbell did not deny the charge but stoutly refused to again admit the girl beneath the roof. It appears that Mrs. Campbell, who is a stepmother to two of Campbell's children has before now reported for cruelty to the children, and today in court said she intended to leave the house and step children behind her and live by herself. The young girl who is about 16 years of age is very sickly and told the court that she had been badly used by the stepmother and that on Sunday last her mother drove her out and forbade her returning. A Mrs. Galbraith took pity on her and gave her shelter after Mrs. Campbell was a kind woman interested herself in the case. The offer of a home in the Girls' Home has been made and the father will be consulted.—Gazette.

The Twelfth.

The Orangemen of Albert county celebrated the anniversary of the battle of the Boyne by a most successful meeting and parade at Riverside on Thursday. It was estimated that from 1500 to 2000 persons were present during the day and everything passed off in an orderly manner. Grounds in the vicinity of the public hall were prepared for the occasion where opportunity was afforded for amusement and recreation. Counters for the sale of refreshments and an immense dinner were provided and each was well patronized and a large sum of money must have been realized. It was much regretted that the rain, which came on about noon, interfered in some measure with the enjoyment of the occasion. However the Hall was open and the afternoon was spent in speech-making which proved very interesting and was listened to with much attention. In the morning a procession was formed and walked to about a mile distant and back to the grounds. The following was the order of the procession: Grand Sec'y Neales (mounted), County Master Bleakney (mounted), the Riverside Band, Albert Co. Scarlet Chapter, Woodman Lodge No. 42, Riverside Lodge No. 82, Union Bros. Lodge No. 137, Garabaldi Lodge No. 138, Eastern Star Lodge No. 139, Star of Hope Lodge No. 140. After the parade dinner was partaken, after which the hall was filled to the doors to listen to the speech-making. Co. Master Elvin A. Bleakney presided and introduced the speakers with appropriate remarks. Space forbids anything like a full report of the speeches. They were not of the blood and thunder style, but of a conciliatory character marked by good sense and void of anything offensive or unkind.

Dr. E. O. Steeves, of Moncton, Post Dy. Grand Master, spoke first and explained the causes which led up to the battle and the significance of the result to the empire and the world.

The Hon. H. R. Emmerson congratulated the brethren on the success of the demonstration and urged all not to forget that the great underlying principle of the organization was liberty of conscience.

The speech of the day was delivered by Grand Sec'y J. DeVeber Neales of Moncton who traced the origin and history of the order and defined its principles. He claimed that the Bathurst school question was not yet settled to the satisfaction of the order but that further legal proceedings would be taken in the matter.

Short speeches were delivered by Martin Coleman, Rev. S. C. Moore, Jos. H. Dickson, Dr. S. C. Murray and W. Alder Trueman, after which a public installation of officers took place. Special trains from Alma and Hillsboro were run and were well patronized.

—The N. B. Baptist Convention.
This body has been organized for the care of Home Missions and academic education in connection with the Baptist denomination in this province.

At the western association held in Chipman its affairs elicited much interest and the new organization received hearty indorsement in the following resolution:

Whereas, the Maritime Convention at its meeting last year, voted to hand over the future management of home missions and academic education to such organization as each province may prefer.

And whereas, the churches of this province, in special meetings called to consider the question, have, under an act of incorporation, organized a New Brunswick convention to control and promote these interests;

Therefore resolved, that, while we do not regard it as the prerogative of the association to authorize or condemn such organization, yet this association desires to put on record its approval of the formation of said convention as competent to carry on these objects in good faith and in harmony with the basis agreed upon at the Maritime Convention;

And further resolved, that the association urge the churches to promote the welfare of the interests still cared for by the Maritime Convention.

The resolution was adopted by the association by a vote of 32 to 1.

At the Southern Association in St. Stephen, the same resolution was presented and after a hearty and spirited discussion lasting three hours was again adopted as the expression of that association, by a vote of 29 to 16. Of the minority eight were ministers who had come from Nova Scotia and who were anxious to maintain their connection with that province.

A rising tide of sentiment however has appeared among the Baptists of New Brunswick in favor of the new convention as they see in this body the only possible hope for the salvation of St. Martin's Seminary. A committee of the N. B. convention are now at work perfecting plans for the reopening of the school and the purchase of the property from its present owner, G. W. Titus, Esq., of Bloomfield, Kings Co.

The same question will doubtless be submitted to the Eastern Association at Havelock and it is hoped that hearty and unanimous action will be the result of their deliberations.

—The Earthquake in Turkey.
CONSTANTINOPLE, July 16.—It is feared the city was not the centre of the earthquake, but that a convulsion, occurred in the interior. The panic has not subsided. Public gardens, cemeteries and squares look like monster picnic grounds, as the people are huddled there in tents, improvised from sheets or anything else available for the purpose. The shocks had a remarkable effect upon the Sea of Marmora on Tuesday. Vessels lurched to the great fright of the passengers and the waves receded from the shores to return with great force. Five stations on the Anatolian Railway were wrecked. A relief commission appointed by the government has applied to the Ottoman Bank for the loan of 250,000 Turkish pounds.
