

Locals.

—Albert E. Stevens, son of James Stevens, Menel, was taken to the Lunatic Asylum, St. John, on Thursday last.

—The blacksmith shop of Angus O'Hanley has been overhauled and repaired and is now the neatest in the county.

—The Albert Manufacturing Co. have just had a sparham roof put on the calceine building by Messrs. Willett & Holland of Moncton.

—Our popular barber T. H. Mulligan has moved into his new and comfortable shop where he is better prepared to wait on his customers.

—ORGANS REPAIRED—Persons having organs that need cleaning or repairing, at profit by applying to B. Beaumont, Albert, who attends to this kind of work at low rates.

—The carriage and undertaking business, heretofore carried on by J. C. Lauder, deceased, will be conducted by his sons under the name of A. B. Lauder & Co.

—The recent test at the Memramcook gold mine showed that there was not enough gold to make it a paying business. The company has decided to close operations and sell the machinery, etc. About \$50,000 have been lost by investors.

—The case of Milburn vs. Milburn, at Hopewell, has been amicably settled out of court. A deed of separation has been executed, and the sons of the defendant have purchased the homestead and assumed the care and maintenance of the infant members of the family, seven in all.

—If you want a reliable and accurate timepiece read K. Beaumont's "ad" in this issue. Mr. Beaumont is well known as dealer in only first-class and best quality goods, and you can depend on everything purchased from him as being exactly as represented. If you need a watch call on him or write him for prices.

—Last evening about fifty friends of the Rev. D. H. Lodge and wife gathered at the parsonage to celebrate the fifteenth anniversary of their marriage. The evening was spent pleasantly and presents to the amount of about \$40.00 were given to them in token of the high esteem in which they are held.

—J. L. Peck, of Surrey, has completed the addition to his dwelling house and surroundings and has now one of the nicest places in town. The carpenter work under the superintendence of J. W. Bray was done in a workmanlike manner and the stairs were finished by L. C. Wallace, of Curryville, whose reputation is a sufficient guarantee that they are finished in first-class style.

Waterside.

Oct. 27.—The schooner reported in your last issue was not the Helen, but Kolon, Capt. Fry.

Mrs. John Terre, of Alma, and her brother H. H. Colpitts, of Boston, are visiting their aunt, Mrs. S. C. Moore, Mr. Colpitts is cashier of the Adams House, Boston, and has had twelve years experience in hotel business; has been manager of summer hotels, and is much pleased with Waterside. He says that for beauty of scenery and facilities for sea bathing, it is equal to any place with which he is acquainted, and intends coming on in the spring to fit up for a few families, for the summer, he thinks that a summer house fitted up for fifty families could be filled in two summers, by a little effort. This would surely be a large benefit to the people in this place, and it is to be hoped that Mr. Colpitts may see his way clear and try it—one thing is quite certain there is no accommodation for a few next summer. Bathing houses will be erected and people invited to come and cool off at Waterside.

The 2nd Harvey Church has been united with the 1st Harvey and New Horton in securing the service of Rev. Mr. Wright, of Penfield. I hope they may succeed in raising the necessary salary—and paying it, and that God may abundantly bless his laborers all over the field. This arrangement will leave Germantown and Alma still uncared for. Who will come and help them? Alma is a large and interesting field of itself, and needs a strong man. The grouping as it stood with the 2nd Harvey and Alma together seemed the most natural, but we trust the change will be for the best.

Harris Copp has purchased the Nelson Anderson property, from the heirs, and it is said intends to bring one of our girls home from Boston to share it with him, we wish him prosperity.

Daniel Anderson, who has been quite ill all summer, is better, he is going with his boat to bring coal from the Joggins for several parties.

Seized by an Eagle.

HUNTINGDON, Pa., Oct. 15.—A huge eagle swooped upon the yard of Thomas Richardson, a colored man living in the suburbs, and tried to carry away his infant child. The bird fixed its talons in the infant's clothes and was raising slowly, when the garments tore and the little one fell to the ground, a distance of about ten feet, escaping injury. Mrs. Richardson frightened the bird away, but it soon returned, and, seizing a dog belonging to a neighbor, flew away with it to its eyrie, on the mountain top.

Personal.

Joshua Ward and wife, of St. John, visited relations in the county last week.

We were pleased to see A. J. Gross and wife, of Moncton, out again after their accident. They visited here on Monday.

Hopewell Cape.

Oct. 29.—R. Chester Peck proposes having his small sch. Delta remodeled into a steamer for service in the harbor and between this place and Moncton. The engines are being especially made in St. John, and the work of refitting will be done this winter, ready for next spring.

Mrs. Lavinia Calhoun, relict of the late George Calhoun, Esq., passed away at her home here on Sunday last at the age of 78 years. She leaves two children surviving, John R. Calhoun, of St. John, and Mrs. Dr. Bradley, of Moncton, and a large circle of relatives. The funeral took place on Tuesday, 30th inst., at 1 o'clock p. m.

Rev. Isaiah Wallace preached in the Baptist meeting house here on Sunday evening, in place of Rev. Mr. Hughes, who has not so far recovered as to be able to fill his appointments.

The many friends of Mr. Benjamin Bray, the popular proprietor of the Albert House, were glad to see him home again hale and hearty. He now makes the scales kick the beam to the tune of 170 adverbs.

Dr. P. B. Moore, of Los Angeles, California, and his brother Geo. Moore, of Boston, are visiting friends and relatives in the county and enjoying our pure air and sport. It is understood that when the doctor returns to California that his brothers Capt. Chas. and Geo. will accompany him.

Clarence Spencer and bride have been visiting relatives here during the last week. Mr. Spencer has returned to Moncton and Mrs. Spencer follows in a few days, when they will set up house keeping in the usual old fashioned way. Their many friends at the Cape wish them bon voyage.

The bark Queen of the Fleet, is nearly loaded, and will probably sail on Wednesday or Thursday for the east side.

His Honor Judge Wedderburn, Supreme Court of the Province of New Brunswick, paid a visit to Count Demoiselle, No. 1546, and was heartily received by the brother. He was much pleased at the progress the court had made during the summer.

W. E. Calhoun, of Cape Station, returned on Saturday from a fortnight's visit to Boston and other places on the route.

After much delay in obtaining the lumber, the covering of the public wharf here has been completed. It was under the superintendence of Mr. H. J. Bennett and is a substantial job.

Albert County Court.

The October term of the County Court opened at Hopewell Cape on Tuesday the 23rd inst. His Honor Judge Wedderburn presiding. About 20 grand jurors were present, who elected J. C. B. Olive their foreman. The only criminal case was one of assault, the Queen on complaint of Olive Beaumont vs. David Tingley. The grand jury after hearing the witnesses found "no bill," and the defendant was dismissed. In the course of his addresses to the grand jury His Honor called attention to the fact that a revision of the voters lists was now going on, and urged on all the necessity of seeing whether or not their names were on the lists. In the case of the Hopewell vs. Joseph H. Kyle, on motion of the Clerk of the Peace, the defendant, recognition was estreated for non-appearance. No civil cases were entered for trial, but one appeal case, namely that of David Tingley, appellant, and Edson E. Peck, respondent. The appeal was from the court of W. C. Pipes, J. P., against a supposed conviction against appellant, for neglecting respondent from his premises last summer, after previous request to depart. Respondent claimed a right to enter and remain on the premises, because a public auction was in progress thereon. After the case was called on His Honor called attention to the fact that no conviction had been returned by the justice, and that therefore there was nothing to appeal against. It transpired that no conviction had ever been made, only a minute thereof. In consequence Mr. Treuman, who appealed for the appellant, did not further prosecute. Mr. Peck for respondent asked for costs for not prosecuting. The court reserved decision on the point, observing that he would not give costs unless the law compelled him to do so. Court then adjourned sine die.

A New Industry for Albert County.

An Ottawa despatch of the 24th inst. says: Mr. A. J. Madden, general manager of the United Marble Manufacturing Company of Chicago, is here with the object of taking out letters of incorporation to organize a Canadian company. They intend to erect factories at Hamilton, Ont., and in Albert county, New Brunswick. Their raw product is gypsum, of which there are rich deposits in the places named. This is hardened and polished, when it becomes in appearance exactly like Italian marble. It is hard as rock when finished but it can first be shaped with a plane just like a piece of wood. Mr. Madden says it will be cheaper than marble. A sample he carries was described by an expert as a piece of Italian marble, worth three dollars and a half per running foot. It is gypsum finished by the new process and costs the manufacturer only eight cents a foot. It will be cheaper to finish a kitchen with this beautiful marble than with wood, so that when the product is put on the market it will likely revolutionize the building trade. Mr. Madden took out a Canadian patent today. It will add great value to gypsum deposits in Canada. There is a factory in Chicago and one in Grand Rapids, Mich., but the product has not yet been put on the market.

THE KEITH MURDER.

Chattelle Makes a Full and Complete Confession.

STRAITFORD, Ont., Oct. 27.—To a reporter who accompanied him from Listowel to Stratford on the train, Almada Chattelle, the murderer of Jessie Keith in Elma bush, near Listowel, made a full and complete confession of his crime. The murder was committed on Friday of last week. Jessie was a well-developed girl of thirteen years. While returning home from a visit to Listowel she was met by a tramp and brutally murdered. When her body was found every stitch of clothing had been removed. A post-mortem examination showed that the throat had been cut from ear to ear, two of the arteries on the left side, the external artery on the right side and the windpipe were severed. The cuts on the abdomen were the full length and the full breadth of that part of the body. All the organs, external and internal, of the pelvis were gouged out and removed; no trace of them could be found. Death was caused by loss of blood. There was not a drop of blood in the arteries of the heart. No blood came from the wounds in the lower part of the body, indicating that they had been inflicted after death. Among persons suspected of the crime was Chattelle, a tramp who was born at Quebec sixty years ago, and who has led an adventurous life in the Western States. In the fact of strong circumstantial evidence he has admitted his guilt. He told the reporter how he had met Jessie Keith on the railway track; that she resisted and was too strong for him, and after a struggle he hit her on the head with a stone, rendering her insensible. The man continued: "I then half carried, half supported her across the field to the bush, where I cut her throat and then inflicted other wounds." What did you do with the organs you removed? "I buried them in the field, near where the valise was found. I can't describe the place exactly, but if a bloodhound was put on the scent it would find them." "But, why did you remove the parts?" "I do not know. After I found I could not accomplish my purpose I became maddened and do not know what followed." "Why did you strip the body?" "I don't know." Chattelle, who was taken to Stratford jail after the coroner's jury found him guilty of murder, is very sullen this morning and refuses to talk. His admission in court when arraigned that he killed the Keith girl will not hasten trial, which will not take place till spring.

TROUBLOUS BRAZIL.

Men and Women Tortured to Death—More Battles.

NEW YORK, Oct. 27.—Semi-official reports received here state that there have been five battles in Rio Grande do Sul, in which the Brazilian Government forces lost half their men killed or wounded.

An American newspaper correspondent who has just arrived at Monte Video overland from Rio de Janeiro, having passed through the entire intervening country, reports that he saw on the way the bodies of fourteen men who had been buried alive in a standing position, by order of Brazilian commanders, but with their heads exposed, and who had perished either from starvation or from the attacks of vultures, which had eaten out their eyes and picked the skulls bare of flesh.

At San Mateo, the clothing of women suspected of sympathy with the revolution had been saturated with oil and set on fire. While the women were burning the soldiers were ordered to shoot and wound not to kill them. The correspondent says some of their fingers were torn off after they had been subjected to torture by the extraction of their nails.

Rio de Janeiro advises state there was a revolutionary movement in the State of Pernambuco, Brazil, Thursday night, and Governor Barbosa was deposed. Lima City is in the hands of the revolutionists, who are headed by the Federal Deputy, Jose Marjano. Troops have been sent from Rio de Janeiro to suppress the evolution.

Private letters from Rio Janeiro state that President Peixoto has received letters from the State of Sao Paulo, notifying him that unless President-Elect Moraes was put in power the State would revolt.

A Dynamite Shake.

CHIPPWA FALLS, Wis., Oct. 28.—This city and vicinity was terribly shaken today by an explosion which occurred on the summit of a hill a mile from town, where five tons of dynamite were stored in a small building. The stuff had been sent here on a consignment from a Chicago house to a local hardware merchant. It is presumed that a rifle bullet fired by a hunter into the building, lodged in the powder. The ground was torn up to a great depth for some distance, while the trees and fences for rods were torn and twisted.

The glass in every farm house for miles around was shattered. In this city, the effect was disastrous to plate glass fronts, and windows in a number of dwellings were blown out. The shock came while the people were on their way to church, and many people were thrown down. The village of Bloomer, twelve miles distant from the scene appears to have felt the force more severely than here.

An Aged Female Banker.

ST. JOSEPH, Mo., Oct. 25.—Mrs. Rosetta Sexton, aged 102 years, the mother of the late multi-millionaire and banker Mr. A. M. Sexton, died to-day of old age. Mrs. Sexton was a financier, and had accumulated \$500,000 by her own investments.

New Brunswick Provincial Sunday-School Convention.

This association has become one of the most vigorous christian institutions of our province. Its zeal is seen not only in its conventions but in its work and influence in our small settlements in behalf of childhood and youth. It was organized in 1884, and celebrated its decennial at Fredericton on Oct. 16th, 17th, and 18th, 1894. Thorough preparation had been made for this gathering. Early as last January the committee secured the services of Rev. Jesse Hurlbut, D. D., of Chautauquan and Sunday-school fame. The Fredericton local committee made most complete arrangements, and 200 delegates were enrolled, and wore badges of gold letters on crimson ribbon. The executive wisely held some preliminary meetings in St. John. Rev. Dr. Hurlbut held three services there on Sunday 14th, and lectured to the Young People's Society on Monday evening 15th. "Men of thought and men of action" attended those services, and confirmed the wisdom of the committee in bringing such a worker to the convention. Convention opened in Fredericton on evening of 16th, Rev. G. O. Gates, president, in chair, Rev. Dr. Saunders, pastor of the church, led the first prayer service. Rev. Dr. Brecken gave an address of welcome, which was responded to by Rev. N. McKay. Dr. Hurlbut's first address "Wherein the average Sunday-school succeeds" showed a real helper. He literally put his strength under the weakest teacher, from the smallest school for their encouragement. His moral lessons were full of Bible instruction, and will give impetus to the work of normal classes, or to students on normal lines when classes cannot be formed. This touches a definite aim of the committee in its work for the 11th year. The trustees of the city day schools permitted an early closing one day so that the teachers might attend the conference on normal work. The report of the executive appeared of marked interest to the audience, copies were distributed, and while the chairman, S. J. Parsons, read the people closely followed him on their copies, some one said—not a copy was left in the seats but taken home to read again. The report showed an encouraging growth along the lines. Among the recommendations was one on the field secretary and his work. Many kind words were spoken and the audience rose en masse to endorse his re-appointment. When Mr. Lucas gave his report it showed that he had held 400 services during the year to 20,000 people, and he travelled 9,500 miles. When a few years ago he came to this work at their urgent call, he believed that God led him. The years of experience had confirmed those early convictions. This year had been, in many ways, the best. This work in both quantity and quality had been made possible only by God's blessing and the kindness of pastors and people everywhere. The work in the past year had received very hearty endorsement from denominational gatherings. This was God's answer to oft repeated prayer, that pastors might see that it always was helpful, never detrimental, to the work of any denomination, our constant aim is to promote and guard that work which God has put into the care of pastors.

The treasurer's report, by Mr. H. A. White, of Sussex, proved an increasing confidence of the people as shown by their gifts. One hundred and thirty-five schools more than last year had sent offerings to this work. He spoke of the readiness of business men to help this. They begin to recognize that their fellow business men gratuitously plan this work and manage its funds with strict economy, giving liberally of their own time and means. His recommendations to guide future actions were of a business-like character and will be published in the report. The statistical report, read by Miss Lucas, cor. sec., showed 963 schools with 6,270 officers and teachers and 48,241 scholars—a total of 54,511. This was a gratifying contrast to 568 schools in 1884. Perhaps the convention reached its climax in the 4th session, called the Decennial Thanksgiving service. The Rev. Kenneth McKay, now of Houlton, Me., T. S. Sims, and Rev. J. F. Fotheringham, first promoters and officers, were speakers that evening. They were followed by Dr. Hurlbut. In response to his appeal the people pledged \$1,150 for the work of another year. The Rev. Nell McKay, of Chatham, was elected president; being escorted to the platform, he was inducted by Mr. S. J. Parsons, and made an excellent address.

The following is a list of the officers for 1894-5: Rev. M. McKay, president; Miss C. Lucas, cor. sec.; Rev. Geo. A. White, Sussex, treasurer; Rev. Geo. Lawson, Hammondville, recording secretary; Rev. A. Lucas, Sussex, field secretary. Vice-presidents for counties: Albert, Miss Bacon, Hopewell; Carleton, Geo. H. vey, Woodstock; Charlotte, J. K. Laflin, St. Stephen; Gloucester, Mrs. J. Ferguson, Bathurst; Kent, Andrew Dun, Kings; Rev. A. M. Hubble, Sussex; Madawaska, Dr. Main; Edmundston; Northumberland, Rev. Geo. St. Charles, Chatham; Queens, Geo. White, Narrows; Restigouche, Geo. Haddon, Dalhousie; St. John, Andrew Malcolm; Sunbury; T. L. Alexander, Fredericton Junction; Victoria, T. H. Munzer, Aroostook Junction; Westmorland, James Frier, Shediac; York, Geo. C. Hatt, Fredericton. Central executive: S. J. Parsons, chairman; Woodstock; Rev. G. S. Gates, St. John; W. J. Parks, St. John; Martin Lemont and J. W. Spurden, Fredericton; Rev. T. Fotheringham, T. S. Sims, Rev. G. Bruce, Rev. T. Marshall, Rev. J. W. Clark, R. W. McCarty, St. John.

Another thing this was a strong educational convention, a fitting close of ten years, a good preparation for future work. A report will be published during November at ten cents per copy, or twelve for one dollar, orders to be sent to Miss C. Lucas, Sussex.

FREE!!

A Life Size Air-Brush and Crayon Portrait.

As a compliment to our many patrons and the public generally, and with a view to still further increasing our immense retail trade in this town, we will for a short time give every purchaser of \$10 worth of goods a

Handsome Life Size Air-Brush and Crayon Portrait

EARTHQUAKE IN SOUTH AMERICA.

2,000 Persons Were Killed or Wounded.

BUENOS AYRES, Oct. 29.—The New

York Herald's correspondent at Laraja, capital of the province of the same name, telegraphs that the city was ruined by Saturday night's earthquake. Churches, schools and public edifices are all thrown down. The people are all camping out in the neighborhood. The first shock came at 4.30 and lasted twenty-six seconds. The scene was a horrible one, women shrieking and fainting on every hand as the walls came crashing down. Two Sisters of Mercy were killed and many more are now entombed beneath the ruins. The governor fears the killed and wounded throughout the province must number at least 2,000, as many of the outlying towns also suffered greatly.

From San Juan the Herald's correspondent reports the shocks through the night, though they were of a less violent nature. Not a house in the town is without damage. It is reported that in various parts of the province the ground opened and a geyser of boiling water and mud spouted forth.

The village of Delarobordo has been completely swallowed up in huge gaps, which opened in the ground.

The national government was sending special trains with doctors, tents, food and every kind of assistance, as well as laborers to clear away the wreckage. La Prensa (newspaper) has opened a public subscription list and asks the Herald to appeal to the people of the United States for aid for sufferers. It is estimated at least 20,000 persons are homeless. South of Buenos Ayres only a light shock was felt. The wave appears to have passed away to seaward near the mouth of La Plata river.

A True Woman! Man's Best Friend.

A Perfect Picture.

"A soul as white as Heaven,"—Beaumont and Fletcher.

"A perfect woman, nobly planned, To warn, to comfort, and to command."—Wordsworth.
